Re. The New Inn Licence

I do object to the loud noise in the New Inn garden late in the evenings on Fridays and Saturdays in the summer. The music goes on until 11.30 with a reverberating beat and usually much noisy laughter these days. Of course I don't mind their laughing, but it's always quite raucous laughter. In the summer I need my windows open, so unfortunately I can hear the noise over my television or music I might be listening to. Our residents are elderly, needing their sleep so are not late to bed, 11.0/11.30 pm. is quite late enough for closing time. Please take note of this when granting any new licence.

Yours sincerely, [redacted]
