

## **Executive – 24<sup>th</sup> July 2008**

### **Agenda Item 16 – Recommendations of the Car Parking Working Group**

#### **Review of Proposed Traffic Regulation Order Changes across North Wiltshire**

The Car Park Working Group met on 23<sup>rd</sup> July 2008 to consider the proposed changes to the Traffic Regulation Orders across North Wiltshire and at their meeting reviewed each area of the district where proposed changes are recommended.

They made the following specific comments on the relevant areas:

##### **Chippenham –**

The changes to Monkton Park are welcomed although further study must be undertaken to ensure that traffic dispersed by the changes does not become a hazard. The residents of both Sadlers Mead and Esmead will strongly endorse the changes as they have lobbied for the changes for a considerable time.

The changes to the entrance to Charter Road were welcomed although a review was requested to ensure that visibility when exiting from Field View is not compromised.

##### **Corsham –**

All changes were agreed. No specific comments.

##### **Wootton Bassett –**

All changes were agreed. R Sanderson to speak to Cllr Wannell to ensure full support is given at Town Council to ensure the implementation is not delayed.

##### **Calne –**

All changes were agreed. No specific comments.

##### **Cricklade –**

All changes were agreed. No specific comments.

#### **Recommendations to the Executive:**

- (1) That a letter be sent to Wiltshire County Council formally agreeing the changes to the Traffic Regulation Orders as proposed above; and**
- (2) Request that a review where necessary is carried out in one year's time.**
