Dear Mr Batten,

**Re:- Road Traffic Proposals
 Catherine Street, Salisbury**

With reference to our letter dated 28th November, I am pleased to say that Mr Paul Shaddock called this afternoon and explained the proposed plans for Catherine Street to our satisfaction.

Yours sincerely,

F W A Sweasey,
 Director.

17 DEC 2003 Act
<i>[Signature]</i>

16th December 2003
GJG/LC/37

Dear Sir,

**PROPOSED SALISBURY AREA TRAFFIC ORDERS A TO O REF JM/TRO/REVIEW DATED
27TH NOVEMBER 2003, UPDATED ON 17TH NOVEMBER 2003**

With reference to the seventeen-page proposal, detailed above, we fully support this. The proposals to impose waiting and loading restrictions at junctions are particularly welcome, as illegal and inconsiderate parking in these areas hamper the safe and punctual operation of our local bus services. Appropriate enforcement of these restrictions, throughout their hours of operation, is essential, if they are to be effective.

We would particularly commend the proposal to remove the loading bay on the north side of New Canal, to the rear of Boots, which will permit traffic, including vehicles of up to twelve metres in length, operating local bus services, to pass a Park & Ride bus legitimately loading and unloading at the bus stop opposite. It is a matter of great concern to us that the drivers of our Park & Ride bus services are frequently abused and threatened by the drivers of vehicles who are prevented from passing the bus by vehicles wholly or partly parked in this loading bay.

Yours sincerely

G. J. Good
