The 'Cycle Wiltshire Brief 2014' was circulated. The presentation discussed how the local economy was supported by Wiltshire Council through events and networking opportunities for businesses. Events are to be planned for the future, including a major cycling event and a business dinner. 	Members agreed to approve the allocation of funding.
31	<p><u>Police and Crime Commissioner - Precept</u></p> <p>Kieran Kilgallen (Chief Executive of the Office of the Police and Crime Commissioner) consulted on the 2014/15 precept. Grants have been reduced by 23% and the funding gap will be £25M (including inflation) by 2016/17. Wiltshire and Swindon Police are one of the most efficient and low cost forces per capita in the country. The precept at present is very low, as well as being one of the lowest spending authorities in the country in relation to neighbourhood spending. There has been a 13% reduction in officers and 19% reduction in support staff since 2010. There has been a suggestion of a £3.15 increase to the precept per annum for a band D property rather than a referendum which would ultimately prove too costly.</p> <p>Wiltshire Police are one of the first police services in the country to start recruiting and there is a need to recruit more PCSOs as some have now become regular police officers. There is a need for investment into IT as it is currently not sufficient; an £8M investment is planned. Communications in Devizes will be upgraded as this will provide a better service to the public. Finally, a printed form for feedback was provided to improve the consultation process.</p> <p>Members asked about the OPCC finances and how the increased precept would affect local people. It was stated by Kieran Kilgallen that the Wiltshire and Swindon OPCC was not servicing any debt and had a reserve available. The sale of Corsham and Chippenham Police Stations was also discussed and how the funds raised would be spent. The continuing importance of the Police presence in Calne was emphasised by members.</p>
32	<p><u>Your Local Issues</u></p> <p>Councillors provided an update on community issues and progress on Calne Area Board working groups.</p> <p>a) Skateboard Park working group (Cllr Marshall) – It was noted that the installation of the CCTV system was progressing. The potential installation of a youth shelter on the site was also discussed.</p> <p>b) Highways working group (CATG) (Cllr Hill) – the report was noted by the committee. Funding was requested and approved for signage to protect footpath users from cyclists.</p> <ul style="list-style-type: none"> • Approve an assessment at the A4, Curzon Street near to Springfield School with regards to a pedestrian crossing. • Devolve prioritisation of 2 nominations for 20mph speed limit/zones to the CATG, conditional upon all Parish Councils being invited to
