1a **10/00444/FUL - Hangar 19, Colerne Industrial Park, Colerne, SN14 8HT - Change of Use from B8 to Live/Work & Associated Works**

The Committee received a presentation from the Case Officer setting out the main issues in respect of the application, recommending approval and drawing members' attention to the late items.

The Committee then asked technical questions after which they received statements from members of the public expressing their views regarding this application as follows:

Mr A. J Cook, a local resident, spoke in opposition to the application.

Mr N Bollen, a local resident, spoke in opposition to the application.

Mr Giles Brockband, the agent, spoke in support of the application.

Cllr Tom Hall, of Colerne Parish Council, spoke in support of the application.

On hearing the views of Cllr Sheila Parker, the local member, who spoke in opposition in principle to the application, but recommended conditions should permission be granted, the Committee discussed the application with

regard to the following key points:

- Principle of development
- Conversion of the building
- Creation of local employment
- Impact on highways
- Impact on residential amenity
- Impact on the AONB

On discussing the merits of the application, it was,

Resolved

To permit the application for the following reason:

The proposed conversion of this hangar is sympathetic to its character and the environment in which it is located and would preserve the natural beauty of the AONB. The provision of live/work units will diversify the employment offer at the site in comparison with the existing low density employment in the hangar. Due to the siting of the hangar it would not result in any overlooking or loss of privacy for adjacent residential units. Furthermore, views of the hangar and side and end elevations can be mitigated via landscaping. No noise and nuisance to the detriment of the amenities of existing or proposed residents would occur as a consequence of the development and it is not considered to be detrimental to highway safety. The proposal is thus considered to accord with Policies C3, C4, NE4, NE15, NE18, BD2 and BD6 of the Local Plan 2011.

And subject to the following conditions:

- 1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.**

Mr Simon Chambers, the agent, spoke in support of the application.

On hearing the views of Cllr John Thomson, the local member, who spoke in support of the application and after discussion by the Committee it was,

Resolved:

That listed building consent be refused for the following reason:

- 1. The proposal would cause harm to the curtilage-listed building by virtue of the alterations associated with reduction of the internal floor level, and introduction of the lean-to extension and 4 no. roof lights to the “front” (South West) elevation. The proposed alterations would not preserve the special historic interest of the listed building. It would therefore not be in accordance with the Planning (Listed Building and Conservation Area) Act 1990 or guidance set out in PPS5.**

And that planning permission be refused for the following reasons:

- 1. The proposal is tantamount to a new dwelling in the open countryside. It is in a location considered to be remote from local facilities and would not promote sustainable patterns of transport. It is contrary to policy H4 in the North Wiltshire Local Plan 2011.**
- 2. The proposal includes a substantial extension and intervention to the building. Insufficient information has been submitted to justify why the building could not be converted to other ‘preferred’ uses identified in the supporting paragraphs to Policy BD6. The proposal is therefore contrary to policy BD6.i, ii and iii in the North Wiltshire Local Plan 2011.**
- 3. The proposal would cause harm to the curtilage-listed building by virtue of the alterations associated with reduction of the internal floor level, and introduction of the lean-to extension and 4 no. roof lights to the “front” (South West) elevation. It is therefore contrary to policy HE4 in the North Wiltshire Local Plan 2011 and the advice contained in PPS5.**
