BEPHENDING SERVICE
 The befriending service helps to give emotional support by making new friends with local volunteers who visit them regularly.
 Our volunteers really enjoy the contact and this can vary from a chat in the street & home, a trip out for a coffee, or going along to a local community event. It just depends on the people involved, like any relationship.
 It is important to link people who will enjoy each other's company and the befriending support Worker will match you carefully to ensure this happens.
 Volunteers will receive training and ongoing support as well as travel expenses.
 Would you like to volunteer or do you know anyone who would like a visit?
