### **Update**

The planning application for the Chippenham skate Park has been submitted and is currently with the planning department.

Consultation responses have been received from members of the public and statutory consultees. The Environment Agency (flood risk and drainage), Public Protection (noise) and Heritage have all requested further information and/or objected to the scheme in its current form. The main contractor has is reviewing the responses in order to clarify how best to overcome the issues. This will likely to take circa 2 months and require revised plans to be submitted to the planning department.
