Area Board	Trowbridge	
Form submitted by (contact for all queries)	Chrissy Adenaike WAYs Project Co-ordinator	
Name of initiative	Wiltshire Alternative Sports Hub Development	
Brief Description of Initiative	Working in partnership with Active Trowbridge and mappin current provision locally has identified a clear need for alternative sports club in Trowbridge. Development of a alternative sports hub in Trowbridge. The project will use this to all young people in Trowbridge. The project will use this to reach out to young people giving them something to do evening thus combating anti social behavior and giving somewhere to participate in alternative sports weekly. project activities will allow young people to meet new people stay healthy by participating in a minimum of one ho physical activity a week. The project will also enable y people to learn new skills and build on existing skills. Ther be volunteering opportunities at the clubs and young leader opportunities at forums. The young leader-volunteering pro will make the club sustainable as these young people that w trained in the varying sports can then go ahead and delive sports for the club. Gaining experience. As the hub focu alternative activities, they therefore target many young p who would not usually participate in traditional team s Often young people involved in alternative sports are isolated and less socially engaged than team sports players so this project will be promoting inclusion and helping to de new outlets for socially isolated young people. WAYS will in partnership with Trowbridge Active and both organization be managing and developing the club.	or an new ports s hub in the them The e and ur of roung re will ership gram vill be er the us on eople ports. more s and velop work
Please put a cross

that this initiative will		

	Safer communities	
	Protecting the environment	
	Action for Wiltshire – combating the recession	
Amount of funding sought	£ 5900	
What will this money be spent on? (please show split between capital and revenue. For capital expenditure guidance – see Appendix 1 in the Bid Pack)	All of the money will be revenue costs:	
	<ol> <li>Facilities – in kind support from John of Gaunt</li> <li>Coaches- £3000</li> <li>Equipment- £ 250</li> <li>Travel expenses- £800</li> <li>Promotional material- £150</li> <li>Trip Subsidies- £ 1000</li> <li>Young leader project- £500</li> <li>Management of club- in kind support</li> <li>Miscellaneous - £200</li> </ol>	School
Please describe how your initiative will support the ambition(s) indicated above, and summarise the action that will be taken	<ul> <li>Lives Not Services</li> <li>This project will considerably contribute to the health and wellbeing of young people invol activities provided through it. Many young people in alternative sport are those who are disenge mainstream sports. Consequently, without physical activity they are prone to developing lifestyles. This could increase the chances of coronary heart disease or diabetes as well a self-esteem, energy levels and the 'feel guassociated with involvement in exercise.</li> <li>By engaging young people in regular altern sessions, the project will provide young p positive healthy activities and give them the op learn new skills and achieve. This could lead within sport as a volunteer or coach if the maintained and life skills learned that will play in career and life development.</li> <li>The development of independent alternat activity centres will allow young people to tak new and exciting project that will be relati accessed. All of which contribute to greater op in their lives and a sense of belonging, id wellbeing.</li> </ul>	ved in the ple involved gaged from ut regula sedentary developing as reducing ood' facto ative sport eople with portunity to on to roles interest is a large role tive sports to part in a vely easily oportunities
	<ul> <li>Activities provided on a regular basis for youn alternative sports can contribute to reducing</li> </ul>	• • •
	PRG Area Board	

	<ul> <li>behaviour in local areas. Projects tend to be delivered in partnership with local youth development service workers and at the time of the day that would see most anti social behaviour perpetrated. Therefore by delivering activities to counter this will</li> <li>a) Attract young people who are not engaged in other sports and consequently at a higher risk of committing anti social behaviour.</li> <li>b) Enable youth development workers to work more closely with these young people in an environment that suits the young person.</li> <li>c) Engage hard to reach young men who are often the same group who engage in antisocial behaviour, and divert their activity into constructive channels e.g. away from free-running in inappropriate areas to proper parkour training.</li> </ul>
	Building Resilient communities
	<ul> <li>This project would only be successful with partnership working. Therefore it will require differing organisations across Wiltshire to work together in order to make it successful.</li> <li>The project will promote opportunities across both the voluntary and statutory youth work sector and will provide volunteering opportunities for both young people and people within the wider community.</li> <li>The main aim of the hubs is to promote inclusion for all and allow people within the community to get involved in both the running and the development of the hubs.</li> <li>Development of the alternative sports will allow young people to succeed at school as it allows them to develop new skills and build on existing skills. Developing stronger resilient young people. It also allows them to participate in positive activities whilst socialising and having fun. The sports promote teamwork and effective communication.</li> </ul>
What makes this initiative a local priority (eg evidence from research and local support)	Throughout the past 3 years there have been numerous alternative sports projects in Trowbridge, including rock it ball and indo boarding at the John of Gaunt, Clarendon and St Augustine's Secondary Schools. These have been successful projects. National research conducted by Bath and Gloucestershire University Departments as well as international research shows a clear growth in alternative sport and teenagers wishing to engage in it. Furthermore, it has been proven to engage the children and young people that do not usually engage in mainstream activities creating a social environment for those children to engage in. There is local support through Active Trowbridge who will be heavily involved in all aspects of the project. The School Sport Partnership Coordinators are also firmly behind the project and believe it
	Application form

	will complement and create an evening pathway for the current alternative initiatives running within the schools. The success of the Tidworth and Pewsey Alternative sports Hubs show that there is a clear need for alternative positive activities for young people in Wiltshire to engage in.
	There is a clear need for alternative sports in Wiltshire based on the number of young people who turn up to our alternative sports taster sessions. In 2009/2010 alone we had 759 young people attend taster sessions that we organized and over 250 attend our current existing alternative sports clubs.
	A recent Tomorrow's Voice survey (surveying 1695 young people) showed that 43% of young people would like engage in alternative sports. Over 65% of young people requested an external professional to lead these sessions and between 20-23% expressed interest in alternative sports coaching, umpiring or event volunteering.
	There is clear need for alternative sports due to increased number of sports unlimited bids through schools to run 6-8 week alternative sport sessions.
	There has also be a growing interest in Alternative sports across Wiltshire as expressed in the Wiltshire Skate Jam series facebook site having attracted over 250 young people in its first 10 hours of launching. The recent Wiltshire Skate Series attracted over 150 contestants and 200 spectators.
	The demand from local organisations and schools for alternative sports coaching courses also signifies that there is an increase in need for alternative sports coaches providing activities for young people.
	Since its launch 3 years ago T2A has had over 100 young people attending sessions and has become so popular that we actually have to turn people away. We want to train more coaches so that we do not have to turn away any young people.
How will you know you have been successful?	Success will be measured by quarterly figures and an increase in numbers annually. Success will also be measured by an increase in regular activity sessions.
	Success will also be measure by the number of young leaders trained in order to increase the suitability of the club.
<ul> <li>How will you measure the impact? (may have more than one measure)</li> </ul>	<ul> <li>Evaluation forms</li> <li>Video evidence (production of a DVD)</li> <li>Attendance registers with participation data</li> <li>Tomorrow's voice survey</li> <li>School Sports Partnerships Data</li> </ul>
