Speeding within village communities is a serious problem as it puts everyone at risk. The Flashing Signs are versatile and have been proved to slow down traffic speeds and are effective when they are implemented in a particular area for short periods of time . Drivers sometimes drive too fast without realising it and the signs make them immediately aware that they are breaking the law. The 20-70 mph Roundel Display gives versatility to flash "Slow Down" as well as the speed of the vehicle so the signs could be used in high risk areas, such as outside schools or residential homes.

The whole Community Area will benefit people from every age and gender. The signs can be moved around to address any specific speeding problem within the communities.

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

If the Melksham Area Board provides the Initial Capital Outlay to purchase the signs, Melksham Police, who have the necessary expertise will then be able to hold and maintain them. They are operable either using a post mounted battery box or using an internal mains transformer. The Capital Cost Outlay is the main expense.

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference.

The parishes of Keevil, Steeple Ashton West Ashton and Bratton put in an earlier application for a SID and so are not applying now. (Melksham Town has indicated support subject to support from the Area Board) All the parishes will benefit from the Police being better equipped as equipment will be pooled and shared. At present there is not enough equipment to meet demand.

The Parishes will work with the Police and the Community Safety Partnership to inform where there is a speeding problem and to let the Police know of any feedback. The Scheme will be monitored by comparing data prior to use of the Signs, during the period when they are in situ and then after the event.
