2 – Your project					
In which community area does your project take place? (Please give name – see section 3 of the grants pack)		Southwest Wiltshire Area			
Does your town/parish council know about your project?		Yes ⊠ No □			
What is your project?		A refurbishment and upgrading project at the Village Hall, comprising:			
Important: This section is limited to 300 characters only (inclusive of spaces).		(1) Installation of new doors to improve heat insulation and security.(2) Installation of stage lighting and purchase of modular stage equipment.			
Where will your project take place?		Bowerchalke Village Hall			
When will your project take place?		Jan-Feb 2012			
How many people will benefit from your project?		450			
How does your project demonstrate a direct link to the community plan for your area?		We do not yet have a formal Community Plan, but the Parish Council and Village Hall Committee agree this project is a key objective for early 2012.			
Please provide a reference/page no.					

What is the link between your project and other local priorities? e.g. Priorities set by your area board and parish plans. This project will directly support the following local priorities: a busier and more varied programme of community activities, open to all, at the Village Hall; and thereby promote creativity, learning and practical skills development among all age groups. How did you discover there was a need for your project and how will your project benefit your local community? Inportant: Please do not type in paragraphs – This section is limited to 1200 characters only (inclusive of spaces) The Village Hall is our only remaining community facility. All residents acknowledge the need to maintain and invest it in. (1) The recent replacement of the heating system, wholly funded from our own resources, and a subsequent survey, have highlighted the need to improve the building's heat insulation. The ordinary poorly fitting, liminary doors are the main problem and require replacement. (2) Record intertainment events have confirmed the need for us to have our own stage lighting and modular stage equipment, rather than continue with the unsatisfactory approach of trying to hire them from elsewhere. We consider these improvements to be an important and necessary investment, of immediate and direct benefit to the whole community. Any other information about your project. Having examined 2 quotations for each part of the project, we assess: (1) The bid from Spire Class Ltd to represent the best option for the replacement doors. We also feel that despite the extra cost involved, we must choose the green colour, because of the need for the new doors to 'go with' the existing external appearance and internal décor of the hall. (2) The bid from Stagecart Ltd to offer the best value for the stage lighting and modular stage equipment. The hall is too small for a permanent stage to be a realistic option. 3 - Management How many people are involved in the management of your group/organisation? 10 Of these, how

If you were not awarded the full amount	t requested, what would	d be the impact on your project?					
Depending upon the amount awarded, we would still hope and aim to complete the project by additional fund-raising within our community, if necessary re-scheduling the work over a longer period.							
How will you know whether your project	et has made a difference	e in the community?					
We will receive direct feedback from our residents, whom we consult on a regular basis. As their comments about draughts and the need to improve heat retention, as well as the need for our own lighting and stage equipment, have helped us define the project requirement, we are confident that its completion will make a big difference to them.

7 - Equalities and Inclusion – Wiltshire Council is committed to ensuring that its work through the Area Boards benefits all sections of our community and promotes equality and inclusion. To assist us in assessing how your application aims to meet our commitment to equality and inclusion, please provide a brief answer to the following:	
 a) How does your project work to either (a) promote equality and access to services/facilities, and/or (b) reduce disadvantage? 	
This project will support a wider range of low-cost and no-cost village activities open to all residents. By improving heat retention and enhancing the scope for entertainment, it will be of particular benefit to our elderly and disabled members, who regularly attend our functions and events.	
b) How does your project work to promote inclusion, participation and good community relations?	
This project will encourage wider participation and attendance at hall events from the whole community. We welcome and 'induct' new and temporary residents and encourage them to involve themselves from the outset.	ł
c) Is your project targeted at a specific group? If yes, please tick any of the following which apply	
☐ Under 25's ☐ Over 50's	
☐ Mostly or all men/boys ☐ Mostly or all women/girls	
☐ Specific minority ethnic groups (please state which groups)
