

COMMUNITY AREA TRANSPORT GROUP
SMALL-SCALE TRANSPORT AND HIGHWAY IMPROVEMENT SCHEME
RECOMMENDATIONS

Purpose of the Report

To put forward for approval recommendations from the meeting of the 26 June 2012 Community Area Transport Group.

1. Background

- 1.1 Due to the complexity of assessing and selecting schemes from the many requests, and the potential time that such an agenda item would take, each Area Board was requested to set up a Community Area Transport Group (CATG) to make recommendations to the Area Board
- 1.2 In 2012/13 Trowbridge Area Board has been allocated £15,354 discretionary budget to involve them in the assessment and selection of small-scale transport schemes and other Highways matters to be progressed in their community area.
- 1.3 It should be noted that this allocation is for capital funding and can only be used to provide new and improved infrastructure. It is to be used for schemes that improve safety, increase accessibility and sustainability by promoting walking, cycling and public transport, and improve traffic management. It cannot be used to fund maintenance schemes; these are selected using technical surveys and inspections. In addition, it cannot be used to pay for revenue functions such as the funding of bus stops.

2. Main Considerations

- 2.1 It was agreed to recommend to the Area Board that £330 is allocated to fit an SDR to measure traffic on West Street in response to the ongoing issue of West Street being used as a rat run.
- 2.2 It was agreed to recommend to the Area Board that £2,850 is allocated for dropped kerbs on Sherborne Road and Widbrook Meadow, Trowbridge in response to requests relating to disability/mobility access.
- 2.3 It was agreed to recommend to the Area Board the allocation of a SID to Horse Road, Hilperton.
