Dear Miss Brailey

## **RE STREET LIGHT SWITCH OFF APPLICATION**

The Parish Council recently consulted with all the Residents in Wilsford with regard to the Street Lighting in the village, following a request to do so.

We canvassed every house in the village with the choice of options as follows:

1. For the street lights to remain as existing (coming on at dusk and going off at dawn)
2. For the street lights to be turned off between approximately midnight and 5am
3. For the street lights to be turned off completely

We received responses from 25 out of the 35 households canvassed, out of which 18 chose option number 2. The Parish Council supports the introduction of such changes following this consultation.

Yours sincerely

Mary Gillmore – Vice Chairman  
Charlton St Peter & Wilsford Parish Council
