It is the TCAP Coordinator's task to research the local area needs.</p> <p>A number of community events will also be put on and these will be open to the whole of the community area. CAP meetings are advertised on the TCAP website. Feedback from members of the local community regarding the work of the Coordinator and TCAP has been extremely positive and events that have taken place have been very well attended.</p>
<p>Communication <i>"To engage and communicate systematically with all sections of the community and to maintain a contacts register of key organisations and volunteers."</i></p>	<p>Communication is through the wide membership of the TCAP quarterly meetings, the TCAP website that is currently being revised, local radio stations and the local press. Area Forums are also organised to enable the local communities to voice their views, which can then be forwarded to the Local Area Boards. The TCAP Coordinator is actively engaged in visiting town and parish councils, local organisations and attending public meetings and events. TCAP now has a website which is very well maintained and informative. There is no newsletter produced. The local press and media are used to provide information and feedback on events in the community area.</p>
<p>Consultation <i>"To consult widely on a range of community issues and hold public engagement events and activities."</i></p>	<p>TCAP intends to reinstate local forums, the Coordinator has visited local groups and organisations and as a whole TCAP encourages the involvement of residents in the way forward. There will be a variety of surveys produced to consult the community. TCAP AGM is being reinstated and there will be on-line questionnaires on the TCAP website. The surveys and questionnaires will work towards updating the community plan.</p>
<p>Community Planning <i>"To prepare and regularly review a community plan that takes into account major issues affecting the area and to develop an action plan and identify projects to address these issues. This will be done in consultation with the wider local community, in order that it properly represents their concerns and aspirations".</i></p>	<p>The quarterly management meetings and the thematic group meetings continue. The Community Plan is currently being revised and surveys are in the process of being distributed within the Community Area. Some have been filled in and returned and we wait for the return of the rest before we can collate the information. The Coordinator will engage with Wendy Higginson regarding youth issues in the Community Area and is looking to get an active youth member on TCAP. The CPCG has been reinstated and the thematic groups now have a clear way forward to achieve the requirements for the new Plan.</p>
<p>Local action <i>"To champion local issues and help with the planning and delivery of priority projects, including fundraising and community volunteering where these meet the priorities of the community plan."</i></p>	<p>To encourage local action to address the community plan priorities there will be a consultation event and a number of surveys for the local people to take part in to identify community plan priorities. We will also use information gained by our partners ie local police priorities. Members of the public will be encouraged to join thematic groups and these will identify and encourage action to address the community plan priorities.
