Wiltshire Police are compared against a group of 8 most similar forces. Wiltshire Police have performed in line with peers and better than average for Violence Against the Person and Domestic Burglary in the previous 12 month period (October 2011 -September 2012).

* Detections include both Sanction Detections and Local Resolution

The crime figures below show continued good performance with reported crime across all crime types being lower, than when compared to figures this same time last year.

This is good news for Tisbury and the surrounding villages.

The local police continue to focus on the local priorities identified but we are also particularly active in tackling those suspected of offending in Wiltshire after travelling from further afield.

Close working relationships with our colleagues in Dorset and Avon and Somerset is vital when sharing intelligence and information. Criminals clearly don't operate within specific Police Force boundaries.

It is also important to develop and maintain relationships within our communities, individuals and local businesses often provide important community intelligence which is vital when piecing together police investigations.

I continue to encourage and seek help from the public in reporting any suspicious vehicles or individuals, if it is felt that either are loitering longer than they should, are in locations where they really have no reason to be, or are specifically known to be involved in criminality.

Full registration numbers/colours of cars and descriptions of persons are the most important details.

Information can be passed directly to the NPT officers via the 101 number or their relevant NPT email address.

Anonymous information can also be passed via Crimestoppers.
