# 7. <u>Local Authority Responsibility for Public Health</u>

The Area Board received a presentation from Amy Bird, Public Health Consultant, and viewed a DVD about the service. Amy explained that the public health team moved from the NHS to Wiltshire Council on 1 April 2013. The team facilitated and promoted healthy behaviours, environments and practices to ensure populations remained healthy. They also managed infectious diseases and ensured health resilience.

The following issues were discussed:

- How the public are made aware of public health campaigns. It was noted that information about future campaigns would be published by the Council's Communications Team on a quarterly basis and copies of the publication would be made available at future Area Board meetings.
- Updates surrounding the on-going issue of 'bed blocking'. The Cabinet member for Public Health, Protection Services, Adult Care and Housing explained that there was still a problem with 'bed blocking', however, the situation was improving and he was pleased to report that there were no delays in transfers from the RUH, Bath during the last week.

The Chairman thanked Amy for a very informative presentation.

# 8. Community Area Joint Strategic Assessments

The Area Board received a presentation from Amy Bird, Public Health Consultant who provided an update on the Community Area Joint Strategic Assessment –JSA - 2013-2015.

Amy explained that this was the second round of community area JSAs with the first JSA being produced in late 2011 with community events in early 2012. The JSA for 2013-15 had been commissioned by the Wiltshire Public Services Board and had been presented to the Chair's of the Area Board at a meeting in June 2013.

It was noted that the JSA would use evidence to understand the issues at a local level, make comparisons with 2011 and see where any changes had taken place, add new chapters around leisure and culture and would be produced in a more user friendly format.

The Area Board were informed of some of the differences between the original JSA from 2011 and the current version. Some of the differences included a fuller executive summary for community events, making issues bespoke to each community and engagement with the Youth Advisory Board.

Community events were being organised from January 2014 with an event for the Warminster area on 1April 2014 at the Civic Centre. There was a possibility that meetings could be organised for the outlying areas of Warminster if the local communities made a request.

The Chairman thanked Amy for the presentation.
