SECTION 2: WHAT ARE YOU PLANNING TO DO?

What will your project/activity involve?		
<p><i>Use the box below to say why/how you identified the activity, what you want to do, where, when and how you plan to do it. The more detail you give us the better. Please use a separate sheet if you need to.</i></p> <p>We are concerned about the misunderstanding between young and older people in Sherston. We would like to do an art project to bring together groups of young and older people in shared activities to build relationships and break down barriers. We would like to run intergenerational arts workshops in the Easter holidays. There will be a workshop every afternoon from 2-4pm during the first week. We can have a maximum of 60 people at each session, 30 young and 30 older people. We will use recycled materials from Wiltshire Scrapstore in the art work. There will be a large range of possible activities to get involved in from multi-media, to fashion design, sculpture, painting and designing. We will work with the council's arts development officers who have agreed to help us organise and find leaders for the workshops. We will also work with Age UK to promote the workshops to older people's groups in the area and advertise it in the 'Cliffhanger'. We will promote the workshops to young people with posters in school, at assembly and on Facebook.</p>		
How long will the project last?	Start Date: Monday 2 April 2010	End date: Friday 8 April 2012

SECTION 3: FINANCE

Overall cost of the project	
<p><i>Please give us a breakdown of what you intend to spend the money on. Please make your cost breakdown as detailed as possible. Use additional paper if this is needed.</i></p>

SECTION 4: MONITORING AND EVALUATION

What methods will you use to tell us how your project went?

Ideas may include a report, diaries, photographs, a display, a video, a website, a newsletter, etc. Remember, if you said you were going to learn something, how will you show us that you have learnt it?

During the workshops the groups will have created some art work that can be displayed in various public spaces such as the library. We will write up a short description of the project and what we have learnt from it to put next to the art work. During the workshops we will take photos and collect people's reactions. We will feed these back to the area board after the project has finished.

Other Information

If there is anything else you would like to tell us about your project please use the space below.

Intergenerational means people of different ages working together. We hope this project is an opportunity for communities to combine their knowledge and skills to work on a creative project that will culminate in a great ending. You will be able to work with experts, learn new skills and develop existing talents, all with people that will give you a fresh perspective on how you view things! This project is about looking at what you think and how it compares to what others think, and we will do this in loads of fun and creative ways so you can learn new things and also share your skills with the group. It will be a great opportunity to think about how people in Sherston get on together and to try to break down any barriers or stereotypes that young and older people may have about each other.

THANK YOU
