Note\*

In April 2011 Wiltshire Council implemented charges for its pre-application advice in relation to development control. It was agreed to review these charges following their implementation, this review took place but the fees above were never implemented in 2013/2014. It is now proposed that these charges be introduced for 2014/2015. This new charging regime better reflect the work undertaken in answering the queries and makes it easier for customers to understand. Some fees have been increased significantly, some new charges have been introduced though there are also a number that have been frozen.

**BUILDING CONTROL FEES & CHARGES**

Service Area  
Associate Director

Development Services  
Alistair Cunningham

The charges outlined below have been set on the basis that the building work does not consist of or include innovative or high risk construction techniques and/or duration of the building work from commencement to completion does not exceed 12 months.

The charges have also been set on the basis that the design and building work is undertaken by a person or company that is competent to carry out the relevant design and building work. If they are not the work may incur supplementary charges.

Some alterations and extensions to existing buildings to provide or improve facilities for disabled persons are exempt from charges. For details and advice please contact us.

The costs associated with these licences will be met by central Government. If, however, the licence also authorises the use of the premises for the supply of alcohol or the provision of late night refreshment, a fee will be required for those activities.
