

**Chairman's announcement
One Stop Shop for Your Heart
Chippenham Area Board 28-Apr-14**

This event will take place on Thursday 15th May, 10.00am-3.00pm at Stanley Park Chippenham. Lunch provided.

There are already a number of public access defibrillators installed in the Chippenham Area, but there is a need to raise awareness and for full geographical coverage, particularly in the more rural locations where emergency services may have slower response times.

The event will be open to representatives of communities and organisations who wish to learn more about defibrillators.

It will be supported by British Heart Foundation, Community Heartbeat Trust, St John Ambulance, Wilts Fire & Rescue, and other partners. The programme will include the following:

- How to perform CPR
- Demonstration of defibrillator
- General information on Automated External Defibrillators (AEDs)
- Information and advice on installation of AEDs, funding sources, possible planning considerations, ongoing maintenance & costs, liability
- Opportunities for practical individual support and networking

There are a limited number of places remaining, if your organisation would like to send a representative or for more information please contact Alison Butler alisonbslaughterford@hotmail.com 07590 806 719
