2. Main Considerations

2.1. Councillors will need to be satisfied that funding awarded in the 2019/2020 year is made to projects that can realistically proceed within a year of it being awarded.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors will need to be satisfied that the applications meet the Community Area Board grants criteria.

3. Environmental & Community Implications

6. Human Resources Implications

There are no specific human resources implications related to this report.

8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

9. Applications for consideration

Application ID	Applicant	Project Proposal	Requested
3658	Ashton Keynes Village Hall	New Exterior Lighting Around Ashton Keynes Village Hall	£1781.40
Project Description: Exterior lighting around the hall is a concern from health and safety and security. We have received feedback that - not enough light is being provided sensors are not responding quickly			

enough there is insufficient or no emergency lighting on exterior fire exits cabling is open to the elements when it should be in exterior containment. The majority of external lighting is very old and attempts to fix it have resulted in a mixture of additional issues one being that one of the lights is on permanently. This project aims to provide enough light in required areas whilst being mindful of nearby properties.

Input from Community Engagement Manager:

The project meets the 2019/20 area board funding criteria.

Proposal

That the Area Board determines the application.

Application ID	Applicant	Project Proposal	Requested
3512	MVCAP	The Hello Network	£3682.02

Project Description:

The Hello Network will provide an easily accessible information database about local groups activities and events principally for older people to help tackle loneliness and social isolation. This will be a website with a blog and Facebook feed, but importantly paper copies of the information will be available as there are many older people who do not have access to the internet. The written information will be sited around North Wiltshire in appropriate venues so that older people can find out what is going on and become more involved in community life and so promoting their greater health and wellbeing.

Input from Community Engagement Manager:

The project meets the 2019/20 area board funding criteria. It should be noted that the matched funding element of this project is documented as unconfirmed.
