Local Priorities & Updates

Priority	Update
Rural Thefts/Burglaries	Recent activity has highlighted a continued concern with thefts from farms and rural buildings. This has ranged from thefts of agricultural equipment through to livestock. Often, these offences are linked to serious cross border criminality and as a result Wiltshire Police are actively engaged with Operation Ragwort on a regional basis. Locally, we continue to offer crime prevention advice and engagement, as well as proactive patrols to deter.
Beauty Spot thefts	As we enter into the summer months, each year we typically see a spike in thefts from Beauty spots and key locations- proactive work including posters and comm's, as well as targeting proactive patrols and known offenders.
Community Visibility	The Neighbourhood Team continue to drive community visibility across a range of areas, from supporting community speed watch activity through to active engagements. Physical engagements have included villages, foot patrols and hot spot locations, with an online presence through an 'online chat Q and A', and active session delivered to Parish Councils.
Licensed premises	As the Euro's football tournament is underway, we will be undertaking licensed premises checks and engagement with licensed premises stakeholders/partners to support and ensure a safe environment for all.

Upcoming Improvements to Local Policing

On 24 November 2023 we announced a series of changes to improve local policing services. This includes:

Changes to our Response Policing Team operating model

- Moving from 5 teams to 4 teams and changing to a different shift pattern – this provides greater operational resilience whilst matching resources to demand levels
- Reducing the number of hubs that Response Teams start and end their shifts from – teams will continue to patrol and police the same geographic areas and emphasis will be focused on ensuring that our response times will not increase
- The number of police stations the public can access is not changing and there are no changes to Neighbourhood Policing locations – an interactive map has been developed which can be accessed via our website
- The changes within our Response teams is the result of extensive engagement with our officers since July 2023. We have also been working with members of our communities and seeking their views through a dedicated Independent Advisory Group.
- The new Response shift pattern and hub model will launch in January 2024.
- We've also looked at how we can make better use of our Control Room resources to reduce Response Team demand so that they can focus on responding to the public. Our Community Investigation teams are now managing more investigations, removing just under half the overall demand for investigations from Response teams. This work will make a huge difference and help improve our response service.

Upcoming Improvements to Local Policing

Introduction of Community Commitments

A document that outlines to our communities what they can expect from us in terms of the service we provide them with. This includes

- How we will engage with communities through face-to-face events and our online channels
- How we will keep them informed on local policing activity
- How we will work with communities on key issues
- How we will broaden our reach across communities

The Community Commitments will help provide greater transparency and consistency and will provide a means by which the public can hold us to account for local service delivery.

The Community Commitments will launch in January 2024.

WILTSHIRE POLICE
COMMUNITY COMMITMENT

Our mission: Keeping Wiltshire Safe

Our priorities:

Safer public spaces	Violence	Burglary
---------------------	----------	----------

Neighbourhood Policing Teams will:

ENGAGE REGULARLY WITH COMMUNITIES BY HOLDING FACE TO FACE EVENTS

- We will hold at least one public meeting / surgery per month, giving you a chance to meet your local team and find out more information on local policing priorities, crime stats and engagement opportunities
- We will advertise our public meetings and surgeries on the **Your Area** section of the Wiltshire Police website and on local Neighbourhood Policing Team social media channels and, where possible, community messaging
- We will ensure every engagement opportunity is recorded so we can ensure we are meeting our commitment to you
- We will hold regular face to face meetings and events with a wide range of community groups such as businesses, faith groups, youth groups, residents' associations
- We will bring policing out to your community, through proactive use of the Mobile Police Stations.

ENGAGE REGULARLY THROUGH ONLINE CHANNELS

- We will actively use local Neighbourhood Policing Team social media channels to engage with our communities
- Every Neighbourhood Policing Team will host quarterly Facebook Live events
- We will exchange information with those signed up to our Community Messaging alert system via email, text or phone and continue to promote this free service to new members.

@AmesburyPolice

PUBLISH INFORMATION ON YOUR LOCAL TEAM, LOCAL PRIORITIES AND UPDATE ON ACTIVITY

- We will provide you with information, so you know who your local Neighbourhood Policing Team is
- We will publish monthly local priorities on the **Your Area** section of the Wiltshire Police website and, through our regular engagement with you, we will consult you when we are setting them
- We will provide community updates on activity being carried out to help tackle local priorities
- We will ensure intelligence-led visible patrolling in local communities, at least once a week, responding to local policing issues and concerns
- We will publish local policing updates, wherever possible, in community magazines / newsletters or bulletins.

CONSULT AND ENGAGE WITH COMMUNITIES ON KEY DECISIONS

- We will ask the public to take part in questionnaires and surveys to build information and intelligence
- We will provide visibility at Parish Council meetings and, in the absence of physical attendance, will provide a written update. We will also support a programme of additional meeting attendance through Area Boards or Community Safety Groups
- We will action feedback, concerns or complaints - and tell you what action has been taken. If we cannot help, we will help signpost the public effectively
- We will work closely with our partners, such as local authorities and parish and town councils, and community representatives i.e. businesses, faith groups, schools to tackle community issues
- We will work closely alongside local watch schemes to enable strong partnerships between the police and communities
- We will consult regularly with our Independent Advisory Groups (IAGs) to ensure they have a voice as a critical friend.

INCREASE AND BROADEN OUR ENGAGEMENT ACROSS NEED TO REACH COMMUNITIES

- We will build Community Beat Profiles for each of our Neighbourhood Policing Team to help us better understand the specific communities within our local areas
- Where appropriate we will engage with specific community groups and those living and working in particular geographical areas about those issues that are important or impact most upon them
- We will work with young people and our partners in education settings to help improve safety, reduce reoffending and, along with relevant other agencies, offer support to those who need it.

Introduction of two additional neighbourhood engagement vehicles to our fleet

Funded by the PCC, these long wheelbase vans will be converted for use by our Neighbourhood Policing Teams as 'mobile police stations' - doubling our existing neighbourhood engagement vehicles from two to four. This will increase policing visibility across our communities and provide opportunities to offer crime prevention advice to keep Wiltshire safe. The new vehicles are currently being prepared ready to go on the road in early 2024.
