<u>Agenda Item No.</u>	<u>Summary of Issues Discussed and Decision</u>
1	<p><u>Welcome and Introductions</u></p> <p>The Chairman welcomed everyone to the meeting of the Salisbury Area Board and invited the members of the Board to introduce themselves.</p>
2	<p><u>Apologies for Absence</u></p> <p>Apologies for absence had been received from:</p> <ul style="list-style-type: none"> • Cllr Brian Dalton
3	<p><u>Minutes</u></p> <p><u>Decision</u> The minutes of the meeting held on Thursday 15 September 2016 were agreed as a correct record and signed by the Chairman.</p>
4	<p><u>Declarations of Interest</u></p> <p>There were none.</p>
5	<p><u>Chairman's Updates</u></p> <p>Air Quality Action Group meeting next week – update will follow next time.</p> <p>Cllr Tomes Congratulations to Bemerton Heath Harlequins Club, as they had been awarded the Community Club of the year award by the Salisbury Journal.</p>
6	<p><u>Information items</u></p> <p>The Board noted the updates attached to the agenda from Healthwatch and the Clinical Commissioning Group (CCG).</p>
7	<p><u>Local Youth Network (LYN)</u></p> <p>The Board received an update from Karen Linaker, Community Engagement Manager, on behalf of Rebecca Richards from the LYN Management Group, following its last meeting held on 1 November 2016. A copy of the actions from that meeting were attached to the agenda.</p> <p>Three recommendations for funding arising from that meeting were then considered by the Board.</p>

	<p><u>Decision</u> The Salisbury Area Board awarded the following Youth Budget Grants for 2016/17:</p> <ol style="list-style-type: none"> 1. Life Rocks CIC - £1,000 towards their project to run cajon drum sessions. 2. Wiltshire Mind - £750 towards the running of a Peer Support Group. 3. Salisbury Schools Art Exhibition - £500 towards the Exhibition.
8	<p><u>Community Policing Update</u></p> <p>Inspector Pete Sparrow gave an update on matters relating to the use of Bourne Hill, as requested at the previous meeting. He also gave the latest Community Policing Update. These updates and one from the Police and Crime Commissioner were circulated at the meeting, and are attached to these minutes.</p> <p>The Updates included the following:</p> <ul style="list-style-type: none"> • 19 new Cadets had started the previous week. These volunteers would be meeting weekly. • Community Messaging – sign up to this service to receive regular updates on what is going on. • A Green Travel Plan was being created. • There was now a divided workforce, with teams briefing together online from separate locations. This needed to be resolved so Officers were in the same building together at the start of their shifts. • Some issues had been raised through the recent Bourne Hill planning application by residents. 5 letters were received in objection; the Police had met with the residents to reduce their concerns. • There was no custody unit in Salisbury; prisoner transport units were available to take people to Melksham. • Thieves had been targeting jewellery and cash recently; Police had made 2 arrests in Harnham, with the suspects now released on bail. One further person was arrested this week, and had since been released with no charge. • Officers continued to investigate criminal damage to vehicles, thought to be caused by a catapult type weapon.

- There had been a marked improvement to the levels of new graffiti around Salisbury following 4 arrests.

Inspector Sparrow asked whether the Board could put together a letter on behalf of the community on what impact the recent spate of graffiti has had on them.

Action: CEM to liaise with the Board to produce a response.

Questions and Comments were then received, these included:

- The Graffiti culprits should be the ones made to clean it up. Answer: To use community resolutions would be suitable for people who had admitted to what they had done, however for those who did not, it was down to the court to decide. Also some of the damage equated to several thousand pounds, so it was necessary for us to deal with each case on its own merits.
- Steve Godwin - The BID was interested in the situation of the graffiti, as the BID rangers were recently out with Serve-On and removed all the ring road graffiti. Businesses had been feeling quite vulnerable over past few months. The Police manpower reductions stated were quite high. BID would be reporting back to Inspector Sparrow if it saw a rise in crime as it would affect our purple flag status. Answer: The cuts had been across all areas, but majority from back office staff. Streamlining the process with the removal of several ranks in the structure. This was a very different workforce than was the case 20 years ago.
- The parking issue in College Street was a serious issue for residents around Bourne Hill. A physical issue which needed to be sorted. There were 10 spaces which could be brought into use, some with ivy growing in them and 2 for pool bikes for green travel plan. Answer: Raise this with your local Councillor and we will take this forward.
- When the Police station was on the Wilton Road, there had never been any complaints from residents. The problem would smooth itself out in time. It was better to have the police in the city rather than sitting in Amesbury.
- There seemed to be a lot of small scale, low level antisocial crime at the moment. Answer: The important thing was that all crime should be reported. Staffing was at a critical level, which meant that the police were not able to be as visible as they used to be. Unless they were told which areas needed additional cover, they did not always know where they need to be.
- Was there a timeframe when you expect to fill these vacancies? Answer: There was a natural waste through retirement; there were four new

	<p>Officers due to start after November. Work was underway to get the vacancies filled as quickly as possible.</p>
<p>9</p>	<p><u>Launch of new Neighbourhood Watch Initiative</u></p> <p>Mike Davidson, Chairman of Wiltshire Neighbourhood Watch (NHW), spoke about plans to re-launch Neighbourhood Watch in Salisbury, and how this was strongly linked with new Community Policing structures and the Community Messaging scheme.</p> <p>On Saturday 26 November an open forum would be held at Five Rivers Health & Wellbeing Centre, from 1.30pm. People were urged to come along to this event where the aim was to pull all of the Services together and to promote the Community Messaging service.</p> <p><u>Questions and comments included:</u></p> <ul style="list-style-type: none"> • Was this different from the Neighbourhood Tasking Group (NTG), and would that be continuing? <u>Answer:</u> The NTG meeting would be re-launched in January. There was now an opportunity to look at it a fresh. NTG was different than NHW. It was felt that the Chair of the NTG should not be a member of the Police, and the function of the Group was to engage with the community. • What was different between NHT and NHW? – <u>Answer:</u> The Group hoped to get Council representatives into the NTG to ensure the views of the community and views of the police and working together were brought forward. The Chair and secretary were both now from the community and the police feed into the meeting.
<p>10</p>	<p><u>Cyber crime in Salisbury</u></p> <p>Police Sergeant Paul Harvey, Strategic Support Officer, spoke on the topic of scams and gave advice on how people could best protect themselves from the risks of cyber crime.</p> <ul style="list-style-type: none"> • A scam is a scheme to con people out of their money. Other names for a scam include fraud, hoax, con, swindle, cheat. • Each year millions of people in the UK fall prey to scammers. • Estimates put the total cost to consumers at £73 billion with losses to mass-marketed scams alone of £5 billion. • Most victims don't report scams – surveys have found reporting levels as low as 5 per cent. • The impacts are huge: some people lose their life savings. But victims also suffer emotional trauma, can become depressed, lose the confidence to live independently and can suffer long-term health problems as a result.

Types of scams include:

Investment scams

Generally targeted at the 55+ age group and often sophisticated enough to lure in even experienced investors. Also called “boiler room” scams because they use high pressure sales to create a sense of urgency, they may offer shares, or a range of investment “opportunities” including wine, overseas land investments, precious metals and gems. Average losses reported by Citizens Advice: £20,000.

Courier scams

Usually start with an unsolicited telephone call or text advising that a bank fraud has been detected. The scam is completed when the caller attends the victim’s home or uses an innocent courier to collect their bank card. Your bank will never call at your home to collect your cards.

Computer software service scam

Victims are cold called and told that there is a problem with their computer. They are talked through the logon steps so the fraudster can gain remote access to the computer, for which they charge “fees” and gain access to personal and financial information. Most common scam reported to Citizens Advice Consumer Service in 2015-16. 40% of these refer to Microsoft Windows.

Advance fee scams

Scammers get people to send money for a range of dodgy or non-existent goods and services – or to collect lottery “winnings”.

You can find out more about current scams on Action Fraud’s website: www.actionfraud.police.uk

Things to remember:

- If you haven’t bought a ticket – you can’t win it.
- You shouldn’t have to pay anything to get a prize.
- Contacted out of the blue – be suspicious.
- Say no to cold-call investments and pensions reviews.
- Your bank will never phone you to ask for your PIN or your online banking password.
- Genuine computer firms do not make unsolicited phone calls to help you fix your computer.

GET advice from the Citizens Advice consumer service 03454 04 05 06. If it is a scam this will automatically be reported to trading standards.

REPORT scams and suspected scams to Action Fraud on 0300 123 2040

If debit cards, online banking or cheques are involved, contact the bank or credit card company.

TELL family, friends, neighbours so that they can avoid scams.

Comments and Questions were then taken, these included:

- The Salisbury BID was interested in how it could best get this message out to businesses in Salisbury? Answer: We aim to form 4 working groups; young people, businesses, Parents and carers and the wider police community, so make contact with us and we will involve you.
- The NHW association was heavily involved in tackling cyber crime and getting the message out to the community. But at what stage was it a crime? If you deleted an email that you know is a scam, then it's not a crime. Answer: It needed to be more of an attempt for it to be a crime. If you can cascade information out through NHW then that was good. Action Fraud was a good service, for information on current scams.
- The Chairman noted that it was important on how we put the message out to protect the older people. Adding that there were a couple of banks doing good work at providing free information on scams.
- Age UK also had leaflet about scams. They are also involved with future working groups.
- Central Government had announced huge investment into cyber crime across the UK, was this national or at a local level? Answer: That money would not be seen at a local level. Most of the funds would stay in the Metropolitan Police and not come to Wiltshire.
- Cyber crime was computer based, but there was also a lot of telephone fishing that takes place. Did your work cover that also? Answer: Cyber crime was any digital media, which included phones. You could speak to your phone provider to get these calls blocked as you can bar certain numbers.
- How was the information being conveyed to young people? Answer: We have literature geared up for younger people.

On the 14 December - a one off Multi-agency Planning meeting with all partners would be held, with an aim to nominate members to attend a quarterly Cyber Crime Prevention Delivery Group. At this week's meeting it was suggested and agreed that a facilitator could embolden partners to nominate meeting members for the delivery group as well as focusing priorities and objectives. The purpose of this planning meeting will be to identify target audiences and gain "buy in" from Partners as well as to identify strategic objectives for the Delivery Group. These Strategic objectives will be delivered against a multi-agency prevention

	<p>action plan. The plan will contain the four key strands to cyber prevent namely, parents and carers, young people, businesses, Progress will be reported back to the quarterly Prevention of Harm Board to update on progress. This can then be channeled back into the Community Safety Partnership Boards. This format should assist with information sharing across the county, tying in with each partners strategic objectives without increasing workload through the as the addition of more meetings.</p>
11	<p><u>Improving non vehicular links around Salisbury</u></p> <p>Pam Rouquette informed the Board on work the Salisbury Area Greenspace Partnership (SAGP) was carrying out to map out the non-vehicular routes in and around Salisbury, so that future development plans can be much better informed by a local policy which seeks to promote improved sustainable connectivity between developments and neighbourhoods.</p> <p>The aims and objectives of the Group include:</p> <ul style="list-style-type: none"> • To provide a strong local voice for greenspace in Salisbury and the surrounding area' • To identify the importance of greenspace to the landscape setting of the city and show how its river valleys, chalk hills and linking greenways define its identity. • To create digital maps of existing greenspace and green infrastructure so that we know what we've got now and can identify gaps and missing links. • To influence planning so that as Salisbury grows greenspace and green infrastructure provision is given the priority it deserves. <p>SAGP Connectivity Focus Group</p> <ul style="list-style-type: none"> • Members represent COGS, the Cycling Opportunities Group, Walking for Health, Bemerton Activity Trails, Civic Society, South Wilts. Biodiversity Group, Wiltshire Council and Salisbury City Council. • The Overarching Aim: To develop a connectivity strategy which would provide a comprehensive network & hierarchy of safe traffic-free routes for people, while also providing benefits for wildlife. It would be incorporated into Supplementary Planning Guidance for all new developments. <p>The Group had identified three potential strategic routes in Salisbury and Wilton.</p> <ul style="list-style-type: none"> • Fuggleston Red to 5 Rivers H&WB Centre – entirely off road

	<ul style="list-style-type: none"> • Longehedge to Laverstock – round to the east, Southampton Road and Salisbury District Hospital (SDH). • Fuggleston Red to Bemerton, Harnham and SDH. <p>The Groups concerns were that Salisbury’s new housing developments were progressing without adequate provision for green infrastructure being required by developers. Some of these developments were outside the Salisbury Community Area but would have a significant impact on traffic and air quality on radial routes into the city and within the city centre.</p> <p>The Chairman took the opportunity to thank the Group for the huge amount of work these volunteers had put in to map the routes. He felt that it was absurd that a development the size of Longehedge, had been allowed to take place with no provision of permeable and non vehicular routes.</p> <p>Q – Mary – thanks for all your hard work, what can we do to be useful? A – we can endorse this work. And ask its adopted as soon as possible. We have some useful strategic maps.</p> <p>Q – RR – many big developers now are having private roads, the residents will control the maintenance, upkeep and the highways. We have been told by developers that this is what they are moving to nationally.</p> <p>Q – Colin – I went to the RoW office in Wilton, I am against getting rid on= green lane that have been there for years.</p> <p>Pam – Its the links from each development to other developments, not so much the roads within the estates.</p> <p><u>Decision</u> The Salisbury Area Board agreed to endorse the work of the Group and ask for it to be adopted</p> <p>Sarah Hughes</p>
12	<p><u>Partner and Community Updates</u></p> <p>The Board received the following partner and community updates:</p> <p><u>Salisbury City Council (SCC) - Reg Williams; City Clerk:</u></p> <ul style="list-style-type: none"> • On Friday 11 November there would be a Remembrance Day parade organised by the British Legion, from 11am at the Guildhall square – all welcome. The main service would be held on Sunday 13 November, starting with a parade from the Guildhall square, leading on to New Canal.

- The Christmas Lights switch on would take place on Thursday 17 Nov, with guest appearance by Joey Essex.
- The Christmas market would start one week later.
- A Salisbury flood plan had now been adopted, with £18,000 of funds secured.
- £76,000 had been secured to start the clear up process with an enhanced street cleaning scheme.
- The Salisbury Bunker project was now underway and on time, with the aim of completing this after Christmas.

Dorset and Wiltshire Fire & Rescue Service – Louis Minchella

Louis announced that this was his last meeting for the Salisbury area, as he was moving areas. His colleague Tom Brolan would take over in Salisbury the following week.

A written report was circulated at the meeting.

Officers had been working with primary schools on projects linked to the Great fire of London on the curriculum for KS1 & KS2 children. If other schools or groups would like the education advisers to visit, then go to the website to make contact so that a visit could be arranged.

Medical practices across Salisbury were pushing the agenda of home safety and the Safe & Well scheme. The team in Salisbury were making visits to assess people's homes. If anyone was interested in having a visit could complete a leaflet.

The response figures for the last period show there had been 351 calls for first appliance and 148 for the on call appliance.

There had been a successful recruitment evening in September, with several possible new candidates coming forward.

The number of calls to false alarms up to the end of October 2016, was 5570 call outs, with 2000 actual visits.

Salisbury Business Improvement District (BID) - Steve Godwin:

The BID was entirely funded by businesses, and worked within the city ring road, to support all of the businesses. There were two BID Rangers which covered the City in a small vehicle, by going around to places the statutory services could not get to.

The BID, Salisbury City Council and the Area Board each gave £10k towards the project to purchase and install new waste bins around the city, which had now made such a difference.

Pubwatch had met earlier that day, members of this were all very proud of the Purple Flag award, which meant that Salisbury had been declared a safe vibrant city from 5pm to 5am. This year the assessors would be coming down on 3 December 2016, to survey the city and meet with partners.

The BID was planning on sending Christmas cards to 70,000 homes this year in a bid to promote Salisbury as a place to visit. The areas targeted would include Basingstoke, Winchester, Warminster, Trowbridge and Southampton. The idea was to draw people in from surrounding areas, to come and spend money in our pubs, restaurants and retail areas.

The planned Christmas market was a good opportunity to spend some money.

Community Engagement Manager – Karen Linaker:

Staying Healthy this winter

NHS Wiltshire CCG is urging people to keep warm and well this winter, especially as the nights are starting to draw in and the temperature is dropping.

The cold can have serious consequences as it can increase the risk of strokes and heart attacks as well as causing people to catch colds and flu. Wrapping up warm, keeping the heating turned up, making sure you have enough winter food supplies and keeping a well-stocked medical cabinet in case you do catch a cold or flu are all sensible steps to take.

What to keep in your medicine cabinet

Painkillers
 Aspirin, paracetamol and ibuprofen are highly effective at relieving most minor aches and pains.

Antihistamines
 Useful for dealing with allergies, insect bites and hay fever.

Oral rehydration salts
 Oral rehydration salts can help restore your body's natural balance of minerals and fluid lost through diarrhoea, fever, and vomiting - if you can't continue your normal diet.

Indigestion treatment
 If you have stomach ache, heartburn or trapped wind, a simple antacid will reduce stomach acidity and bring relief.

Anti-diarrhoea tablets
 It's a good idea to keep anti-diarrhoea medicine at home as diarrhoea can happen without warning. Causes include food poisoning and a stomach virus.

Suncream
 Keep a suncream of at least factor 15, with UVA protection. Exposure to the sun can cause sunburn and increase your risk of skin cancer.

In Wiltshire, there are numerous ways to get healthcare advice and treatment. Consider all the options available to help you make the right decision about where to go if you need treatment.

NHS 111: free non-emergency number | trained call handlers will listen to your symptoms and direct you to the best medical care for you | 24 hours a day, 365 days a year

GP out of hours: 6.30pm - 8am on weekdays and all day at weekends/bank holidays | call your GP to access the service | call 111 if you urgently need medical help, but it's not life-threatening

Minor Injuries Unit (MIU): treat minor injuries that are not life-threatening e.g. cuts, bites and simple fractures | Trowbridge x-ray: 9am - 1.30pm and 2pm - 5pm | Chippenham x-ray: 9am - 12.30pm and 1pm - 5pm

Pharmacist: experts in medicines | advice on common ailments | potential alternative to a GP visit | opening hours vary, for your local hours visit: bit.ly/YourPharmacy

GP: see a GP if you have a condition that can't be treated with over the counter medication or advice from a pharmacist | for your local GP details visit: bit.ly/My_GP

A&E: for genuine life-threatening emergencies only | 24 hours a day, 365 days a year

Area Board Update - December 2016

Healthwatch Wiltshire is a local independent organisation which exists to speak up for people on health and care. If you have used a service recently then we would like to hear from you. We use what people tell us when we meet with the commissioners and providers of services to make sure that they take account of your views and experiences.

What are your views, and experiences, of care at the end of life?

Over four thousand people die each year in Wiltshire and most are older people who had been living with a chronic condition. More people in Wiltshire are dying at home or in a hospice. With only 'one chance to get it right' it is vital that the right services exist and meet people's needs including unpaid carers. Healthwatch Wiltshire has been supporting NHS Wiltshire Clinical Commissioning Group and Wiltshire Council to find out people's views and experiences in order to refresh the Wiltshire End of Life Care Strategy. A report based on our engagement and to inform the new strategy will be published in the New Year. Contact us to find out more and to share your views of health and care services.

Accessing Your Care Your Support Wiltshire (YCYSW)

The YCYSW information directory is aimed at adults who want to find out about health and social care in Wiltshire. Local information can help you make choices, e.g. whether you're looking after an older relative, or managing a long-term condition yourself that affects your ability to do some of the activities of daily living.

However, some people can't or don't want to go online. That's OK, there are plenty of ways to use the internet without having to take a course or buy a computer or smartphone. Libraries have internet access and people to get you going; the kids and grandkids can show you how; health or social care workers who come to see you can access the internet at the office, and sometimes on the go.

Chairman's Announcements

Subject:	The Rural Crime Partnership for Wiltshire and Swindon
Officer Contact Details:	PC 1945 MARC JACKSON or Secretary Joe Power joe.power@wiltshire.pnn.police.uk

The Rural Crime Partnership for Wiltshire and Swindon (hereafter 'the Rural Crime Partnership') has been established by Wiltshire Police in consultation with the Police and Crime Commissioner (PCC) for Wiltshire and Swindon. The partnership aims to provide governance for, and oversee the delivery of the rural crime strategy. It provides coherence, direction and guidance to the delivery and apportionment of rural policing resources across the county in the context of the Community Policing Model.

The Rural Crime Partnership is chaired by the Head of Crime Prevention, Supt Phil Staynings of Wiltshire Police.

For the purposes of the Rural Crime Partnership, rural crime is defined as "crime that specifically targets and exploits agriculture, wildlife, the environment and heritage".

The government's own statistics identify 97% of Wiltshire's land area as being 'rural' in nature. Rural crime cost Wiltshire businesses and communities £800,000 in the last financial year. National Farmers Union data suggests that rural crime cost the South West region £6.1m in 2015, and year-on-year reporting indicates that this figure increases by 3% annually. Intelligence suggests that a majority of this crime – particularly rural burglaries, theft of agricultural machinery, livestock and metal theft – is Organised Crime.

The aim of the Rural Crime Partnership is to reduce the number of victims of rural crime; improve the confidence of rural communities in reporting crimes knowing that action will be taken; and to reduce offending and re-offending.

The partnership is made up of members from a number of organisations including the National Gamekeepers' Organisation, the National Farmers' Union, and the Country and Land Business Association.

Wiltshire Police encourage all of the rural communities to sign up for their free messaging system, Wiltshire and Swindon Community Messaging. Community Messaging is a system where local officers and their press office send out local police and crime updates by email, text and voicemail. You can sign up for free by visiting www.wiltsmessaging.co.uk. Several recent policing operations have resulted in real successes across rural communities, and we intend to maintain these operations going forward.

You can help. Be aware of rural crime and what constitutes it. Report it – on 101 the non-emergency number, or 999 if there is a crime currently in progress. Subscribe to the Community Messaging system. Volunteer to work with Wiltshire Police in the rural crime area, or perhaps join the Rural Crime Team as a Special Constable.

Members of the Area Boards are cordially invited to the next meeting of the Rural Crime Partnership, and further details can be sourced through the Secretary – joe.power@wiltshire.pnn.police.uk or josephlukepower@gmail.com

Chairman's Announcements

Finally, the Rural Crime Partnership serves the County as a whole, and specific policing issues should continue to be addressed through your Community Coordinators in the first instance.

Local Youth Network Management Group Meeting

Notes Record template

Area	Salisbury				
Date	14/12/2016	Times	6.30pm	Venue	Five Rivers Health & Wellbeing Centre
Present	3 young people, Peter Williams, Karlene Jammeh, Karen Linaker, Annie Scadden				
Apologies	Ricky Rogers, Mary Douglas, Carolyn Stammers				
Agenda Items					
1	Elect a new Chair and Vice Chair				
2	Grant Applications				
3	Discuss Youth Transition Group Development				
4	Recruiting New Members				
5	Date of Next Meeting				
Decisions					
1	Rebecca Richards was elected as Chair of the LYNMG. Phillipe Riches was elected as Vice Chair				
2	Grant Applications (please see attached report and below)				
3	The group discussed how to put together a youth wing of Salisbury Transition City. The steps to work towards this would include an evening to view "Home" a compelling documentary about climate change, and then a simple programme of events to include opportunities for young people to express a view and debate climate change and the Transition movement, and to develop projects to change people's behaviour for the sake of the environment. It was also hoped that links with schools could help to bring this topic into the classroom somehow.				
4	The group agreed that it would be good to explore the scope of inviting new young people to take part in the LYNMG from the local youth chamber, police cadets group, national citizenship scheme and from the contacts involved in the development of the Salisbury Youth Festival				
5	Date of Next Meeting: 13 th February 2017, 6.30pm – Five Rivers HWC				
Recommendations to Area Board					
1	Youth Festival – recommend £2500 for the reasons stated in the attached report.				
2	Parkour Park – recommend £2000 for the reasons stated in the attached report.				
3	Child Contact Centre – recommend £4000 for the reasons stated in the attached report

Report to Salisbury Area Board
Date of meeting 5 January 2017
Title of report Youth Grant Funding

Purpose of the Report:

To consider the applications for funding listed below together with the recommendations of the Local Youth Network (LYN) Management Group.

Applicant	Amount requested	LYN Management Group recommendation
Salisbury Arts Centre	£2500	£2500
Salisbury City Council	£5000	£2000
Salisbury Child Contact Centre	£5000	£4000

1. Background

The recommendation from the LYN Management Group has been made in accordance with the following guidelines:

- Leaders guidance for Community Area Boards on Positive Activities for Young People
- Positive Activities for Young People local Youth Network Terms of Reference
- Positive Activities Toolkit for Community Area Boards

Young people have considered this application and identified it as a priority for Area Board funding.

2. Main Considerations

- 2.1. Councillors will need to be satisfied that Youth Grant Funding awarded in the 2016/2017 year are made to projects that can realistically proceed within a year of it being awarded.
- 2.2. Councillors will need to decide and be assured that young people and the community will benefit from the funding being awarded and the project/positive activity proceeding. The application should meet the identified needs, priorities and outcomes for young people in the areas, as identified in the LYN Needs Assessment and Strategic Plan.
- 2.3. Councillors will need to ensure measures have been taken in relation to safeguarding children and young people.
- 2.4. Councillors will need to ensure that young people have been central to each stage of this Youth Grant Funding application.

3. Environmental & Community Implications

Youth Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

4. Financial Implications

Financial provision had been made to cover this expenditure.

5. Legal Implications

There are no specific legal implications related to this report.

6. Human Resources Implications

There are no specific human resources implications related to this report.

7. Equality and Inclusion Implications

Ensuring that Community Area Boards and LYNs fully consider the equality impacts of their decisions in designing local positive activities for young people is essential to meeting the Council’s Public Sector Equality Duty.

8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children and young people. The Locality Youth Facilitator has assessed this application agreed it meets safeguarding requirements.

9. Applications for consideration

Application ID	Applicant	Project Proposal	Requested
ID378	Salisbury Arts Centre	Salisbury Youth Festival	£2500
<p>Project description Several organisations are coming together facilitated by the Salisbury City Council Community Development team to create a 5 day Youth Festival in Easter 2017. This grant request is for Salisbury Arts Centre to provide a range of free creative activities at the skate park in Churchill Gardens. This outreach work is in addition to the youth work already taking place at the Arts Centre and therefore needs to be funded separately. The main focus will be Parkour Dance and Graffiti Art. As well as drop in workshops there will be an opportunity for local dance leaders to update their skills.</p>			
<p>Recommendation of the Local Youth Network Management Group That the application meets the grant criteria and is approved for the amount of £2500.</p>			

Application ID	Applicant	Project Proposal	Requested
ID379	Salisbury City Council	Parkour Park	£5000
<p>Project description Parkour is a relatively new sport which started in France during the 1980s and has become increasingly popular over recent years. It is a sport that is practised by young people from the former Salisbury Xtreme club as well as various other groups of young people. This project involves building a Parkour course so that young people are able to practice this sport in an environment that is safe for not only for them and also other members of the public. As this will be the first course in Wiltshire it will attract young people from across Wiltshire and wider counties.</p>			
<p>Recommendation of the Local Youth Network Management Group That a contribution is made to this project from the Youth Budget of £2000. This contribution would cover the £1700 revenue costs in the project, and includes a small capital contribution. The board is also asked to consider contributing additional funds from its capital budget.</p>			

Application ID	Applicant	Project Proposal	Requested
ID2164	Salisbury Child Contact Centre	Running costs in 2017/8	£5000
<p>Project description</p> <p>The Salisbury Child Contact Centre offers a safe and neutral place for children of separated families to meet the non-resident parent to enable children to develop and maintain positive relationships with non-resident parents and other family members. The children who attend the Salisbury Child Contact Centre are children who may not have seen or had contact with a parent for some considerable time. Children that come to the centre are referred by the Courts Solicitors Childrens Services or CAFCASS and have witnessed relationship breakdown between parents which can include Domestic Violence and / or Drug and Alcohol Abuse.</p>			
<p>Recommendation of the Local Youth Network Management Group</p> <p>The group felt strongly that a contribution should be made to this local service, based on the justification that its early intervention impact was sufficiently significant to warrant an exception to the standard guidance for the allocation of the youth budget, i.e that it should be to fund a positive activity for 11-19 year olds. The young people on the group really felt that such early intervention measures would help ensure that, even if the young people benefiting from this service were outside of the 11-19 years age band, the impact would strengthen their chances of facing a more stable and happy time as a teenager and beyond.</p> <p>Whilst minded to recommend the full £5000, the group, on balance, felt that is should recommend £4000, in order that the youth budget could retain just over £6000 for spend at the March 2017 meeting.</p>

WILTSHIRE COUNCIL

SALISBURY AREA BOARD
5th January 2017

Salisbury Public Spaces Protection Order

1. Purpose of the Report

- 1.1. To raise awareness of the expiring Designated Public Place Order within Salisbury in 2017 and the need to consider a replacement with the new Public Spaces Protection Order.

2. Background

- 2.1. On 20th October 2017 all current Designated Public Place Orders (DPPOs) will expire unless by that date the order is renewed and converted into the new provision of a Public Space Protection Order (PSPO). The new PSPO can include several elements such as alcohol control, dog control and right of way restriction. There are currently eight DPPOs in Trowbridge, Salisbury, Chippenham, Devizes, Warminster, Durrington, Calne and Malmesbury. Therefore all the current DPPOs have to be considered for conversion.

The start of the process requires gathering evidence to satisfy several tests:

- Is the proposed area within the Wiltshire Council Authority area?
- Is there any anti-social behaviour or crime occurring in the proposed area which is having, or is likely to have, a detrimental effect on the quality of life of those within the locality?
- Is this anti-social behaviour or crime likely to be of an unreasonable, persistent or continuing nature?
- Do any of these issues justify the restrictions imposed by the notice?

Once the evidence has been gathered and a PSPO has been identified as the preferred option, a mandate is sought from the area board to establish a working group who will undertake the consultation and subsequent drafting of the order. The working group will be made up of a range of partners relevant to each area and led by Wiltshire Council, Public Protection.

3. Main Considerations

3.1. On 18th November 2016 a meeting was held with Salisbury City Council, Salisbury BID, Wiltshire Police, Wiltshire Council teams; public protection and licensing. The purpose was to consider a list of desired PSPO conditions that should be considered and evidence sought for. These included:

- Stopping street drinking
- Motor vehicle nuisance

At this stage the above behaviours are very much a 'wish list' and are not evidenced.

4. Implications

4.1. Environmental Impact of the Proposals

There are no negative impacts on the environment foreseen. To be reviewed regularly.

4.2. Financial Implications

There are minimal financial commitments in applying for a PSPO. The costs include advertising draft orders and the design and installation of signs within the PSPO area. It is anticipated that these costs will be shared with partners.

4.3. Legal Implications

The creation of a public space protection order will last for 3 years. The breaching of a PSPO is a criminal offence enforceable by the Police. A convicted breach is punishable with a level 3 fine (£1,000) although most breaches will be dealt with by way of a fixed penalty notice.

4.4. HR Implications

There are no HR implications.

4.5. Equality and Diversity Implications

None foreseen, to be reviewed regularly.

5. Recommendation

It is recommended that:

- The Area Board mandate a PSPO working group lead on evidencing and consulting on possible conditions to be contained within the order.

WILTSHIRE COUNCIL
SALISBURY AREA BOARD

5 January 2017

**Salisbury 'Our Community Matters'
Local priorities for action**

1. Purpose of the Report

To update members on the outcome of the 'Our Community Matters' Joint Strategic Assessment event held on 1 December 2016 and to recommend that the Area Board endorses the outcomes.

2. Background

The Salisbury 'Our Community Matters' event was held on 1st December 2016 at Five Rivers Health & Wellbeing Centre. Around 100 members of the public and partner agencies attended and participated in the event, which focused on the data set out in the [Community Area Joint Strategic Assessment 2016-17](#).

The JSA brings together the results of research conducted by the major agencies and public sector bodies in Wiltshire over the last six months. The project was initiated by the Wiltshire Health and Wellbeing Board and the Wiltshire Assembly. These bodies will use the priorities emerging from the events to focus and support strategic projects, activities and services across Wiltshire.

Participants at the events used the data to inform themed roundtable discussions and to identify local priorities underpinned by the research. All participants had the opportunity to vote on the priorities and the results are set out in this report. Following agreement on the priorities, the themed roundtables then looked at practical community-led actions that could be taken to address the issues identified.

The purpose of the event was to:

- Gain a consensus around priorities for the area
- Provide the basis for community-led action and projects over the next two years
- Develop a community plan for the area
- Provide the Council and partners with a clear focus for local actions

The Area Board is now invited to review the priorities and agree how it wishes to initiate and coordinate action working with partners, community groups and the public.

3. **Priorities identified**

The following documents set out the outcomes of the meeting and the priorities identified:

- Online video - [achievements over the last two years](#)
- Appendix 1 - conference presentation, including
 - summary of issues identified by the research
 - priorities agreed at the event
- Appendix 2 – potential projects identified

4. **Moving forward with community-led action**

To address the priorities, the Area Board will need to use its strategic influence and delegated powers to shape the delivery of local services and actions. It will also need to use its delegated resources to facilitate and support community-led projects. Some of the actions will be easier to address than others and it is important to target areas where tangible outcomes and progress can be delivered. This will help to capitalise on the enthusiasm and momentum generated by the event.

It will be up to the Area Board whether it wishes to champion a particular issue or theme over the next year and to target resources to support community-led initiatives around these themes and issues.

5. **Recommendations**

- (1) That the Area Board adopts the priorities identified by the 'Our Community Matters' event and works to facilitate local action to tackle those priorities.
- (2) That the Area Board requests the Local Youth Network, the Health and Wellbeing Group and the Community Area Transport Group (and any other local task groups established by the Board) to adopt and take forward the priorities identified in the relevant theme areas.
- (3) That the Area Board requests the Community Engagement Manager to work with key partners, agencies and community groups to coordinate action around the priorities identified.
- (4) That the Board considers whether it wishes to champion a particular theme or priority and to earmark funding to promote, initiate and support

community-led action around the selected priorities.

- (5) That the Board considers appointing a lead member to champion any priority (priorities) adopted.
- (6) That reports are submitted to the Board on progress made to address the priorities to ensure that positive outcomes are delivered and that this be made a regular item on future Board meetings.
- (7) The Area Board expresses its thanks to the people who gave their time to participate in the event.

Report to	Salisbury Area Board
Date of Meeting	05/01/2017
Title of Report	Community Area Grant funding

Purpose of the report:

To consider the applications for funding listed below

Applicant	Amount requested
Applicant: Salisbury Child Contact centre Project Title: Salisbury Child Contact Centre View full application	£5000.00
Applicant: Salisbury Stingrays ASC Project Title: Salisbury Stingrays New Timing Pads View full application	£1500.00

1. Background

Area Boards have authority to approve Area Grants under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the [Area Board Grants Guidance](#)

[The funding criteria and application forms](#) are available on the council's website.

2. Main Considerations

2.1. Councillors will need to be satisfied that funding awarded in the 2015/2016 year is made to projects that can realistically proceed within a year of it being awarded.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors will need to be satisfied that the applications meet the Community Area Board grants criteria.

3. Environmental & Community Implications

Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

4. Financial Implications

Financial provision had been made to cover this expenditure.

5. Legal Implications

There are no specific legal implications related to this report.

6. Human Resources Implications

There are no specific human resources implications related to this report.

7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

Community Area Grants will give local community and voluntary groups, Town and Parish Council's equal opportunity to receive funding towards community based projects and schemes, where they meet the funding criteria.

8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

9. Applications for consideration

Application ID	Applicant	Project Proposal	Requested
2164	Salisbury Child Contact centre	Salisbury Child Contact Centre	£5000.00
Project Description: The Salisbury Child Contact Centre offers a safe and neutral place for children of separated families to meet the non-resident parent to enable children to develop and maintain positive relationships with non-resident parents and other family members. The children who attend the Salisbury Child Contact Centre are children who may not have seen or had contact with a parent for some considerable time. Children that come to the centre are referred by the Courts Solicitors Childrens Services or CAFCASS and have witnessed relationship breakdown between parents which can include Domestic Violence and/or Drug and Alcohol Abuse.			
Input from Community Engagement Manager: This application has been considered by the Local Youth Network Management Group, who fully support the request, and were minded to grant the full £5000 from the Youth Budget – the costs involved being all revenue rather than capital. On balance however, in order to retain just over £6000 in the Youth Budget to fund grants at the March 2017 meeting, the LYNMG concluded that a contribution of £4000 should be the recommendation to the board.			
Proposal That the Area Board determines the application.			

Application ID	Applicant	Project Proposal	Requested
2137	Salisbury Stingrays ASC	Salisbury Stingrays New Timing Pads	£1500.00
<p>Project Description: Salisbury Stingrays ASC needs 5 new digital timing pads which connect to the starters box and when swimmers touch the pad at the end of the race they directly link to the digital display score board recording each swimmers individual time. These are essential pieces of equipment for the ASA standard swimming galas the club hosts at Five Rivers throughout the year. The old style of pads only last 5 years before requiring replacement and 5 have stopped working recently. The new style of pads have a far longer life span and wont require replacement for at least 20 years.</p> <p>Input from Community Engagement Manager: This is an application for capital funding. The board has just over £1.3k remaining in its capital budget for 2016/7, and may also wish to top up the contribution to the Parkour Park application, which the LYNMG has recommended £2k towards.</p> <p>Proposal That the Area Board determines the application.</p>

13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?

Salisbury Child Contact Centre assists children of separated families to maintain contact and develop positive relationships with their non-resident parents where there has been parental conflict. Contact with a non-resident parent and other family members is important to a child in meeting both their psychological and emotional needs. Studies have shown that children can encounter more difficulties in life such as emotional or behavioural problems if they don't have a good relationship with both parents. Children are naturally unsettled and concerned by family break up and getting attention from parents and carers after separation and having regular contact with them in a safe supported neutral environment on a regular basis away from potential conflict helps improve a child's psychological well-being. It also supports the development of a child's self-confidence and self-esteem and gives them freedom to have and enjoy these important relationships. Our centre focuses on supporting the child to spend time with that parent. We know that if contact is loving and positive the child will experience approval feeling unique and special to that parent thus improving well-being and self-esteem. The child in a contact session is kept safe and supported at all times. There may be concerns about child safety during contact so the centre is able to ensure that contact is benefitting the child or stop contact all together if appropriate. The centre can also offer reassurance to the resident parent that their child will be safe and supported at all times too. By facilitating ongoing dialogue between both parents we are able to work effectively to reduce any ongoing parental conflict and to help parents move on and to work together in the best interests of their child. We also offer support in the development of future contact plans outside the centre and also Parenting Plans where both parents have maintained parental responsibility to ensure that the child is their main focus. In light of the research on children of separated parents we also know that the social health and economic outcomes of a child can improve

greatly through positive on-going contact with a non-resident parent and other family members. Whilst it is the child who is the main beneficiary of our services the side effect of this provision is also supporting the parents so they can become better at parenting that child.

14. How will you monitor this?

We are unable to monitor the longer term impact on a child's psychological well being etc. from positive interaction with their non-resident parent however plenty of national studies have demonstrated that this is the case. However we do monitor and evaluate the quality and impact of contact on the child during sessions. These are very difficult times for both the child and parents and as a result monitoring outcomes is a combination of factors. 1. The first being gathering evaluation and monitoring forms for both parents and children on completion of contact orders. 2. In addition at each session families are observed and assessed on behaviour and interaction with the child and the child's interaction and relationship with the parent. 3. Over time a Non-Resident parent's interaction with the other resident parent where contact is permitted. 4. Participation of both parents in the development of parenting plans for the benefit of the child. 5. Number of families that do not return to us e.g families have been able to agree and maintain contact beyond the centre without conflict.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The SCCC is not a one off activity or project. It is a service we intend to carry on delivering as long as we can continue to secure funding and generate some income. We have been reviewing our financial sustainability and as a result of this in April 2016 we introduced fees to parents accessing the contact centre service. This includes pre-assessment interview fees plus contact sessions fees. Whilst these don't cover the full costs of providing the service to a family it goes some way to reducing the amount the contact centre has to secure through other funding channels. To date we also receive some funding from CAF/CASS annually. In 2015/16 we received 3000. Our annual operational running costs in 2015/16 were approximately 14000 which averages out at 636 per family based on 22 families last year. We would continue to apply for small amounts of funding from other charitable organisations and trusts.

16. Is there anything else you think we should know about the project?

11. Have you or do you intend to apply for a grant from another area board within this financial year?

No

12. If so, which Area Boards?

Salisbury

13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?

Salisbury Stingrays is Salisburys only amateur swimming club drawing from a 20 mile radius. We currently have swimmers coming from Pewsey Warminster Broadchalk Tisbury Redlynch Amesbury and Larkhill. The club has over 200 members in 5 competitive training squads for ages 8 - 18 a competitive Masters squad age ranging from 19 - 85 a Learn to Swim section and 2 competitive Water Polo squads. At Five Rivers the club currently hosts 3 galas a year our own Spring meet County competitions for Masters league events for Wiltshire and 2 Salisbury Schools swimming galas and from 2017 will be hosting part of the Wiltshire County Championships. Our meets draw clubs from all over Wiltshire Dorset and the South of England. Our current time pads need replacing in order to keep to the standard of ASA swimming meets. With the new timing pads our galas will run more smoothly and efficiently bringing the electronic recording of race times up to the required standard from the ASA. All swimmers competing at Stingrays galas at Five Rivers will directly benefit from these new timing pads. 250 swimmers compete at the Open meet and about 200 swimmers at the Salisbury schools galas.

14. How will you monitor this?

All ASA meets require electronic timing system therefore all swimmers will be using the new timing pads for competitions.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The purchase of the timing pads is a one off cost. Once the timing pads have been purchased we will not need to replace them for many years as the new style pads have a life span of at least 20 years and are able to be repaired.

16. Is there anything else you think we should know about the project?

na
