

Community Policing Report Calne Area Board – 21st November 2017

Hello and welcome to this Community Policing Team report. I would like to take this opportunity to talk about a new proactive team that has recently been introduced in to the Community Policing model.

The team consists of a Detective Sergeant, nine Police Officers and two Local Crime Investigators, that are responsible for the Central Hub, which covers the North and West areas of the County.

Whilst assisting the Community Policing Team, their core responsibilities include:

- Proactively tackling any ongoing crime / antisocial behavior series, which are highlighted within the weekly tasking meeting that is chaired by Inspector Mark Luffman. These series are raised by the local officers on the front line, and proactively targeted to prevent any escalation
- Locate and arrest outstanding offenders
- Manage any local enquiries relating to our serial perpetrators, also referred to as SWITCH nominals
- Following on from the matters raised in the weekly tasking meeting, gather intelligence which will facilitate in obtaining warrants from the court relating to drugs, stolen property and other issues
- Carry out drug warrants with assistance from the Community Policing Team
- Tackling ongoing community issues

The Proactive Team has been in place since the beginning of August 2017, and has already produced some fantastic results. Across the Central Hub they have made 39 arrests which have assisted us in being able to charge a number of offenders. Example of some of their great work include:

The Proactive Team acted on information received and attended an address in Anson Avenue where males involved in the Dangerous Drug Network were located and arrested. They adopted a joint multi agency approach working closely with the Housing Association and this has disrupted the distribution of drugs in Calne.

During the evening of 1 October and the early hours of 2 October, a bronze pig sculpture was stolen from the junction of Wood Street, The Square and Phelps Parade in Calne. They were later recovered after assistance from a member of public. Officers have thanked a reclamation yard owner who promptly phoned the police when he watched a television news appeal about the theft and recognised the statue as one sold to him earlier in the week. An arrest has been made and enquiries continue however the statues have been returned and there will be an unveiling ceremony on Friday 10th November 2017.

Operation AZTEC The National Firearms Surrender takes place this Autumn. Police want to collect as many guns as possible during the campaign. Hand in any unwanted or illegal firearms to one of the designated police stations at Melksham, Trowbridge, Bourne Hill, Marlborough, Monkton Park or Gablecross.

Operation ARTEMIS is the force response to all aspects of Poaching. This sits under the nationally recognised operation of *Project Trespass*.

Project Trespass is an initiative to provide a co-ordinated response to poaching which was launched on 1st October 2013 by the England and Wales Poaching Priority Delivery Group and aims to co-ordinate action across England and Wales through:

Prevention – Offering best advice to farmers, landowners, gamekeepers, shooting and land management organisations regarding measure to put in place to prevent poaching and disruption mechanisms.

Intelligence – To allow the police to target offenders.

Enforcement – With good intelligence the police can target poachers through the various rural and poaching based operations run throughout England and Wales.

Reassurance – By working together and by publicising actions such as activity, arrests, seizures and convictions.

Operation *ARTEMIS* is the 'brand' to be used when confronted with a poaching problem within Wiltshire. This will be conveyed to the Rural Communities across Wiltshire, who will be encouraged to use this name when reporting incidents. Reporting guides will be sent out to all farm watch members and repeat victims.

Officers have been encouraged to continue with Licensed Premises Checks in Calne.

Police Cadets who are aged 13-16 years of age can attend local events and assisted with community engagement, they are very keen to get involved in future events, please e-mail CPTNorthWiltshire@wiltshire.pnn.police.uk

If you are planning any event and require assistance from the Police to assist, please e-mail CPTNorthWiltshire@wiltshire.pnn.police.uk in advance as you may be required to complete an 'Events Form' and there may also be a cost incurred to ensure that you have dedicated officers throughout. If you would like the Cadets to assist with community engagement at events please e-mail the address above, there is no charge for this.

EVENTS... Don't forget that a toolkit is available from Wiltshire Council which gives fantastic guidance and advice for organizing most types of events, including topics ranging from traffic management to toilets, and gives contact details for which agencies and departments need to be contacted when applying for various licences or road closures. It can be found at <http://www.wiltshire.gov.uk/public-events-toolkit.pdf>, In essence, all organisers must be responsible for identifying any risks and putting in measures to remove or reduce them.
