

**DORSET & WILTSHIRE
FIRE AND RESCUE**

Westbury Area Board Report - 7th December 2017

Be one of us Campaign (Wholetime Recruitment)

Wholetime recruitment to Dorset & Wiltshire Fire and Rescue Service opens at 12noon on Monday 6 November, with a deadline of 12noon on Sunday 12 November.

The following information is designed to give you an indication of the recruitment process, what to expect and what is required of you. It is a staged process and, should you be successful, you will be assessed over the period covering 6 November to 5 December 2017.

Applications are via an external website:

<https://apollo.adc.uk.com/s/DWFRS2017>

Within the online registration process you will be required to complete:

Candidate Registration, where you register your details

Realistic Job Preview, here you are presented with 11 scenarios

Eligibility Screen, here you must answer basic questions to see whether you are eligible to apply:

- Whether you are over the age of 17 years and 6 months
- Whether you have the right to work in the UK
- Whether you have any unspent criminal convictions
- Whether you have any court judgements outstanding against you
- Whether you wear glasses or contact lenses

Once you have completed the online registration and eligibility screen, you will receive an e-mail from our online system 'Apollo' advising you of how you can log back into the system when you are invited to complete the online assessments. Please check your inbox and Junk Mail box for emails from Apollo Online Assessment.

For further details of the application process please follow this link to our website.

Are we getting through?

Dorset & Wiltshire Fire and Rescue Service has launched an awareness campaign across its area, targeting poor or inconsiderate parking.

The Service is asking all drivers "Are we getting through?" as, when responding to a 999 call, every second that the emergency services are delayed could have serious, life-threatening consequences.

The smallest fire engine needs a minimum of three metres, or the width of two cars, to pass safely. If you called for help, you would want to know firefighters could get through.

Assistant Chief Fire Officer Jim Mahoney said: "Inconsiderate and dangerous parking has long been an issue across the Service and, as more households have more than one car, the problem will only grow. If we can't get to a fire or an accident because we can't get our fire engines through, it greatly restricts our effectiveness. I'm asking everybody to think before they park; yes, it may be convenient for you at the time, but what if it was your house or your loved one we needed to get to? You would want to know that we are getting through."

One particular area of concern is parking on roads near schools, as these are often difficult to pass through safely, especially when cars are dropping off or picking up children. Drivers may not be parking illegally, but the Service is urging everyone to see whether a smarter option, maybe a bit further away, is available.

Poor or inconsiderate parking can also affect high streets and the roads by fire stations. On-call firefighters have to be at their station within five minutes of their pagers going off, so any delay in arriving has a negative effect on the emergency response.

The Service is therefore asking drivers to think before they park, with the following advice to drivers to help keep narrow streets clear:

- When parked, pull in your wing mirrors (don't forget to flip them out before driving off).
- Don't park too close to corners – fire engines are larger than cars and need more room to turn.
- If you're parking opposite someone, remember that a fire engine needs three metres, or two car widths, to pass safely.
- Make sure your wheels are straight and are not sticking out.
- Park as close to the kerb as you can.
- Always follow the Highway Code and obey road markings such as yellow lines and box junctions.
- In narrow streets, only park on one side of the road where possible.
- Make sure you leave enough space for pedestrians on the pavement.
- Don't block driveways.

For more information about the challenges caused by poor or inconsiderate parking, please visit www.dwfire.org.uk/education/road-safety-education/are-we-getting-through

Safe and Well Visits- Home safety

The Westbury area has a dedicated Fire Service '**Safe and Well**' advisor who can visit people, within their own homes, advising on home safety and wellbeing.

A Safe and Well visit is **FREE** and normally lasts about one hour covering topics such as:

- Using electricity safely
- Cooking safely
- Making an escape plan
- What to do if there is a fire
- Keeping children safe
- Good practice – night time routine and other points relevant to you
- Identifying and discussing any further support the occupier may need

If you have thatch property, are living alone, have a young family, are over 65 or a smoker please get in contact with us. We want to help make you safer in your own

home. If you or someone you know has mobility or sight and hearing impairments, please suggest a Safe and Well visit.

Visit <http://www.dwfire.org.uk/news/new-name-new-contact-details-same-service/> to book one.

Response

Total Incidents attended by DWFRS for Westbury Area; 01/09/17 – 01/11/17.

DWFRS have responded to 20 incidents on Westbury's station ground between the dates above.

Westbury Fire Station Responded to a total of 29 incidents County wide in the mentioned time period. Details are listed in the table below.

Category	Incidents in Westbury	Out of Station Ground incidents	Total

Fire	4	5	9
Special Service	8	0	8
Total	20	9	29
Pump Availability	68%		

Recent Notable Incidents

Westbury and two crews from Trowbridge attended a fire involving the cavity of a timber framed house that was nearing completion. The fire in Elm Grove was successfully extinguished by crews however the property suffered extensive damage and will have to be demolished and rebuilt.

Community Engagement

Dorset & Wiltshire Fire and Rescue Service provides a free service called a Safe and Well visit. We will visit a person's home by appointment and discuss any safety issues in the home. We will also have a conversation about improving an individual's health and well-being.

If you or someone you know need a smoke alarm, some advice or are worried about what to do in an emergency, contact us for a free Safe and Well visit;

<http://www.dwfire.org.uk/safety/safe-and-well-visits/>

Community Safety Plan

DWFRS Community Safety Plan 2016-2020 outlines our plans for the future. It explains the diverse services we provide and how we plan to improve and deliver them over the four-year period. The plan can be found on the DWFRS website <http://www.dwfire.org.uk/community-safety-plan/>
