

<b>Report to</b>	Salisbury Area Board
<b>Date of Meeting</b>	11/01/2018
<b>Title of Report</b>	Community Area Grant funding

## Purpose of the report:

To consider the applications for funding listed below

Applicant	Amount requested
<b>Applicant:</b> Wiltshire Council <b>Project Title:</b> Sarum Sports Partnership  <a href="#">View full application</a>	£5000.00
<b>Applicant:</b> Strange Old Things - The Mobile Museum <b>Project Title:</b> Mobile Museum support to Mental Health Recovery  <a href="#">View full application</a>	£750.00
<b>Applicant:</b> St Martin's Cof England VA Primary School <b>Project Title:</b> Installing an Automated External Defibrillator AED  <a href="#">View full application</a>	£615.56

## 1. Background

Area Boards have authority to approve Area Grants under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the [Area Board Grants Guidance](#)

[The funding criteria and application forms](#) are available on the council's website.

## 2. Main Considerations

2.1. Councillors will need to be satisfied that funding awarded in the 2017/2018 year is made to projects that can realistically proceed within a year of it being awarded.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors will need to be satisfied that the applications meet the Community Area Board grants criteria.

## 3. Environmental & Community Implications

Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

#### 4. Financial Implications

Financial provision had been made to cover this expenditure.

#### 5. Legal Implications

There are no specific legal implications related to this report.

#### 6. Human Resources Implications

There are no specific human resources implications related to this report.

#### 7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

Community Area Grants will give local community and voluntary groups, Town and Parish Council's equal opportunity to receive funding towards community based projects and schemes, where they meet the funding criteria.

#### 8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

#### 9. Applications for consideration

Application ID	Applicant	Project Proposal	Requested
<a href="#">2631</a>	Sarum Sports Partnership	New 3G pitch	£5000.00

##### **Project Description:**

This is the first step towards the provision and installation of a much needed full size third generation artificial grass pitch 3GATP in the Salisbury Community Area. This contribution will provide funding for the initial feasibility study at Sarum Academy to give overall project costs required by the Football Foundation FF and will be classed as part of the overall match contribution required by the Football Foundation. It is anticipated that the Football Foundation will contribute around 70% of the total cost providing the actual Football Foundation Grant Application fully meets the requirements of the Football Foundation which includes a Community Access Agreement. The match funding approx. 30% of total cost will be gathered from other interested parties such as the Salisbury City Council Wiltshire Council, local parish councils, local businesses, local sports clubs and local national grant funding organisations. The Sarum Sports Partnership comprises of Sarum Academy, Wiltshire Council, Wiltshire Football Association and Salisbury City Council.

The Wiltshire Playing Pitch Strategy WPPS was adopted by Wiltshire Council Feb 2017. This strategy clearly shows that there is an under provision of 3GATPs in the south of the county specifically in the Salisbury Community Area. Wiltshire FA and their affiliated football clubs in the south of the county have put the lack of facilities as a clear reason for the reduction of junior youth football in the south of the county and have clearly identified the under provision as a reason why club teams play/practice out of the area. From a pure football perspective the mere fact

that local clubs would be able to book the facility for practice throughout the calendar year would be a major benefit which would be reinforced during periods of inclement weather when grass pitches would/could be unplayable. From a school and community perspective the access to a first class facility increases the opportunities for physical activity throughout the year and provides opportunities for further skill development. The need for a Community Use Agreement will ensure community access outside of school hours and will help ensure community usage and a sufficient income stream is available for ongoing maintenance and future carpet replacement.

**Input from Community Engagement Manager:**

As a key member of this partnership, Wiltshire Council will underwrite the funding of the feasibility phase of this project should the bid to the FF be unsuccessful. Therefore, a contribution of £5000 from the area board’s capital budget at this stage in the project’s development is appropriate, even though the costs of a feasibility study are strictly speaking revenue.

**Proposal**

That the Area Board determines the application.

Application ID	Applicant	Project Proposal	Requested
<a href="#">2637</a>	Strange Old Things - The Mobile Museum	Mobile Museum support to Mental Health Recovery	£750.00

**Project Description:**

The Mobile Museum will be providing support to a Salisbury Cathedral/Richmond Fellowship project. We will be running a number of history sessions as part of an ongoing social inclusion project in the Cathedral including artefact handling and replica weapons experience. This will encourage people from Salisbury and the local area who are socially isolated due to mental ill health to form friendships by shared experiences. We will also be providing public access to the artefacts by organising a number of local events.

We plan to support two Salisbury Cathedral projects per year for an indefinite period. The first project will involve 12 people from the Salisbury area. Future projects will involve 6 people from the local area and 6 from other areas in Wiltshire. These people will all be socially isolated due to mental ill health. We are aiming to encourage the formation of a sustainable social group formed through a shared experience after each project. In this way we will be directly supporting mental health recovery in the local community. We will be purchasing heritage items from private collections in order to bring them into the public domain for the first time. We will be making these items available to local people by organising several local events and displays which we are hoping will be supported by some of the individuals who have benefitted from the project. There may be more scope for further future local events in association with this project. As part of our ongoing activities in the local area outside of this project the artefacts and equipment will directly benefit a much larger audience including schools.

**Input from Community Engagement Manager:**

This project is eligible for capital funding, and supports the Salisbury Community Area's priority regarding mental health.

**Proposal**

That the Area Board determines the application.

Application ID	Applicant	Project Proposal	Requested
<a href="#">2629</a>	St Martin's CofE VA Primary School	Installing an Automated External Defibrillator AED	£615.56

**Project Description:**

St Martins Primary school has 190 children on roll and spacious premises that are used extensively by community groups - regularly on four evenings a week and on Saturday mornings. The largest user is the charity Salisbury Area Young Musicians with up to 65 youngsters aged 12-19 attending on two evenings and Saturdays every week in term time. Other weekly groups are Martial Arts Folk Dancing and Salisbury Community Band. Defibrillators have a proven record in saving lives of primary aged children and of course of adults. The device will be accessible to all people using the site including the wider community.

**Input from Community Engagement Manager:**

This application is seeking capital funds and supports one of the area board's joint ventures with the Safer Salisbury Community Group to increase the number of defibs in the community area.

**Proposal**

That the Area Board determines the application.
