

Report to Malmesbury Area Board
Date of meeting 10.01.18
Title of report Community Area Grant funding

Purpose of the Report:

To consider a councillor-led initiative requesting funding from the Area Board.

| Applicant | Amount requested |
|--------------|------------------|
| John Thomson | £2000.00 |

1. Background

Area Boards have authority to approve Area Grants under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the [Area Board Grants Guidance](#)

2. Main Considerations

- 2.1. Councillors will need to be satisfied that funding awarded in the 2016/2017 year is made to projects that can realistically proceed within a year of it being awarded.
- 2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.
- 2.3. Councillors will need to be satisfied that the applications meet the Community Area Board grants criteria and practice papers for [councillor-led initiatives](#)
- 2.4. Best practice advises that applications relating to young people or highways and transport should be considered by, and seek a recommendation from, the Local Youth Network or Community Area Transport Group.

3. Environmental & Community Implications

Councillor led-projects are designed to enable councillors to tackle issues in their area, including projects and initiatives which have been initiated by the community eg. a community issue. Councillor-led projects should not be used to fill gaps where there are service shortfalls or where it is possible for the matter to be resolved through the use of the Community Area Grants scheme.

4. Financial Implications

Financial provision had been made to cover this expenditure. The Community Area Grants scheme which funds Councillor-led initiatives can only provide capital funding.

5. Legal Implications

There are no specific legal implications related to this report.

6. Human Resources Implications

There are no specific human resources implications related to this report.

7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

9. Applications for consideration

| Application Name | Provider | Project Proposal | Requested |
|--|-------------------|-------------------------|------------------|
| Safe Walking to School Lights | Wiltshire Council | John Thomson | £2000.00 |
| Project description As the Malmesbury Community Area is a very rural part of the county with 10 primary schools. Many of the schools have limited parking and require children and families to walk from the parked car to the school or from their homes in the wider village. Area Board would like to fund for 200 'million mile lights' for the children and 20 books (2 per school) for the schools to promote safe walking to school. The books share a message about walking safely to and from school. The lights flash and are powered to the motion of the child as the walk and are attachable in many ways to clothing or bags. | | | |
| Proposal That the Area Board determines the application from John Thomson for £2000.00 | | | |
