## 7 **Quarterly Report - Jan-Mar 21**

Michael Taylor – Workforce Insight Analyst outlined the written report (October-December 2020) contained in the agenda pack

Points made included:

Whilst COVID-19 cases peaked in January 2021 following the temporary relaxation of national restrictions around Christmas, the imposition of a third national lockdown saw cases reduce steadily throughout the January – March quarter. February saw the Prime Minister set out his intended roadmap out of lockdown, with the 21<sup>st</sup> June earmarked as the earliest date when all restrictions on social contact could be lifted. Whilst an end was in sight, the COVID-19 situation had continued to impact the council's workforce and the way in which it delivered services throughout this quarter.

The council had continued to monitor the effect of COVID-19 on team capacity, and during this quarter around 3.5% of the workforce were impacted to the point that they were unable to perform the duties of their role, i.e. they were either unwell with the virus, or were self-isolating and unable to work. This figure had risen from 2.4% in quarter 3 in line with the national trend.

The council introduced recruitment controls in July 2020 in support of our intention to emerge from the pandemic leaner and stronger, and to create and encourage an internal flow of staff. As a result, both permanent and casual

employee salary costs had continued to reduce in this quarter. Agency costs had seen a slight increase from last quarter, predominantly in the Digital & Information and Finance & Procurement directorates, due to the need for specialist workers in these areas that could not be resourced through internal recruitment. Agency costs had also increased in the Adult Care Operations and Learning Disabilities & Mental Health directorates, areas that had been and remain critical to resource, particularly during this difficult and unprecedented time. It should be noted that, in spite of the slight increase, the figure of £736k remains significantly lower than the £1.5m agency costs of quarter 1, April – June 2020.
