The New Inn, Amesbury – License LN000043211-Review WK202125402

Support of License Review

The thought that this licensed premises “The New Inn, Amesbury” is allowed to continue in the way that it is, is very disturbing. Example, only last Sunday afternoon loud music could be heard from those premises in my garden. I am situated at least half a mile away. Also do not allow a Designated Premises Supervisor, as the situation will only get worse. Why should police officers have to waste valuable time trying to keep Amesbury safe because of the licensee of The New Inn.
