**Subject: Wiltshire Joint Local Health and Wellbeing Strategy**

---

**Executive Summary**

The Joint Local Health & Wellbeing Strategy (JLHWS) has been updated. The Health and Wellbeing Joint Strategic Needs assessment (JSNA) and Joint Local Health and Wellbeing Strategy are the foundations upon which the health and wellbeing board exercises its shared leadership across the wider determinants that influence improved health and wellbeing, such as housing and education. JSNAs and JLHWSs enable commissioners to plan and commission integrated services that meet the needs of their whole local community, in particular for the most vulnerable individuals and the groups with the worst health outcomes. Wiltshire's JSNA was recently updated and published in the autumn of 2022. It provides a summary of the current and future health and wellbeing needs of people in Wiltshire. It builds on previous JSNAs to provide a comprehensive picture of the health and wellbeing needs of Wiltshire using a broad range of indicators presented in accessible format for all parties to use. This has informed the development of the draft JLHWS together with the Health and Wellbeing Board workshop held on 1 December and input from a steering group incorporating public health, social care, NHS and Healthwatch Wiltshire representatives to shape its structure and priorities. In January, the draft JLHWS was approved for consultation and feedback is included as appendix 1. A revised and updated strategy is included as appendix 2.

- ii) Approves the Wiltshire Joint Local Health and Wellbeing Strategy at Appendix 2 for publication
