**Item 15 – Members’ Questions**

**From Cllr Brian Dalton – Salisbury Harnham West Division**

**To Cllr Caroline Thomas, Cabinet Member for Transport, Streetscene, and  
Flooding**

**Question (23-24)**

Would this council consider re-forming the Salisbury Joint Transportation Plan Committee, which existed pre 2009, with Wiltshire County Council and Salisbury District Council?

There are many transport issues in the city and many unresolved and this committee would be the place to take these local issues and hopefully get them resolved with our excellent highways officers.

The committee would be between Wiltshire Council and Salisbury City Council members.

**Response:**

A verbal response will be provided at the meeting.
