Local Priorities & Updates

Priority	Update
Theft from motor vehicle	We have received numerous reports of theft from vehicles, which has in the main been vans and tools stolen from within. This is an ongoing series across the County and cross border in Hampshire, Dorset and A&S. A dedicated investigation team are working with other Forces in identifying possible offenders. High visibility targeted patrols are being conducted. Extensive crime prevention advice has been completed across media outlets.
PSPO Street Drinkers	The PSPO is now live in the City Centre regarding ASB associated with drinking alcohol. Officers have been proactively patrolling hotspot areas as part of the ASB funded additional patrols within the city and surrounding areas. Where appropriate PSPO enforcement tickets have been issued and followed up with Wiltshire Council.
ASB associated with driving offences	Section 59 Warning Notices have been commissioned and displayed in several areas across Salisbury, which relate to vehicles being used in a manner to cause alarm, distress or annoyance. This provides officers the power to seize any vehicles being driven in such a way and for those driving to be prosecuted where appropriate.
Rural Crime	Rural crime continues to be a focus for the team especially now we are in the poaching / hare coursing season. We are continuing to conduct proactive operations with our neighbouring forces and our Rural Crime Team in tackling rural crime.

Local Priorities & Updates Continued

Priority	Update
ASB regarding catapults	We have continued to receive several reports of youths using catapults in the Bemerton Heath. These incidents on occasions have caused damage to vehicles and windows. Local officers are working with partner agencies to identify those responsible and adopt a joined-up approach in dealing with the individuals robustly.
Community Speed Watch	The teams continue to support, where capacity allows, the positive work the Community Speed Watch teams do across the area.
Vulnerable checks	Officers conduct regular visits to our identified vulnerable people to both reassure them following reported concerns and to deter visits by criminals who wish to exploit them. We have been working closely with Wiltshire Council Housing on evidence to support several injunctions which we have now got in place. These premises are visited regularly by the teams to provide support to those who are most vulnerable.

Drink diving

In England, Wales, and Northern Ireland, the legal alcohol limit for driving is 80 mg of alcohol per 100 ml of blood or 35 µg per 100 ml of breath). In Scotland, the limit is lower at 50 mg of alcohol per 100 ml of blood (or 22 µg per 100 ml of breath). Factors such as weight, age, metabolism, and food intake affect how alcohol is processed, making it difficult to predict how much you can drink and stay under the limit. Alcohol takes time to leave your system; common remedies like coffee or showers do not speed this up. You can still be over the limit the next day, risking your license if you drive. Alcohol impairs

driving ability, and the safest choice is to avoid drinking entirely if you plan to drive.

There is no way to know how much you can drink and stay under the limit, since it can depend on your weight, age, metabolism, the amount of food you've eaten and other factors.

It's impossible to get alcohol out of your system quickly, it always takes time. A shower, a cup of coffee or other ways of 'sobering up' may make you feel better but won't remove the alcohol from your system.

If you've been out drinking, you may still be affected by alcohol the next day and could lose your licence if you drive and are still over the legal limit.

Alcohol affects everyone differently and any amount can impair your ability to drive. The only safe option is to avoid alcohol completely if you're driving as even 'just one drink' could put you over the limit. **If you're driving, don't drink any alcohol at all.**

Drug driving

It's an offence to drive with any of 17 controlled drugs above a specified level in your blood. This includes [illegal and legally prescribed drugs](#).

The limit set for each drug is different, and for illegal drugs the limits set are extremely low. They aren't zero to rule out any accidental exposure (eg from passive smoking).

You should always check with your doctor or pharmacist if you're unsure about whether your prescription or over-the-counter medication will affect your ability to drive.

Risks and physical effects

The biggest risk you take when driving under the influence of alcohol or drugs is the risk of causing a collision.

Driving under the influence of drink or drugs is extremely dangerous and can affect your driving in numerous ways, such as:

- ability to judge speed and distance
- reaction and coordination skills
- blurry or impaired vision
- drowsiness
- aggression
- erratic behaviour
- panic attacks and paranoia
- hallucinations
- nausea
- dizziness
- tremors

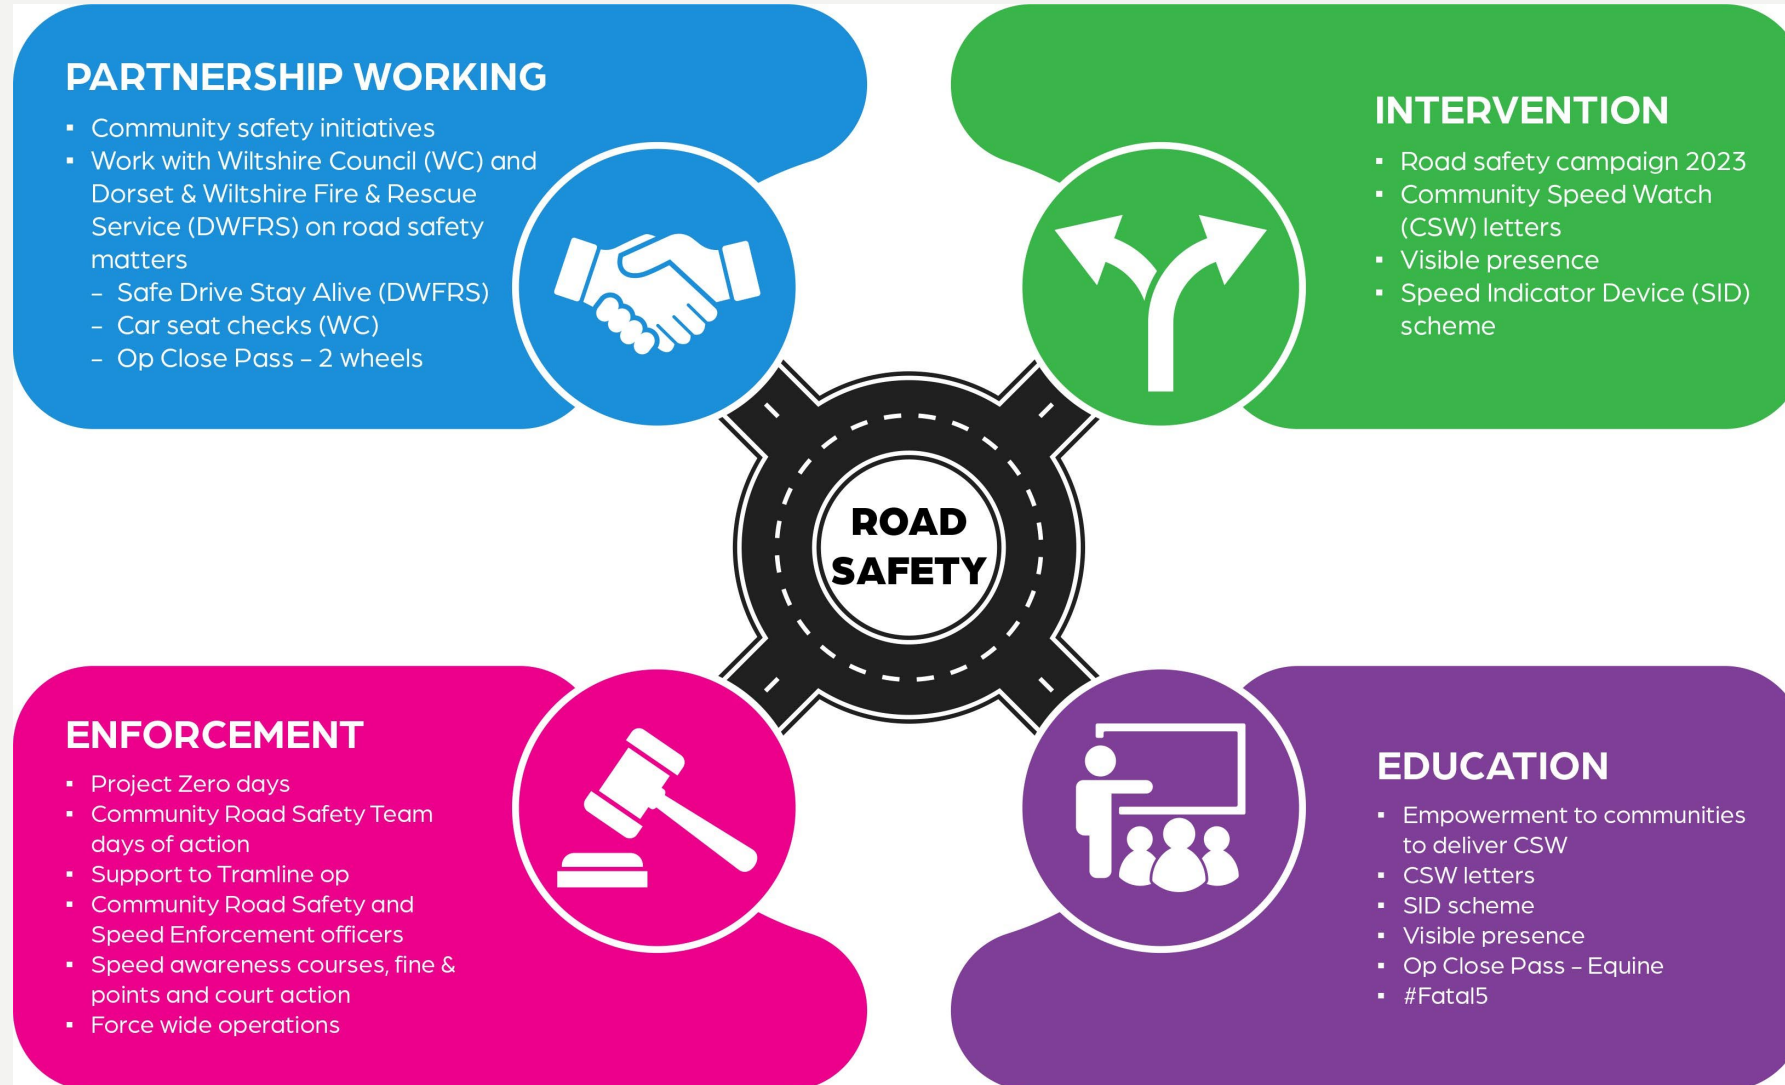

Alcohol and drugs can also create a false confidence which can lead to an increase in risk-taking behaviour, which puts your life and the lives of others in danger.
