## 42 **Polling District and Polling Place Review**

Caroline Rudland, Electoral Services Specialist Manager provided information on the upcoming Polling District and Polling Place Review, which would commence on 2 October 2023 if the Committee was in agreement.

The aim of the review was to ensure the electoral arrangements for Wiltshire meet the needs of the electorate. The majority of polling district changes proposed in the review were rectifying some very small polling districts that were created as a result of Community Governance Reviews and the Unitary boundary changes in 2021.

It was explained that all responses to the consultation on the review would be collated and assessed, would be reported to the Committee at its next meeting, and if changes were then approved the revised electoral register would be published on 1 December 2023. The consultation would seek the views of the public, key stakeholders, partners, and elected members. Any new community buildings which could be used in future elections would be a useful outcome.

Details were provided on the consultation including paper copies available from council hubs, that representations were required to be published, and that people could phone and make a verbal representation. The consultation would run from 2 October to 31 October 2023, as set out in appendices A, B and C to the report included within the agenda.

The importance of where people vote was discussed, and clarity was sought on whether the review encompassed changes from recent community governance reviews. It was explained where these were complete, they could be taken into account, however the most recent would take effect from May 2025, and in some cases had not received final consent for division changes, so minor adjustments would be made through a rolling programme of changes. There were also questions relating to updating all elected members and engaging with parish councils.

At the conclusion of discussion, it was,

### **Resolved:**

- 1) To authorise the Director, Legal and Governance, in consultation with the Chairman of the Electoral Review Committee, to carry out the consultation in accordance with the arrangements outlined in the report.**
- 2) To consider for approval at a future meeting, the final recommendations following the conclusion of the consultation.**

43 **Community Governance Review 2023/24**

The Democracy Manager and the Senior Democratic Services Officer provided verbal updates on the progress of the 2023/24 Community Governance Review.

It was confirmed the terms of reference for the 2023/24 review was published on 11 September 2023. This listed the areas for review, the limited nature of the review in respect of North Bradley and Lacock, and the capability to include additional areas to correct minor anomalous boundaries which may be identified. A briefing note would be circulated shortly, and sessions arranged for potentially impacted parishes for the more significant proposals, and with unitary members.

The Committee discussed the update, seeking clarity on local members being able to flag up any anomalous boundaries in their area, and confirmation that in many areas this might require subsequent electoral division changes, which was the responsibility of the Local Government Boundary Commission for England. The Committee also reviewed the information sheets for each area, including details of currently received proposals and electorate information.

**Resolved:**

**To note the update.**

44 **Date of the Next Meeting**

The date of the next meeting was confirmed as 22 November 2023.

45 **Urgent Items**

There were no urgent items.

Wiltshire Council

Electoral Review Committee

22 November 2023

---

## Polling District and Polling Place Review 2023

### Purpose

1. The Committee is required to review the current polling districts and polling places by considering
  - The (Acting) Returning Officer ((A)RO) comments and initial proposals
  - The comments received during the consultation period
  - The (A)RO final recommendations.
2. This information is provided in the following supporting documents:
  - a. Appendix A – Overall report – Proposed polling arrangements following the public consultation
  - b. Appendix B – Summary of responses and (A)RO recommendations.
3. The committee must approve a final polling district and polling place scheme which will come into force from 1 December 2023 when the electoral register is revised.

### Background

4. The Council is required by the Electoral Registration and Administration Act 2013 to undertake a compulsory review of UK Parliamentary polling districts and polling places which must be started and completed between 1 October 2023 and 31 January 2025 (inclusive).
5. The Electoral Registration and Administration Act 2013 amended the Representation of the People Act 1983 to require relevant authorities to undertake regular reviews of both polling districts and polling places within its area. The definitions between a district, place and station are:
  - A **polling district** is a geographical sub-division of an electoral area (an electoral area being a UK Parliamentary constituency, a European Parliamentary electoral region, a parish, parish ward or an electoral division).
  - A **polling place** is the building or area in which polling stations will be selected by the Returning Officer. A polling place within a polling district must be designated so that polling stations are within easy reach of all electors from across the polling district.
  - A **polling station** is the actual area where the process of voting takes place and must be located within the polling place designated for the particular polling district. The Returning Officer for the particular election must provide a sufficient number of polling stations and allocate the electors to those polling stations in such a manner as they think is the most convenient.
6. Due to the geographical size of Wiltshire Council and the number of polling districts

to review, the reports and consultation have been categorised into unitary division areas for easier identification of locations and areas.

**Summary of the review proposals**

7. There are 98 Unitary Divisions in Wiltshire.

<b>Proposal</b>	<b>Number of Unitary Divisions affected</b>
Changes Proposed	61
No Changes Proposed	37

**Public consultation**

8. The public consultation took place from 2 October to 31 October 2023. Copies of the public consultation document were available online, by request, and paper copies were available at libraries in each of the Parliamentary constituencies.

9. Invitations to engage with the review were made in writing to:

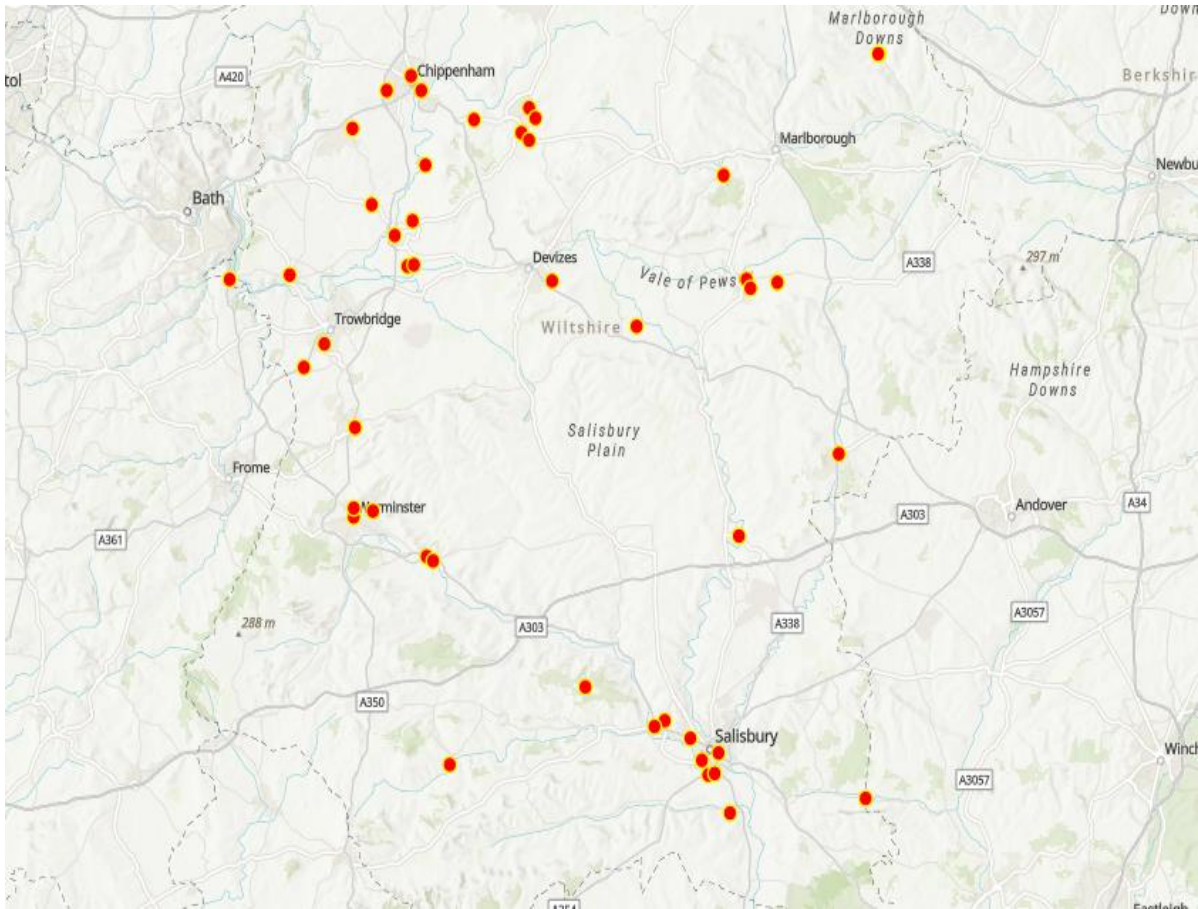

- Political Parties
- Elected Representatives in Wiltshire
- Groups identified as being under-represented by the Electoral Commission in elections
- Organisations deemed to have an interest in the review (for example Parish Councils)

10. The review was publicised and promoted in a variety of ways including a social media campaign, information to Area Boards, town and parish newsletters, Wiltshire Councillor newsletters, internal One Council newsletter, posters in Wiltshire libraries, press releases, Wiltshire Council website and Wiltshire Council residents e-newsletter.

**Consultation responses**

11. There were 53 representations received during the consultation process. All of the comments from the review can be found in Appendix A under the relevant Unitary Division for consideration.

12. The map below plots the areas of Wiltshire where the representations from the public consultation came from.

13. Comments were received about 34 of the Unitary Divisions, 11 of which had no proposed changes, 23 of which had proposed changes.

14. A mixture of positive and constructive representations were made and while there were a cluster of responses received around Salisbury, otherwise the representations came from across the county.

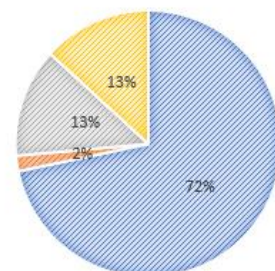

15. Seven representations confirmed that electors were happy with the polling stations they vote at.

**Source of representations**

16. The majority of responses (72%) were from individual electors.

**REPRESENTATIONS BY TYPE**

■ Individual ■ Political Party ■ Organisation ■ Elected Official

## Proposals for approval:

17. There are 3 categories for the Committee to consider for approval:

- a. Unitary Divisions where no changes were proposed to polling districts and there are no relevant comments to be considered from the public consultation. Any proposed changes in this category relate to polling stations only.
- b. Unitary Divisions where changes were proposed to the polling districts
- c. Particular consideration and discussion to be given to the two Unitary Divisions of Sherston and Warminster North & Rural

18. A list of the Unitary Divisions which fall under these 3 categories is provided below. A summary table in Appendix B is also provided which includes the Responses from the (Acting) Returning Officer to the public consultation comments.

**Sherston**

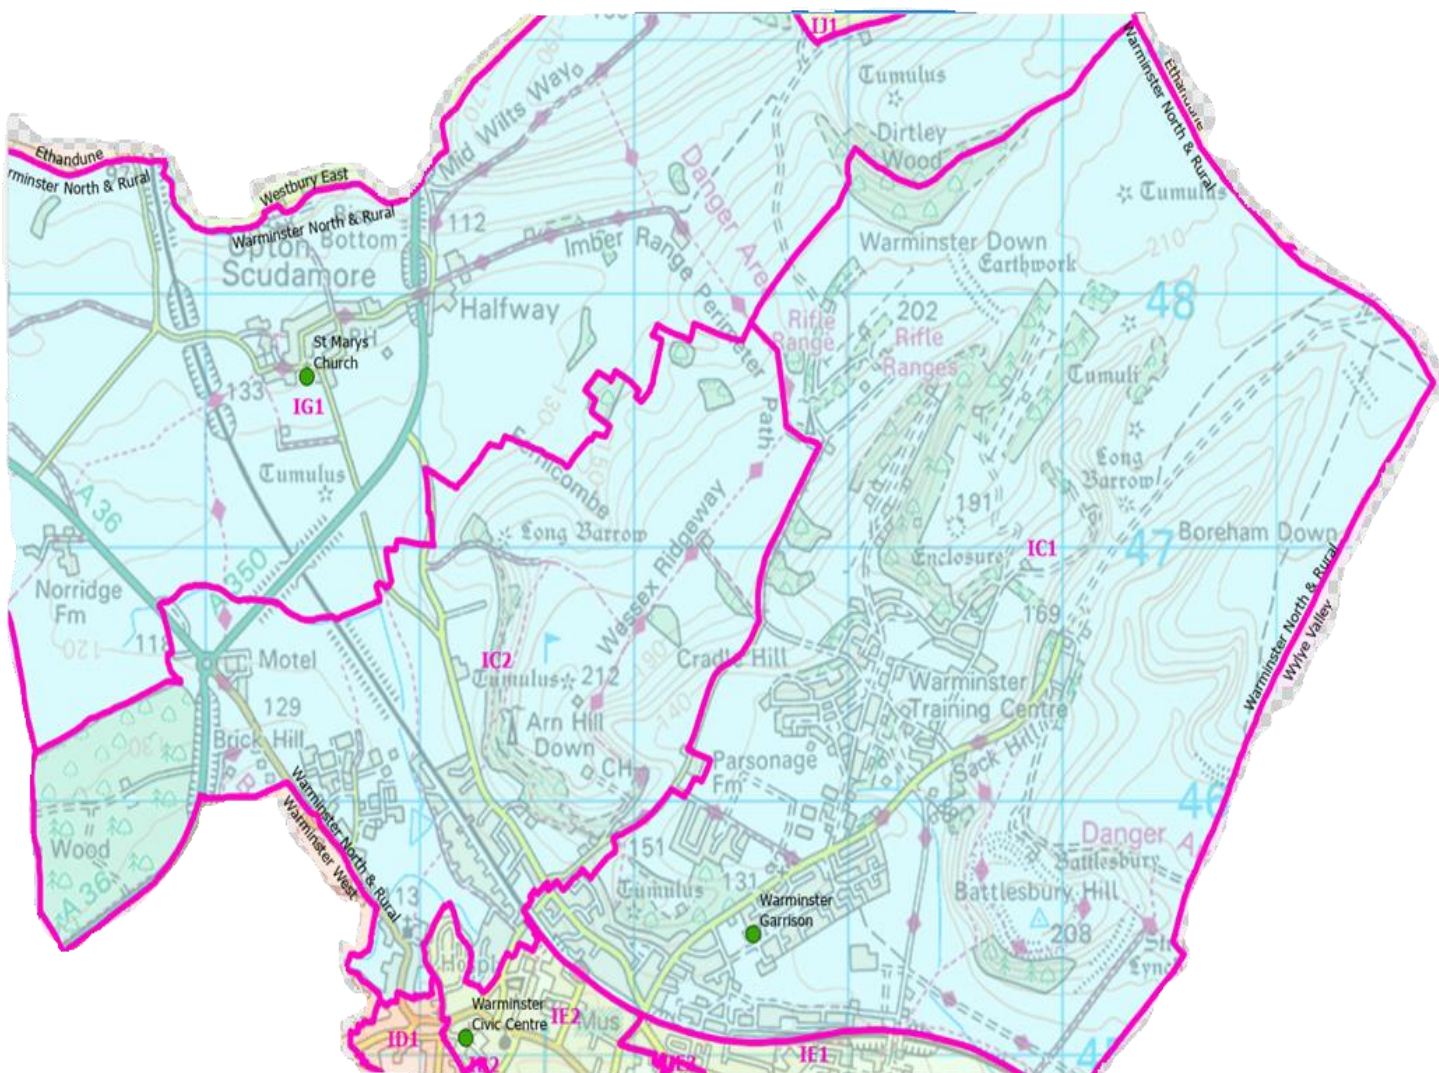

19. The Committee is asked to consider the electoral arrangements for the Sherston Unitary Division taking into consideration the comments received from the public consultation and the (A)RO response.
20. The parish of Luckington currently comprises of two polling districts OO1 and OP1. The electorate of OO1 is 83 and the electorate of OP1 is 439 electors. Each polling district currently has a polling station venue.
21. The (A)RO proposed that the two polling districts are merged into one for the whole parish and that Luckington Village Hall is the designated polling station. Whilst the polling station for OO1 is convenient for their 83 electors, Luckington Village Hall is situated centrally within the Parish. The two Village Halls are approximately 1.1 miles away from each other.
22. One response to the public consultation was received for this parish where they have asked for the polling station for OO1 to remain and the polling districts not to merge. The Committee is asked to consider the (A)RO recommendation from the review or keep the current electoral arrangements as per the response from the public consultation

## Warminster North & Rural

23. The Committee is asked to consider the electoral arrangements for the Warminster North & Rural Unitary Division taking into consideration the comments received from the public consultation and the (A)RO response.
24. The minor boundary change proposal between IC1 and IC2 has been revoked from the review as it is deemed to be unnecessary.
25. The Committee is asked to consider the suggestion from the review that it is not preferable for electors voting in IC2 to vote in person at the Warminster Garrison. The consequence of this would mean the Committee allowing a polling place outside of the Unitary Division. The (A)RO recommends that if this is the decision of the Committee that the polling station would be Warminster Civic Centre.

## **Final recommendations for approval:**

26. The Committee is asked to approve:

- The Unitary Divisions where no changes were proposed to polling districts and there are no relevant comments to be considered from the public consultation. Any proposed changes in this category relate to polling stations only.
- The Unitary Divisions where changes were proposed to the polling districts
- The outcome for the Unitary Division of Sherston
- The outcome for the Unitary Division of Warminster North & Rural

**Comments from the review**

• **Elector in SN15 5 EL (Great Somerford)**

I want a polling station to remain in Great Somerford

• **Elector in SN15 5LA (Little Somerford)**

Little Somerford Village hall is the perfect place to have a polling station. It is accessible to all, reasonable cost and easy parking.

**Acting) Returning Officer Response**

NX1 has 736 electors. ON1 has 296 electors.

Having reviewed the polling stations and comments from the review, the (A)RO would be satisfied to retain the existing polling station at Great Somerford, the Walter Powell School Community Room.

The proposed change to NV1 will remain as no comments were received to the contrary.

**(Acting) Returning Officer Comments:**

- 1 Polling station change.
- 2 Comments welcomed on the polling districts and polling stations in the area.
- 3 In the absence of suitable venues within the division, Bremhill View Social Club to be used as polling station. The polling place is outside of the Unitary Division.

**Comments from the review**

- **Elected Official in SN11**

Having fought a recent election campaign in the ward there were many comments after that the use of the Corn Exchange was illogical as it doesn't sit within the ward. People are used to voting in the church on Oxford Road.

**(Acting) Returning Officer Response:**

St Edmunds Catholic Parish Hall is not a suitable venue to use as a polling station due to accessibility issues including steep steps inside the hall. The (A)RO acknowledges that the proposed polling station is outside of the unitary division there are no other suitable alternatives. Any suggested venues will be taken into consideration.

**(Acting) Returning Officer Response:**

The (ARO) is aware of the Community Governance Review and changes proposed for 2025 elections. A specific review of polling districts for the Calne Rural area will be conducted in 2024 as confirmation is pending from the LGBCE regarding the re-alignment of Unitary Division areas to make the boundaries coterminous.

MT2	Calne Without (Calne Without Middle Ward)	Lansdowne Hall, Petty Lane, Derry Hill, Calne, Wiltshire, SN11 9QY	No	
MV1	Calne Without (Calne Without Sandy Lane Ward)	Lansdowne Hall, Petty Lane, Derry Hill, Calne, Wiltshire, SN11 9QY	No	
OB1	Heddington	Charles Willis Hall, Church Road, Heddington, Calne, Wiltshire SN11 0PJ	No	

**(Acting) Returning Officer Comments:**

- 1 No changes. Comments welcomed on the polling districts and polling stations in the area.
- 2 In the absence of suitable venues within the division, Marden House to be used as polling station. The polling place is outside of the Unitary Division.

**Comments from the review**

- **Elector in SN11 0JY**

To move the polling station out of the division will reduce elector representation because people will not bother to go that far. Alternatives would be Holy Trinity Church or a temporary facility in Wessington cabins.

**(Acting) Returning Officer Response:**

The comment received was not specific to a particular polling station. No changes were proposed for this division. As a result of the polling station visits conducted as part of this review, Marden House no longer wish to be available for use as a polling station. (A)RO will consider an alternative venue and will take into account the comments above.

- 2 Comments welcomed on the polling districts and polling stations in the area.

**Comments from the review:**

- **Elector in SN15 1PA**

Since changing Ricardo Road from Hardenhuish area to Hardens and Central we now have to go to the polling station at St Paul's Church Hall in Malmesbury Road when there is a polling station in the bowling club on our road.

**(Acting) Returning Officer Response:**

The Unitary boundary changes in 2021 mean that Ricardo Road now falls under the Chippenham Harden & Central. Whilst appreciative of the comment that the Bowling Club is closer for this street, in order to keep the polling station within the unitary division and also convenient for other electors in QJ3 the polling station will remain at St Paul's Church Hall.

**(Acting) Returning Officer Comments:**

- 1 Proposed polling station change. The Lancers Guest House is no longer available. Fovant Village Hall meets the accessibility requirements and has excellent parking facilities.
- 2 Proposed polling station change. Both polling districts have an electorate of under 200 each. Combining to one polling station would be more efficient use of public funds.
- 3 Proposed polling station change. Both polling districts have an electorate of under 150 each. Combining to one polling station would be more efficient use of public funds.
- 4 Comments welcomed on the polling districts and polling stations in the area.

**(Acting) Returning Officer Comments:**

- 1 Polling districts have been reapportioned across FR1, FR2 and FR5 to better apportion the electors across the polling districts. Replaced by 2 new polling districts FR1 and FR2.
- 2 Polling Districts FR4 and FR6 merge. The electorate of is FR4 is 1083 and the electorate of FR6 is 171 electors bringing the total electorate for new polling district FR4 to 1254. New polling district to be named FR4.
- 3 Comments welcomed on polling stations in the area.

**Comments from the review:**

- **Elected Official**

I believe that the current polling station is not suitable. It should be replaced or supplemented by the use of Forrest and Sandridge school on Carnesbill Road or the Water Meadow public house at Verbena Court

**(Acting) Returning Officer Comments:**

The current polling station arrangements are deemed to be suitable. The Water Meadow has been visited in the past but is deemed not to be suitable as there is no separate function room. Schools are only used as polling stations where no other suitable venues can be identified or in exceptional circumstances. The (A)RO welcomes further suggestions of polling stations in the area.

## 49 Melksham Forest – Proposed change – Comments received

**(Acting) Returning Officer Comments:**

- 1 In the absence of suitable venues within the division, Queensway Hall, SN12 7LE is to be used as the polling place. The polling place is outside of the unitary division.
- 2 Polling Districts FN2 and FN4 merge. The electorate of FN2 is 688 and the electorate of FN4 is 896 electors bringing the total electorate for new polling district FN2 to 1582. New polling district to be named FN2.
- 3 Comments welcomed on the polling districts and polling stations in the area.

**Comments from the review:**

- **Organisation**

Our hall used to be hired out for the elections however the cost of insurance, heat and electric means that it is no longer viable to rent it out any longer so I think you may need to find somewhere else.

**The (Acting) Returning Officer Comments:**

Belksham Welcome Hall is no longer available. An alternative venue within the unitary division will be sought.

**Comments from the review:**

- **Organisation**

Members of Melksham Without Parish Council in response the polling view, wish to submit the following comment:

Polling District FX3

It is asked if there scope for this particular polling district to be incorporated into Forest Community Centre polling station, as this is felt to be a more natural fit for residents of Woodrow and Forest Lane in particular, having previously voted at either St Andrews School Room or Church Lane or Forest Community Centre.

Melksham Without Parish Council

**(Acting) Returning Officer Comments:**

Melksham Welcome Hall (Previously known as St Andrews Church School Room) is no longer available for use as a polling station. (A)RO will consider an alternative venue and will take into account the comments above.

- 2 Comments welcomed on the polling districts and polling stations in the area.

**Comments from the review:**

- **Elector in SN10 3RQ**  
Marden Village Hall – It is fully accessible via ramp with a handrail. The toilets are fully accessible from the polling area (no steps). It is light, warm, and airy. I think it is ideal and is also used by Chirton residents.
- **Organisation in SN8 4JH**  
See [Appendix B](#) for full representation (relating to Wilcot, Huish & Oare)
- **Elected Official**  
See [Appendix G](#) (relating to Hilcott Village Hall being demolished)

**(Acting) Returning Officer Response:**

The polling station Hilcott Village Hall identified for XB1 (North Newnton) has 372 electors. Polling station visits and comments from the review identify that the polling station Hilcott Village Hall has been demolished.

Replacement polling station is Rushall Village Hall Rushall, Pewsey, Wiltshire, SN9 6EN. This polling station is better suited than the parish rooms due to having more parking spaces and better access facilities.

The Parish Council's comments regarding ZE1, ZE2 and ZE3 are noted. These polling districts historically vote at Oare Village Hall and no issue has thus far been identified. Oare Village Hall is deemed a suitable venue for a polling station.

Merging the polling districts streamlines the administration of the poll without impact to the electorate.

The cost of the administration of polls does not fall under the scope of this review however it should be noted a second polling station would be a greater financial burden. The total electorate is 446 for the combined polling districts and it is not deemed that a second venue is necessary.

- **Elector in SP2 9BH**

At a parish poll the times and locations of the parish poll were inadequate and outdated. The stations badly selected, the times were inconvenient and the lack of ability to use postal votes positively unworkable.

**(Acting) Returning Officer Comments:**

- 1 In the absence of suitable venues within the division, Harnham Free Church is to be used as polling station and polling place. The polling place is outside of the Unitary Division.
- 2 Minor boundary change between CG2 and CG3 to better apportion electors across the polling districts.
- 3 Proposed polling station change to better meet the accessibility needs of the electorate.
- 4 Comments welcomed on the polling districts and polling stations in the area.

**Comments from the review:**

- **Elector in SP2**

Harnham Parish Hall on Lower Street is ideal

- **Elected Official**

See [Appendix E](#) for full comments (in relation to Community Lounge)

**(Acting) Returning Officer Comments:**

Further to comments from the review and a recent parish by-election where the Community Lounge was used, the current polling arrangements are deemed to be suitable.

It should be noted that Harnham Free Church has changed its name recently to Trinity Church Centre

**(Acting) Returning Officer Comments:**

- 1 Polling Districts OO1 and OP1 merge. The electorate of is OO1 is 83 and the electorate of OP1 is 439 electors bringing the total electorate for new polling district OP1 to 522. New polling district to be named OP1.
- 2 Comments welcomed on alternative venues in MK1 Brokenborough.
- 3 Polling station change. Electorate of PP1 is less than 90 electors.
- 4 Polling station change.
- 5 In the absence of suitable venues within the division, Activity Zone Malmesbury Leisure Centre, SN16 0DQ is to be used as polling station and polling place. The polling place is outside of the Unitary Division.
- 6 Comments welcomed on the polling districts and polling stations in the area.

**Comments from the review**

- **Organisation in Luckington & Alderton**

We object to the closure as there is no public transport and those with disabilities or without a car cannot travel. Currently Alderton has 83 voters. This fails to include the approved development at New Farm which will double the population of Alderton.

**(Acting) Returning Officer Response:**

There does not appear to be sufficient need to maintain two polling districts and polling stations within the Parish of Luckington. The electorate of the parish is 522.

It is acknowledged that the polling station for OO1 is convenient for the 83 electors in Alderton however, Luckington Village Hall is situated centrally within the Parish. The two Village Halls are approximately 1.1 miles away from each other.

It is therefore deemed that the original proposal is upheld.

- 2 Comments welcomed on the polling districts and polling stations in the area.

**Comments from the review**

**Elector in SP3 6BF**

- Why do you use Hinton hall when there is a Wiltshire Council owned property (Nadder Centre) that could be used? It would mean not renting the hall or paying for classes to be moved. It also has a larger car park and everyone knows it is there.

**(Acting) Returning Officer Response:**

Hinton Hall is deemed to be suitable and accessible to the electorate.

All 3 of the polling stations are in 1 location. DI & DQ are fine in the current location but we would like to see the DP reinstated to the primary school where it was and available for the disabled and elderly geographically.

**(Acting) Returning Officer Response:**

These three polling districts have voted at Wilton Community Centre since 2017 and no issue has thus far been identified. It is therefore deemed as a suitable venue.

We need a polling station in this village. Making people go to Codford is very burdensome for those without a car.

- **Elector in BA12 0HW**

We always had our polling station at the Red Lion pub but last time it was moved to Codford 4 miles away. This is not good or convenient for people. I'd like our polling station returned to the village. We have the pub, the school or church.

**(Acting) Returning Officer Response:**

Heytesbury and Knook – there is no change to the polling station. The comments refer to a polling station change to Codford in 2021 only which was necessary due to Covid restrictions.

## **99 Appendix A**

Response from a Parish Council

### **CALNE WITHOUT PARISH COUNCIL'S RESPONSE TO CONSULTATION**

#### **1. INTRODUCTION**

Calne Without Parish Council would like to thank Wiltshire Council for consulting with us on polling districts and polling stations within our Parish.

We have no comments to make about arrangements for polling stations, which currently seem satisfactory.

We would, however, like to draw your attention to the need for significant changes to polling districts which will be required due to the significant changes to parish boundaries arising out of the 2021/22 Community Governance Review, undertaken by Wiltshire Council.

This is due to be implemented in May 2025, with parts of Calne Without Parish Council being transferred to Calne Town Council and the Parish Councils of Bremhill, Hilmarton, Compton Bassett, Cherhill and Heddington, and the remainder becoming the new Parish of Derry Hill & Studley.

These proposed changes are detailed in full in the following Wiltshire Council document:

Community Governance Review 2021/22  
Final Recommendations of the Electoral Review Committee

October 2022

<https://cms.wiltshire.gov.uk/documents/s208706/FInal%20Recommendations%20of%20the%20Community%20Governance%20Review.pdf>

Polling Districts will require revision to facilitate the town and parish council elections of 2025, reflecting the new town and parish warding structures and boundaries.

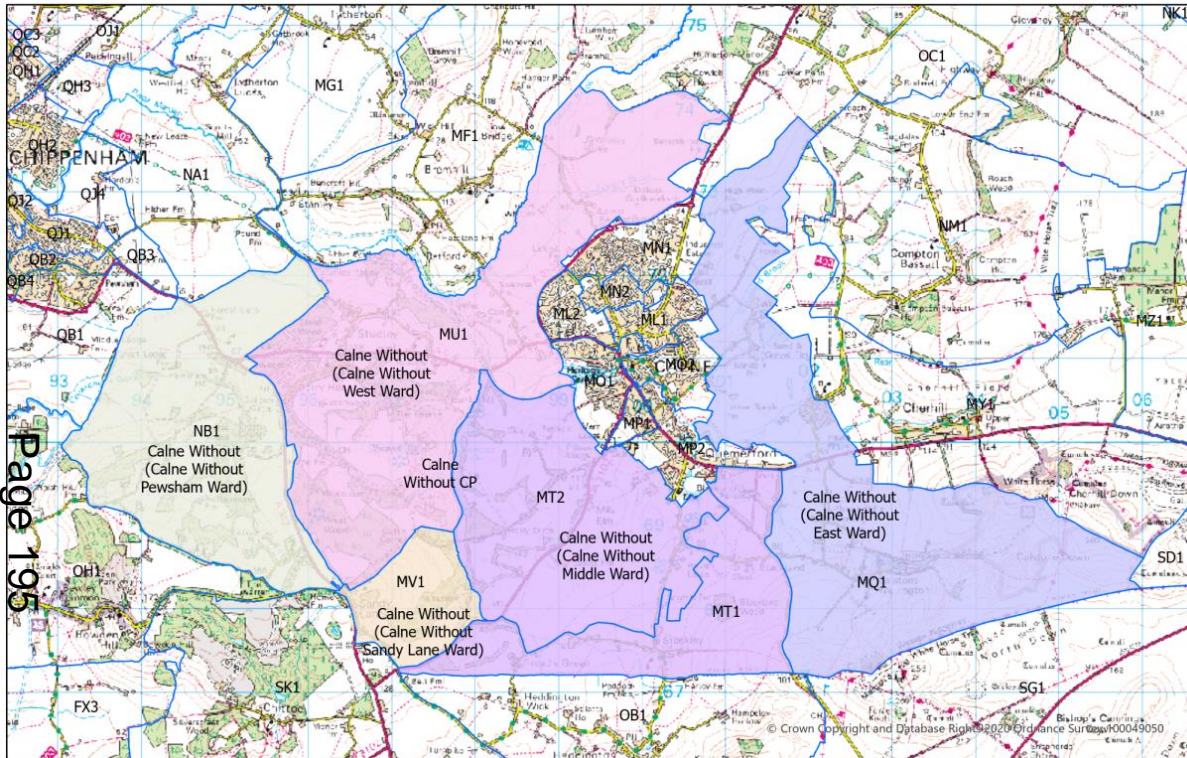

There is, however, a further complication that Wiltshire Council should be aware of. The Calne Community Neighbourhood Plan is currently undergoing a major review. This Neighbourhood Plan currently covers the areas of Calne Town Council and Calne Without Parish Council. The updated Neighbourhood Plan is likely to proceed to a referendum in early 2025, and potentially on the same date as the May 2025 town and parish council elections.

The new polling district structure therefore needs to be able to facilitate both town and parish council elections to the new boundaries, potentially at the same time as facilitating a Neighbourhood Plan referendum reflecting the current boundaries.

Detailed recommendations for each of the current polling districts within Calne Without are detailed in Section 2 below.

## 2. DETAILED RECOMMENDATIONS

Detailed recommendations are detailed below for each of the current Calne Without Parish Council electoral divisions:

Note: references to “Areas” below relate to the areas defined in the Community Governance Review 2021/22 Final Recommendations Report reference above.

Current Polling District	Recommendation	Comments
MT2	Transfer of Area A from MT2 (Middle Ward) into Calne Town Council division MP2.	Represents the transfer of the Cherhill View development into Calne Town Council.
MU1	Transfer of Area B from MU1 (West Ward) to Calne TC division MO1.	Represents the transfer of the Chilvester Hill development into Calne Town Council.
MQ1	Transfer of Area B from MQ1 (East Ward) to Calne TC division MO2.	Represents the transfer of the Low Lane development into Calne Town Council.
NB1	Minor change only required – transfer of a small part of Area D1 from NB1 (Pewsham Ward) to Bremhill PC division MF1.	This is a small section of Pewsham Ward which contains no electors
MU1	Transfer of substantive part of Area D1 from MU1 (West Ward) to Bremhill PC <b><i>within a new electoral division.</i></b>	The new electoral division would allow electors to vote in both Bremhill Parish Council elections and in a Calne Community Neighbourhood Plan referendum.
MQ1	Transfer of Area H2 from MQ1 (East Ward) to Compton Bassett PC <b><i>within a new electoral division.</i></b>	The new electoral division would allow electors to vote in both Compton Bassett Parish Council elections and in a Calne Community Neighbourhood Plan referendum.

Current Polling District	Recommendation	Comments
MU1	Transfer of Area I from MU1 (West Ward) to Hilmarton PC division OC1.	This is a small section of West Ward which contains no electors
MQ1	Transfer of part of Area J from MQ1 (East Ward) to Cherhill PC <b><i>within a new electoral division</i></b> to form the new ward of Lower Compton.	This will form the new ward of Lower Compton within the future Cherhill Parish Council.
MT1 & MT2	Transfer of parts of Area J, representing the ancient parish of Blackland, from MT2 and MT1 (Middle Ward) into MQ1 (East Ward).	MQ1 will then form the future Blackland and Calstone Ward of the future Cherhill Parish Council.
MT2	Transfer of area to the north-west of the A3102 Mile Elm Road from MT2 (Middle Ward) to MV1.	The north-western part of MT2 is to become part of the future ward of Bowood and Sandy Lane, within the future Derry Hill & Studley Parish Council.
MT2	Transfer of the remainder of MT2 into MT1, representing Area K.	The remainder of MT2 (to the south-east of the Mile Elm Road), together with most of MT1, will form part of the future ward of Stockley, within Heddington Parish Council.

Current Polling District	Recommendation	Comments
MV1	Transfer of Area L from Bromham division SK1 into MV1.	This is a small administrative transfer into what will be the ward of Bowood and Sandy Lane, within the future Derry Hill & Studley Parish Council.
MU1	Transfer of part of MU1 (West Ward), to the south of Church Road / Old Road / A4, into MV1.	This will form part of the future ward of Bowood and Sandy Lane, within the future Derry Hill & Studley Parish Council.

### 3 CONCLUSION

The future Parish of Derry Hill and Studley will then comprise the following three electoral divisions

- Derry Hill and Studley Ward, comprising the remainder of the MU1 division, following transfers out.
- Pewsham Ward, comprising the NB1 division, largely unchanged, except for the minor adjustment noted above.
- Bowood and Sandy Lane Ward, comprising the MV1 division, expanded to include transfers from MU1 (West Ward), MT2 (Middle Ward) and SK1 (Bromham).

The newly created wards within Heddington and Cherhill Parish Councils will be drawn from:

- Stockley Ward of Heddington PC, taken from the former Middle Ward divisions of MT1 and MT2 after transfers.
- Blackland & Calstone Ward of Cherhill PC, taken from the former East Ward division of MQ1.
- Lower Compton Ward of Cherhill PC, requiring a new electoral division.

Additional electoral divisions will be required to facilitate a referendum on the Calne Community Neighbourhood Plan:

- Within Bremhill Parish Council, covering Area D1 taken from the former West Ward.
- Within Compton Bassett Parish Council, covering Area H1 taken from the former East Ward.

**99 Appendix B (Wilcot, Huish & Oare)**

Good evening,

The parish council appreciates that the review process has remembered their previous comments about this matter, made during the 2019/2020 Community Governance Review.

Since then, of course, the parameters of decision-making have changed for the parish, with the introduction of charges for all electoral costs to be borne by the parish rather than by Wiltshire Council.

Ideally, if the costs are not prohibitive, the parish council would prefer that two polling stations are operated, with both Wilcot and Oare Village Halls open to voters; this would enhance access and facilitate participation in the electoral process for those unable to drive, as well as facilitating walking and cycling for all voters in line with Wiltshire Council's environmental strategy.

If the costs are prohibitive, the parish council would, as a second-best option, ask for alternating polling stations, in order to share the burden of travel equally between parishioners.

Page 199

The parish council seeks to know whether the merger to create one polling district restricts these options. In which case, the parish council would ask that the merger is reconsidered.

The parish council would appreciate further discussion and an understanding of the costs before any decisions are taken by Wiltshire Council, please.

The parish council wonders whether Wiltshire Council would be willing to negotiate a deal, whereby the electoral costs to the parish could be offset by the environmental benefits to Wiltshire of operating two stations.

Yours faithfully,  
Clerk, Wilcot, Huish and Oare Parish Council.

## 100 Appendix C (Wiltshire County)

Email from an Elector in Wiltshire

Hello,

My comments do not relate to any particular polling place, they note experiences people from the affected groups have frequently reported across the country. This indicates that the training of Polling Officers should explicitly include these scenarios so they can react correctly and appropriately. (And if it already does, that they should be stressed or given more prominence so that the Polling Officers are more aware of these situations.)

Regarding the LGBTQ+ Community; If someone has an ID that does not match their gender presentation – Say someone wearing make up, with a dress and long hair had an ID with an M marker and the name Steve – they are frequently challenged on the basis that this is not their real ID. In reality there are a host of reasons why someone may not have wanted or been able to get an ID that matches the way they prefer to present themselves.

Even if a Poll worker is aware of trans, non-binary and gender non-conforming people, they may feel entitled to ask intrusive questions to confirm the person is 'really trans.' This puts the person in the awkward position of refusing to answer, and potentially being turned away, or having to disclose private information.

In addition, some polling places are in old or hard to reach buildings, with only a few parking spaces. Even if there is a ramp/a lack of steps, getting to the building itself can be an issue for those who use wheelchairs or have other mobility challenges. Narrow doorways and corridors can still be a barrier to wheelchair users even if the building is overall considered 'accessible'. Ideally someone who uses a wheelchair would have the final say over whether or not a building was considered suitable.

Another consideration is that if the polling place is busy, there are not always chairs available for those who cannot stand for long periods and who are therefore unable to wait if there is a queue.

Also those with speech or mental difficulties are sometimes challenged because it is believed they don't or aren't capable of understanding what they are voting for, and therefore do not have the right to vote. They are then mistakenly prevented from exercising their legal right.

Then there are those from immigrant communities, who may not speak English fluently, who nevertheless have the right to vote, either in Local or National elections. Sometimes they are challenged based on the mistaken assumption that such a person could not be a citizen, or should not have the right to vote. Their English skills mean they are unable to dispute the Polling Officer and so are wrongly turned away.

If a person has encountered one of these issues previously or knows someone who has, it can discourage them from making another attempt to vote. Therefore, ideally, you would make it clear in your advertising/information that the issues have been considered and you are actively trying to avoid them in

future. In addition, polling places and voting information should make it clear where people can address any queries or complaints if they do have an issue with a Polling place or Officer.

Many Thanks for your time

Elector Name Redacted.

## **101 Appendix D (Warminster North & Rural)**

Dear Election Team,

You have invited comments from councillors familiar with the polling stations and polling districts within each Unitary Division.

I refer to specifically Warminster IC1 and IC2.

IC2 is situated in the Community Centre, Firbank Crescent within the Garrison near residential quarters.

Although not 'behind the wire' it serves a minority of nearby 'service' voters and is not a conducive location for the much larger number of voters from IC2 to travel there to attend.

Indeed, with the rightful secure areas within the garrison camp, it can be somewhat intimidating and confusing to find.

I suggest that the following suggestions are considered:

- The polling station is relocated to within IC2 (Portway Estate – Medilcot House)
- An additional polling station is set up in IC2 (as above)
- Polling station in IE2 Warminster Civic Centre is set up to jointly receive voters from IC2 (which would be nearer to travel)

I hope that you will receive these comments in the constructive manner intended but happy to discuss further.

## **102 Appendix E (Harnham West)**

Email from Elected Official

The community lounge has been used since the Junior school ceased being used, due to the TRO coming into being in the road in around 2006, which bans non permit holders. The lounge is also within the old sheltered scheme and closer to many who are likely not to bother to vote. It is also owned by wc, so there should not be any cost in hire fees.

I was advised that the lounge was not used during covid and should return to use as a polling station.

### **103 Appendix F (Westbury)**

Dear Sir / Madam

At the Policy & Resources Committee that took place on Monday 2<sup>nd</sup> Oct 2023, the committee discussed the Polling District and Polling Place Review 2023.

Following much debate, the members reached outcome below:

1. It does not seem sensible that residents living in the same street are required to visit different a polling station. This should be streamlined.
2. You will be aware the town council is now required to pay for their elections. Will the town council now have any control over the process. For example, the number of polling stations, how these are manned, and staff involved and where savings could be made.

Town Clerk MIWFM

### **104 Appendix G (Pewsey Vale West)**

Email from an Elected Official

A consultation document came out about reviewing polling station locations, Hilcott identified the village hall, it does not exist being demolished, I recommended either Woodborough Parish Room or Rushall village Hall. I said I would consult with the PC to identify their preferred polling station as they are about the same distance from Hilcott and I would provide the polling station consultation team with the outcome so that they could update their records.

### **105 Appendix H (Purton)**

Email from an Elected Official

I have raised the issue before about the locality of a polling station for the residents of Ridgeway Farm and Mouldon View as Purton Village Hall is not easily accessible for these residents. Not only is there limited parking at the Village Hall, but there is no public transport and the only direct road to the village is narrow and IF all the residents did decide to drive out to vote I can see there could be a lot of vehicle conflict on the bends around the church.

Ideally if residents had postal votes this would help but it is not what everyone wants.

Hence these 1000 homes need a more localised venue to go and vote. There is a primary school on the estate at Ridgeway Farm and across the road at Peatmoor a pub and community centre.

## Wiltshire Council

### Electoral Review Committee

22 November 2023

---

#### Parish Name Change Review

##### Purpose

1. To consider proposals to change the name of the parish of Lea & Cleverton.

##### Background

2. Changing the name of a parish or parish council can be done through a Community Governance Review process in accordance with the Local Government and Public Involvement in Health Act 2007.
3. However, such a change may also be progressed under s.75 of the Local Government Act 1972.
4. As the latter would be a simpler process in terms of structure, consultation and decision, the Committee at its meeting on 21 September 2021 resolved that where a request was received solely regarding a parish name change, the s.75 process would be followed
5. This report relates to requests from the parish of Lea & Cleverton, which is located east of Malmesbury, within the Electoral Division of Brinkworth.

##### Main Considerations

6. Lea & Cleverton Parish Council requested that the name of the parish be changed to Lea, Garsdon, & Cleverton Parish Council. The reason for the request was:

*To properly represent the three habited areas that make up our parish*

7. In order to change the name of a parish, a decision would be required by Full Council, who would then notify the Secretary of State, Director General of the Ordnance Survey, and the Registrar General, along with a parish name change order.
8. There are no specific consultation requirements where a change of parish name is being considered under s.75, only proscribed notifications after the event as detailed above.
9. However, the Council must have reasonable grounds for making a change that has been proposed by a parish council. On this basis Lea & Cleverton Parish Council were informed on 19 October 2023 that an online survey had been set up to seek any local views, with a request this be circulated in the community. The Members of Malmesbury Area Board were also contacted on 23 October 2023. The council's webpage on reviews was updated to include the name change survey.
10. S.75 allows the Council to change the name of a parish at the request of a parish council (or parish meeting if there is no council). This means that the Council may only approve or not approve that suggested name, and cannot substitute some other

proposal. For instance, should a new suggestion arise as a result of a survey, unless the parish council had indicated formal consent for that alternative proposal.

11. 1 response was received to the parish council's proposal. This was in favour, stating the proposed name was more inclusive.

12. The Committee has recommended, and Council approved, name changes in the past where no responses were received.

### **Safeguarding Implications**

13. There are no safeguarding implications.

### **Public Health Implications**

14. There are no public health implications.

### **Procurement Implications**

15. There are no procurement implications.

### **Risk Assessment**

16. There are no risk issues arising from this report.

### **Equalities Implications**

17. There are no equalities implications.

### **Environmental and Climate Change Implications**

18. There are no environmental implications.

### **Workforce Implications**

19. There are no workforce implications.

### **Financial Implications**

20. There are no financial implications.

### **Legal Implications**

21. This report is consistent with the requirements of s.75 of the Local Government Act 1972.

### **Options**

22. The Committee may recommend that Full Council approve the proposed name changes for the parishes as listed, decline to make any recommendation to Full Council at this time, or seek consent of the parish council to recommend an alternative name to Full Council if appropriate.

### **Proposal**

23. To consider whether to recommend Full Council approve the following name changes:

- 1) The Parish of Lea & Cleverton be changed to the Parish of Lea, Garsdon, & Cleverton

**Perry Holmes – Director, Legal and Governance**
