**Questions from Cllr Chris Caswill**

- a) What specific steps have been taken to re-evaluate the relative merits of an Eastern or a Southern Link Road, and how can an open mind on this be demonstrated?
- b) Has any further work been done on the traffic issues on Station Hill in Chippenham, which would result from a development on Rawlings Farm?
- c) When will a revised Transport Strategy for Chippenham be (a) completed and (b) published?
