**Questions from Peter Cousins Agenda Item 7 – Chippenham Housing
Infrastructure Fund Bid**

**To Councillor Philip Whitehead – Leader of the Council and Cabinet Member
for Economic Development**

Question 1:

How much of the renewable energy generation that was highly significant in the Friends of the Earth survey scoring is on WCC own buildings or property?

Question 2:

Why has WCC consistently supported big damaging road schemes and continues to do so by bidding for subsidies to build more roads around Chippenham?

Question 3:

Why WCC continues to allow new housing development where people are forced to use cars and where public transport access non-existent?
