# Performance – 12 months to March 2022

## Force

- Wiltshire Police recorded crime reports a YoY increase of 13.1% in the 12 months to March 2022 and continues to have one of the lowest crime rates in the country per 1,000 population. The 13.1% increase is attributed to a return to pre covid volumes and an extended Summer high experienced as restrictions were removed.
- Our service delivery remains consistently good.
- In March 2022, we received:
  - 8,911 '999' calls, which we answered within 10 seconds on average;
  - 10,814 '101' calls, which we answered within 8 seconds on average;
  - 11,417 CRIB calls, which we answered within 1 minute and 32 seconds on average.
- In March 2022, we also attended 1,635 emergency incidents within 9 minutes and 49 seconds on average.

# Performance – Hate Crime overview

## Force

- Hate Crime volumes are within normal bounds. Summer highs have been slightly more extended which has resulted in year-on-year increases (133 crimes, +17.5%), largely within Sexual Orientation and Racial crimes. This extended summer high is reflective of the trend seen within overall crime volumes, but is now showing signs of returning to the norm.
- Formal Action Taken (previously "detection") rate is at 13.5%, down by 7.2% from the previous year. Whilst rates have remained stable across Sexual, religious, transgender or disability related hate crimes (<1% variance), Racially motivated crimes relating to public order are driving the loss in detection rate.
