What are the Fatal Five?

- Careless driving
- Drink and drug driving
- Not wearing a seatbelt
- Distracted (using a mobile phone)
- Speeding

Road users who commit one of the Fatal Five offences are far more likely to be involved in a fatal collision than those who do not.

People are dying on our roads as a result of motorists' poor driving, reckless decisions and momentary lapses in concentration.

Fatal collisions are heart-breaking – for the family, for the community, and for the responding emergency services staff who have to witness the tragedy and subsequent aftermath and we've seen too many this year already.

Stopping any more deaths from occurring as a result of something unnecessary and totally avoidable is a top priority for us.

Across the Summer, our Community Policing Teams, along with speed enforcement officers and the Roads Policing Unit will be making sure motorists are being safe and driving smart.

Neighbourhood officers have had a two for one deal today in Amesbury. After stopping one car because the driver through it to be a good idea to check their phone at the lights whilst next to it police car the drivers colleague then pulled in next to them. Unfortunately for them they didn't have insurance and further ch on the first vehicle resulted in the driver being unable to produce driving license with a decidedly dodgy international driving perm given instead. Vehicle seized and drivers reported.

Officers from Team 4 have been focusing proactively stopping cars targeting the Fatal five. They have been talking to Drivers about the reasons they have been stopped, educating and engaging them on the fatal fives and highlighting the importance that every road users driving has an impact on others.

The fatal Five include:

1. Careless driving
2. Drink and drug driving
3. Not wearing a seatbelt
4. Distractions (using mobile phones)
5. Speeding.

Amongst many vehicles stopped one male has been arrested and charged for driving over the prescribed limit of alcohol. The driver a man in his 30's from Ludgershall was stopped by officers after poor manner of driving and lack of attention to other road users along the A3206 in Ludgershall. The male told officers he had been drinking alcohol prior to driving but thought he was in a fit state to drive. The male blew nearly double the legal limit to drive. The male blew 60ug per 100 micrograms of breath at the roadside and the legal limit is 35 ug per 100 micrograms. The male was arrested and on the evidential test provided a reading of 60ug and was further charged with the offence of driving over the prescribed limit of Alcohol, Section 5 of the road traffic act 1988.

PC WILLDIGG said "It is so important that no drivers are committing any of the fatal fives, if you see any drivers you think are doing any of these please contact 101 or 999 in an emergency"
