Are you a frontline worker in Wiltshire?

Warm & Safe Wiltshire can help you help others stay warm this winter.

We offer free advice and support to Wiltshire residents to help lower their heating bills, stay warm and improve their health. This includes:

- Replacing broken heating systems.
- Accessing financial assistance – such as prepayment meter vouchers or discounts on bills.
- In-depth casework with a trained advisor.

Frontline workers can also explore our **FREE** training options, from a brief overview of our services and how clients are supported, to an in-depth look at how to identify potential clients needing support.

▶ You can refer Wiltshire residents to us quickly and easily using this online form: www.warmandsafewiltshire.org.uk/referral

Or call **0800 038 5722**

To book a FREE training session please email: warmandsafe@cse.org.uk

Warm & Safe Wiltshire is funded by Wiltshire Council and managed by the Centre for Sustainable Energy.
