Update from	Spurgeons
Date of Area Board Meeting	6 November 2024

Headlines/Key Issues

We now have our Family Navigator Kelly working weekly from Melksham Campus on a Monday, who is available to signpost families to relevant support as needed, this support is available for families with children aged 0-19 and 0-25 with SEND needs.

We continue to support families through our outreach programme and Parenting Programmes which we are rolling out based on need, again Kelly our Family Navigator is available to speak to families about this service as well as ringing our main line to speak to an admin navigator.

Carl, our Community and Family Navigator is currently working to build connections within Melksham to feel gaps in communities and would welcome any discussions with organisations, Wiltshire Councillors or Services in the Melksham Community, already being involved with Community Conversations, Health and Wellbeing Panel through the Area Board and the Library.
