Statement from Jacky Attridge, Shrivenham, Oxon

Proposed Creation of Central Devizes Customer Access Point and the Closure of Browfort, Urchfont Manor and Bradley Road Buildings

Statement

I have just heard about the proposal to shut Urchfont. This would be such a loss to all as over the years it has certainly built up an enviable reputation as a brilliant place for learning and friendship and food! I am against any idea to do away with it as it stands. Aint broke don't mend it comes to mind.
