2<sup>nd</sup> September 2018

**Pewsey Community Area Partnership (PCAP), Campaign to Protect Rural England (CPRE) and Pewsey Parish Council (PPC) Statement to Pewsey Area Board, 3<sup>rd</sup> September 2018, on the status of Everleigh HRC**

PCAP/CPRE/PPC have had a busy time since the last Pewsey Area Board promoting the need for public support for Everleigh and completion of the consultation questionnaire. Activities included a banner set up near the site entrance, and flyers have been distributed at: Pewsey Co Op on several occasions, Pewsey Community Market, Rushall, Charlton St Peter, Netheravon, North Newton, Tidworth, Ludgershall, Manningford Abbots, Manningford Bruce, Wootton Rivers, Wilcot and Eastern Royal. It has been noted that public awareness of the consultation has been even more sparse than usual. Apart from notification to Parish Councils, we request Wiltshire Council to supply a list of any other steps that they may have taken to provide information to the public and interested bodies, that the consultation existed, in order to assess the effectiveness of its communications policy in this case.

This Group has also reviewed the consultation options in detail and has raised a series of comments with the Director for Waste that has given rise to an exchange of correspondence, the last of which was received from the Council on 28<sup>th</sup> August and is therefore still under consideration. Impressions to date indicate that the costings are still largely only budgetary estimates and guesstimates with some data not supplied, commercial confidentiality being given as the excuse. The costings do not appear to be built on a common base allowing for any form of cost comparison or analysis. The costs for Option 1, (the full recovery of Everleigh) arguably appear inflated, thus promoting the closure option. The costings for Option 6, (the closure option) would also appear to have been kept to a minimum that may not correspond to reality in the event. The Group therefore reserves the right to return to these and any other costings issues, once there has been time for further consideration.

A further, but important issue has also been discovered recently in relation to option costings, namely an e-mail dated 24<sup>th</sup> July in response to a question raised by PCAP at PAB on 9<sup>th</sup> July. This e-mail, written by the Head of Waste Management, Martin Litherland, to the Chairman of PAB, Mr Kunkler, inadvertently was not received by PCAP until 30<sup>th</sup> August. While addressing the original question, it also includes the comment : “The information on the costed options has been included so that all respondents are fully aware of the options the council had considered before proposing to close the site at Everleigh. We are not therefore seeking views on these options”. The last sentence obviously conflicts entirely with Question 11 of the consultation itself, which asks” Do you have any comments to make on the other options included in the detailed background documents that the Council currently considers not viable?” An explanation of this currently inexplicable state of affairs has been requested from the Council as a matter of urgency.

At the PAB on 9<sup>th</sup> July it was identified the Consultation Questionnaire had a character limitation restricting the response to the questions. We were subsequently assured that this restriction had been removed, however, WC have been formally advised that the restriction is still in place. PCAP have asked WC how this shortfall in the questionnaire is going to be handled in the questionnaire analysis.

Lastly, following PCAP's announcement at PAB on 9<sup>th</sup> July that it intended to take legal advice with regard to the Council's consultation process proposing the closure of Everleigh, PCAP can confirm that a submission was made subsequently to their Solicitors.

The matter remains ongoing, and acting on their advice, PCAP meanwhile intends to await the Council's decision as to whether the site should remain open, or not, and in the latter event, retains its right to consider taking any legal action that it deems necessary.

Colin Gale     PCAP Member

# Agenda Item 5

## ***Chairman's Announcements***

**Subject: Banning of Sky Lanterns and Balloon Releases on Wiltshire Council Land.**

Large scale balloon and sky lantern releases are familiar sights and are often carried out at events to remember lost loved ones or mark other special events. Wiltshire Council is the latest to pass the ban on the release of balloons and sky lanterns on its land, following a report on the environmental and wildlife impact. The ban includes biodegradable balloons, as balloons cannot degrade quickly enough to not prove a hazard for wildlife.

The council understands that there are different reasons that people may wish to take part in organised balloon / sky lantern release events, however there are other activities that can be undertaken. We hope this move by Wiltshire Council will help to raise awareness of the issue and will encourage other Town and Parish Councils to take a similar approach.

## Pewsey Area Board Police Report November 2018

### 1. East Community Policing Team

**Sector Head:** Inspector Chris Martin

**Community Coordinator:** PC 2753 Paul WOODBRIDGE

**Pewsey PCSO's:**

PCSO Paul WHITESIDE

PCSO Sam BURNSIDE

Hello and welcome to this Community Policing Team report,

#### **Targeted Patrols Devizes and surrounding areas:**

##### **Theft from motor vehicles**

We have unfortunately seen a rise in the number of thefts from parked vehicles within the area. These have primarily been taking place in car parks for beauty spots but there have been a number where people have had tools taken from vehicles near their homes.

We are giving out the following advice to try and reduce the number of incidents:

- *When leaving your vehicle ensure all valuables are taken with you or well hidden*
- *Ensure your vehicle is locked and secure when you leave it.*
- *If possible, park in a well lit area to deter potential criminals*

Sgt Pete Foster, Pc Paul Woodbridge and PCSO Paul Whiteside attended the remembrance event on Pewsey Hill yesterday. It was a pleasure to help plant the trees and honour those who gave their lives. Great singing from the school children to.

### Good News

As a result of increased powers granted to Police, we have seen several vehicles seized for having no road tax. This is another useful tool to enable us to disrupt criminality and restrict the use of the roads to criminals in the area.

Clearly not all untaxed vehicles are driven by criminals however it is still an invaluable tool.

### Dangerous and Persistent offenders

Work is continuing with our SWITCH nominals, (those who are identified as persistent and prolific offenders), including intelligence gathering and relevant actions following dissemination. We currently have two nominals within the East Policing Area classified as such and we work closely with our SWITCH team members and partner agencies to manage these offenders.

This month we have accumulated one new offender – we see this as a positive move as the SWITCH team can manage this person.

Wiltshire East CPT

**Report to** Pewsey Area Board  
**Date of meeting** 3 December 2018  
**Title of report** Youth Grant Funding

**Purpose of the Report:**

To consider the applications for funding listed below. Also to note items listed under point five of this report.

<b>Applicant</b>	<b>Amount requested</b>	<b>LYN Management Group recommendation</b>
GBYG Mental Health Project	£2256.00	Award in full
Wiltshire Voices Burbage	£2468.00	Award in full
350 Marine Cadet Troop TS Redoubt	£5000.00	Award in part – phased funding approach

**1. Background**

The recommendation from the LYN Management Group has been made in accordance with the following guidelines:

- Leaders guidance for Community Area Boards on Positive Activities for Young People
- Positive Activities for Young People local Youth Network Terms of Reference
- Positive Activities Toolkit for Community Area Boards

Young people have considered this application and identified it as a priority for Area Board funding.

**2. Main Considerations**

- 2.1. Councillors will need to be satisfied that Youth Grant Funding awarded in the 2018/19 year are made to projects that can realistically proceed within a year of it being awarded.
- 2.2. Councillors will need to decide and be assured that young people and the community will benefit from the funding being awarded and the project/positive activity proceeding. The application should meet the identified needs, priorities and outcomes for young people in the areas, as identified in the LYN Needs Assessment and Strategic Plan.
- 2.3. Councillors will need to ensure measures have been taken in relation to safeguarding children and young people.
- 2.4. Councillors will need to ensure that young people have been central to each stage of this Youth Grant Funding application.

### 3. Environmental & Community Implications

Youth Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

### 4. Financial Implications

Financial provision had been made to cover this expenditure

### 5.

<b>Project summary</b> This project aims to educate engage and promote positive mental health amongst young people and our volunteers.			
<b>About your project</b> We are a voluntary youth group in a rural village. We have around 30-40 young people on our membership with around - each week in attendance. We promote young people engaging and developing through the opportunities they access through the youth group some recent successes are foraging and craft.			

We want to deliver a year long mental health focus to the group this is to promote positive mental health through activities and informal education. We are able to provide a structured and supportive environment which allows for positive discussion around mental health issues how young people can access help locally and what to do when things are more serious.

Some of the areas we will cover is mindfulness and relaxation techniques. The group is open to all young people aged 11-18 in the local area we have taken young people with SEND young carers LAC and NEET.

We are asking the LYN to contribute towards outside agencies introducing activities that will support our own delivery.

**Safeguarding**

All our volunteers and staff are DBS checked and complete the online safeguarding training. We also monitor the attendance which is recorded via run a club and also complete membership forms. Our chair Jenny Bowley is safeguarding lead with Claire Tarbox committee member and volunteer. They are both trained to advanced level. We also monitor our internet access while at the group and have a policy that reflects this.

**Monitoring**

We will monitor the attendance and take feedback from the young people. We will also take photos and recordings of their participation.

610	The Pound Arts Trust Ltd	Wiltshire Voices Burbage	£2468

### Project summary

Wiltshire Voices Burbage is one of four branches of an innovative exciting new county-wide Youth Choir Programme. These are high-end singing ensembles for 12-18 year olds in coming together for special events with a wide-ranging repertoire that is responsive to participants. The opportunity to work towards Arts Award is offered to all. In addition we will establish a BSL signing choir. Existing choirs schools and community youth groups across Wiltshire will be offered performance opportunities in inspiring locations such as Salisbury Cathedral WOMAD Festival and Longleat. CPD will be offered to school and community singing leads strengthening singing opportunities county-wide.

### About your project

The need for additional consolidated singing activity was identified through a consultation led by Wiltshire Music Connect the Music Hub for Wiltshire. Responding to their brief Pound Arts drew on our rural touring experience and learning from our Creative Learning programme to create a project that consolidates and strengthens the singing offer for young people in our region and addresses key priorities including rural isolation and deprivation hearing impaired and deaf children and military families.

47.2 of Wiltshire's population lives rurally with many experiencing isolation. Significant areas of Wiltshire are in the 5 most deprived in the UK and rural poverty is hidden but significant Wiltshire Uncovered Report 2014. In 2018 an additional 4000 military families will be located in Wiltshire which already has one of the largest military populations of any UK county. These groups will be targeted to participate through recruitment marketing and the geographical locations of groups. We will work with schools teachers to identify young people in challenging circumstances who would benefit from this activity.

Having five branches of Wiltshire Voices overcomes geographical barriers enabling young people to participate in their local area. We will use relationships built through rural touring to identify each location. The BSL signing choir will offer participation and performance opportunities for hearing impaired performers and audiences. We have built into the budget support for events where branches come together to ensure no young person is unable to attend due to where they live or the cost of travel. Recruitment will have accessibility at its heart with the cost of participating kept affordable and subsidised free places available. The rehearsal spaces will be fully accessible and with participants contributing to decisions repertoire will be inclusive and wide-ranging.

The Festival events have an emphasis on inclusion and diversity and will be open to all to participate and priority will be given to schools in coldspots and/or with high levels of SEND pupils. CPD will be targeted where it is needed as identified with WMCs Cluster Coordinators ensuring current potential WMC Associate Providers can access these opportunities. This project supports WMCs Singing Strategy's aim of encouraging all schools to offer regular singing at all ages. We have designed a training plan including the Certificate for Music Educators to ensure the Choirs Champion is a leading and qualified expert and Mental Health First Aid to enable staff to best support young people facing difficulties.

Wiltshire has significantly higher than the national average for children's admissions to hospital with self-harm injuries 172.9 per 100000 a key indicator of children's mental health. The pastoral care we will offer will support retention within the groups particularly supporting those young people in challenging circumstances. Working with the expertise of the WMC Cluster Coordinators and building on existing mapping we aim to build a singing network and provide a detailed picture of existing provision and identified coldspots in which we can develop further activity for children and young people to come together through singing to achieve a range of musical and social outcomes.

How have young people been involved in your project so far? The proposal for a County Youth Choir Programme was put forward by Wiltshire Music Connect who undertook a detailed consultation with music providers venues schools tutors across the county. We have based the design of our programme on the findings of this work as well as analysis of our previous choirs and singing projects with young people and dialogue with our Takeover team of teenagers an annual programme where young people can get involved with aspects of performing and producing events at Pound Arts and the Blue Sky Festival.

In particular this has shaped the geographical spread of Wiltshire Voices to address issues of rural inclusion that were raised the combination of a broad approach to supporting existing work and depth of engagement in high-end singing ensembles and the need for a BSL signing choir and large-scale celebratory events. Underpinning Wiltshire Voices is an ongoing dialogue with participants about the type of repertoire they want to engage with to shape the programme and a reflexive feedback and evaluation model that supports participants and leaders to be responsive to learning and singing needs throughout.

How many young people do you expect to benefit? We expect to work with 36375 young people over three years. In particular 20 to 30 young people from Burbage and the surrounding areas will benefit from fortnightly choir sessions throughout the school year and at least 6 local schools will be visited in the first year of the project reaching at least 180 young people.

**Accessibility Affordability and Inclusion:** Having four branches of Wiltshire Voices will overcome the geographical barriers that often face county-wide projects. We have budget to support travel costs for events where the branches come together. Recruitment will have accessibility at its heart. The cost of participating will be low with subsidised free places available. The rehearsal spaces will be fully accessible. With participants contributing to decisions repertoire will be inclusive. Festivals will be open to all to participate with inclusion as a key aim. CPD will be targeted where it is needed as identified by the Choirs Champion with the Cluster Coordinators ensuring current potential associate providers can access these opportunities.

This project supports Wiltshire Music Connects Singing Strategy's aim of encouraging all schools to offer regular singing at all ages. The Choirs Champions schools visits will enhance this further. We will challenge the traditional notion of what a choir is through varied repertoire multiple methods of engagement and the pilot signing choir.

How will you encourage volunteering and community involvement? The young people in the Wiltshire Voices choir will be asked to volunteer as advocates in their community for the benefits of singing. They will also be asked to identify opportunities at events within their own community at which the choir could get involved by performing thus giving the young people additional performance opportunities strengthening wider skills such as confidence and presentation as well as integrating the project into its local community and raising the profile of the project.

How will you work with other community partners? Our appointed Choirs Champion will work with Wiltshire Music Connects local Cluster Coordinator to map singing provision for young people in and around Burbage to signpost families to the right provision and to offer support to local groups and schools. We will identify local events at which to offer performance opportunities. We are planning to use Burbage Village Hall as our rehearsal venue and will endeavour to engage with other community activity that takes place there.

## **Safeguarding**

The safeguarding and protection of young people taking part in projects and activities with Pound Arts is of paramount importance. The Pound has a safeguarding and child protection policy which applies to all employees trustees and volunteers and is part of the induction process. All staff volunteers and freelance practitioners who have contact with young people are subject to an enhanced DBS check. Organisational records show this along with staff trustee and volunteers references which are obtained prior to posts commencing. Pound Arts Creative Learning Officer manages all activity with children and young people. Management responsibility for safeguarding lies with the Director Deputy Director and Board of Trustees.

## **Monitoring**

All programme activity at Pound Arts is subject to robust monitoring in line with the Monitoring and Evaluation Strategy in our organisational Business Plan. We take an outcomes approach in planning and monitoring. Our aim is to deliver in partnership a coherent county-wide programme of singing activity with opportunities for performance progression and personal development. Our intended outcomes are to 1. Increase the opportunity for committed and excellent singers to improve their technical singing and performance skills and gain experience and understanding of a wide range of repertoire. 2. Promote confidence and communication skills through aspirational high-profile performance opportunities for all and progression into high-level ensemble singing. 3. Improve team working and listening skills through participation in choral activity that is reliant on collective working. 4. Enhance the confidence and abilities of teachers and community leaders who provide singing activity for young people across the county.

Evaluation tools to monitor progress and success against these outcomes include through discussions and surveys with the young people in Wiltshire Voices we will monitor improvements in technical and

performance skills. The Choirs Champion and other professional adults working on the programme will be asked to monitor report on this. Baseline and exit surveys of Festivals participants their teachers and parents carers will assess changes in confidence and communication skills.

Observation diaries from the Choirs Champion and other professional adults including teachers on how young people are responding to choral activity and changes in team working and listening skills both within and outside of singing sessions.

Baseline and ongoing short surveys of teachers and community leaders who participate in CPD will measure changes in confidence and self-evaluation of improvement in abilities. The number of participants in each session broken down by age gender eligibility for FSM SEN and any other category identified by the Hub will be routinely collected throughout the project.

600	350 Marine Cadet Troop TS Redoubt		£2256

**Project summary**

350 Troop Marine Cadets is a new youth organisation being set up in the Pewsey Vale area of Wiltshire. The aim of our troop will be -To be an independent cadet organisation in Wiltshire -To follow the ethos and training of the Royal Marines -To instil a sense of pride respect and self-discipline in our cadets -To promote fitness of mind and body To be flexible in catering for the cadets personal development -To be proactive in meeting the needs of individuals and the unit as a whole -To benefit the individuals as they progress through life and the local community.

**About your project**

The village of Pewsey has limited opportunities for young people to take part in a youth group. The re-development of the sports centre will provide a wonderful resource to the community however Pewsey would also benefit from an organisation where young people can become part of a team. Devizes and Marlborough both benefit from cadet units both Air Cadets and Army Cadets however the distance and commitment required from parents to transport children to these units is significant. If Pewsey can have a cadet unit located in the heart of its community those children that have challenges regarding transportation will have an opportunity to benefit from the discipline and adventure activities the Cadet unit will be able to offer. To date we have been undertaking workshops with young people to identify what their expectations from the unit would be. Minutes of these workshops are available. Based on the Cadet unit sizes of Marlborough and Devizes we would anticipate that we could accommodate in the region of 20 cadets. As interest grows we would recruit more staff. The project will be accessible as it is located at Pewsey Vale School where we expect the majority of our cadets to come from. They are already used to attending this on a daily basis.

We will need to charge a fee to cover costs however we anticipate keeping this as low as possible and in the region of 2.50 per week. The Unit currently is in the early stages of its development is entirely based on volunteers from the local community. We will attend community events around the area to generate more interest and being at the heart of Pewsey Vale in Pewsey Vale school it is our intent to develop a strong bond with the school. We are also keen to work alongside the school and develop areas such as the Duke of Edinburgh award scheme which the school is currently unable to offer. Our Troop will be open to young people of all backgrounds and physical ability.

Where a child has a disability we will ensure there are sufficient activities to allow them to benefit from the Troop. Where there are children with disabilities risk assessments will be undertaken along with parental involvement to ensure the child is kept safe at all times. Where a child is from a low income we will endeavour to support them from club funds to enable their involvement in all activities.

Vulnerable children will be catered for in accordance with our safeguarding and child protection policies. A cadet unit provides an opportunity for children to develop close friendships which we would like to hope would last for many years. It will develop an ethos of teamwork and looking out for fellow cadets and indeed other members of the community.

By attending a cadet unit such as 350 Troop Marine Cadets the ethos comradeship and training of the Royal Marines will instil a sense of pride respect and self discipline along with other valuable life skills. This will be of great benefit to the cadets as they progress through life and to the community in general. Many employers look favourably on applicants who have had a cadet background. We will identify key community partners such as Pewsey Vale School and other local schools and groups.

As we will have children of Secondary school age we will offer our services to Local Groups to assist in some of their activities. We will forge a relationship with Pewsey Vale school and endeavour to work alongside them to develop opportunities including the Duke of Edinburgh Award scheme.

**Safeguarding**

We have developed a policy and detailed procedures to ensure that safeguarding and child protection are at the forefront of our Troop life. We have identified two key staff members who will have overall responsibility for Safeguarding one of which is the Designated Safeguarding Lead the other the Deputy Designated Safeguarding Lead. Both of these individuals will be undertaking training offered by the Maritime Cadets to ensure they fully understand the requirements of this role. The two designated individuals will then be required to train the rest of the Troop adults to ensure they fully understand their responsibilities as well.

The civilian committee will be responsible for ensuring compliance of the Troop with these procedures and policies. Prior to any cadets joining the Troop all staff will be DBS checked. These checks alongside the staff references will be held by the Civilian Committee. Mervyn Harrowven as the Commanding Officer of the Troop has ultimate responsibility for Safeguarding. It is our intent that during their time with Troop activities the Cadets will have little need for accessing any online services as we intend to provide an outlet outside of screens. We will not be providing them with computers or other related IT items. We have however developed guidance for cadets with regards to online activities and social media.

### Monitoring

Our measure of success for the project will be the attendance of cadets at the unit who are eager to take part in the activities provided learn key skills and take part in lessons to help them advance through the Maritime Cadets syllabus to achieve MC1.

## COMMUNITY AREA TRANSPORT GROUP ACTION / NOTES LOG

### Pewsey Community Area Transport Group

#### Highways Officer – Mark Stansby

#### 1. Environmental & Community Implications

1.1. Environmental and community implications were considered by the CATG during their deliberations. The funding of projects will contribute to the continuance and/or improvement of environmental, social and community wellbeing in the community area, the extent and specifics of which will be dependent upon the individual project.

#### 2. Financial Implications

2.1. All decisions must fall within the Highways funding allocated to Pewsey Area Board.

If funding is allocated in line with CATG recommendations outlined in this report, and all relevant 3<sup>rd</sup> party contributions are confirmed, Pewsey Area Board will have a remaining Highways funding balance of **-£2,041.46. It should be noted that commitments have been made against projects which will be billed during the next financial year.**

#### 3. Legal Implications

3.1. There are no specific legal implications related to this report.

#### 4. HR Implications

4.1. There are no specific HR implications related to this report.

#### 5. Equality and Inclusion Implications

5.1 The schemes recommended to the Area Board will improve road safety for all users of the highway.

#### 6. Safeguarding implications

# **Wiltshire Healthy Lives: Helping everyone to live well**

John Goodall BSc MA MFPH  
Public Health Consultant  
Wiltshire Council

# Pewsey Community Area

- Community Area population = approx. 15,000
- Greater proportion aged over 40 than Wiltshire
- Lower proportion of 15-39 years
- Lower levels of deprivation than elsewhere in Wiltshire

## In Wiltshire...

- Life expectancy is 81.0 years for males and 84.1 years for females
- Wiltshire's CVD mortality rates are below those of the South West and England nationally
- The health of people in Wiltshire is generally better than England average
- Deprivation is lower than average

Source: PHOF Feb 2018

## However, in Wiltshire...

- ▶ Male healthy life expectancy is 65.2 years
- ▶ Female healthy life expectancy is 67.1 years
- ▶ **62.2% of adults are overweight or obese**
- ▶ **19.3% % of adults are inactive**
- ▶ **13.9% of adults smoke (27.4% R&M)**
- ▶ About 260 early deaths from CHD & stroke a year
- ▶ Over 16,000 people have Coronary Heart Disease
- ▶ Over 10,000 people have had a stroke or TIA
- ▶ Over 74,000 people have hypertension
- ▶ Over 24,000 people have diabetes

## Vascular Disease – One Event Leads to Another

Having a stroke increases your chance of:

- Heart attack by 2-3 times
- Another stroke by 9 times

Having a heart attack increases your chance of:

- Having another heart attack by 5-7 times
- Stroke by 3-4 times

Having PAD increases your chance of:

- Heart attack by 4 times
- Stroke by 2-3 times

Having Chronic Kidney Disease increases your chance of:

- Heart attack by 2 times
- Stroke up 50%

**Having diabetes doubles the risk of heart attack or stroke**

**Amputation risk increased 23 times**

## What can we do?

- Be **'well aware'**
- Know what we can do to help ourselves and our families stay well
- Know where to go for advice and support when we need it

## Preventable risks to our health

- Up to 80% of cardiovascular disease is caused by poor lifestyles:
  - Smoking
  - Unhealthy diet
  - **Lack of physical activity**
  - Alcohol misuse
  - Obesity

THE LANCET

## Physical activity—time to take it seriously and regularly

“Physical inactivity is as important a modifiable risk factor for chronic diseases as obesity and tobacco.”

## How can we be 'well aware'

**When we are young**, our parents ensure:

- we are vaccinated, eat healthily, are physically active and understand basic hygiene (e.g. hand washing).

**When we are adults:**

- We won't smoke, are physically active, eat healthily, and drink alcohol sensibly.
- We practise safe sex, and don't misuse drugs.

**When we are older adults:**

- We won't smoke, are physically active, eat healthily, and drink alcohol sensibly.
- If we have a long term condition we will understand how to manage it effectively.

# But we all need help from time to time

Being **well aware** also means understanding what help is available to me and is appropriate to my needs:

## **Health improvement services**

### **Advice and support from:**

- NHS Choices
- NHS 111
- Primary Care GP
- Minor Injuries Unit
- Pharmacy
- For life-threatening emergency 999 or direct to a hospital A&E

**1. Background**

Area Boards have authority to approve Area Grants under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the [Area Board Grants Guidance](#)

[The funding criteria and application forms](#) are available on the council's website.

## 2. Main Considerations

2.1. Councillors will need to be satisfied that funding awarded in the 2015/2016 year is made to projects that can realistically proceed within a year of it being awarded.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors will need to be satisfied that the applications meet the Community Area Board grants criteria.

## 3. Environmental & Community Implications

Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

## 4. Financial Implications

Financial provision had been made to cover this expenditure.

## 5. Legal Implications

There are no specific legal implications related to this report.

## 6. Human Resources Implications

There are no specific human resources implications related to this report.

## 7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

Community Area Grants will give local community and voluntary groups, Town and Parish Council's equal opportunity to receive funding towards community based projects and schemes, where they meet the funding criteria.

## 8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

## 9. Applications for consideration

Application ID	Applicant	Project Proposal	Requested
<a href="#">3088</a>	Hilcott Village Hall	Hilcott Village Hall New block and beam floor	£4500.00
<b>Project Description:</b> The halls latest floor was installed in 1947 and is badly rotted across the whole of the structure. We aim to encourage more footfall from clubs and societies as well as the regular folk who use the hall. In order to do this, we need a stable floor in the hall which will withstand wear and tear. The hall will have to be closed for 4 to 6 weeks in order for the work to be carried out.

<a href="#">3009</a>	GREAT BEDWYN PLAYINGFIELD AND VILLAGE HALL	Bedwyn Village Hall Community projections system	£2792.00

**Project Description:**

To purchase and install projection and screen equipment into the village hall to provide a community cinema facility run by the Bedwyn Cinema Group as an affiliate of the Bedwyn Village Hall Committee A previous suppliers rising operational charges became uneconomic and cinema evenings were discontinued in 2015. Since closure an extensive survey of villager's opinions has been sought and results show a collective wish for the cinema evenings to be reinstated. Subsequently a feasibility study of various options was evaluated a clear business case led to our fundraising activities to purchase and install a large screen sound system and projector.

Application ID	Applicant	Project Proposal	Requested
<a href="#">3041</a>	Jan Thornton	Security lighting	£850.03

**Project Description:**

The community have experienced a number of distraction burglaries and

disturbance problems over many years. The Police recommendation was for cameras. The PC have yet again failed to support us. We are seeking to install a security scheme where approx. 10 homes have independent security cameras installed and all of the information is fed into a secure server. It would only be accessed where an incident was reported to assist the Police.

**13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?**

Bedwyn Cinema will be wholly run by volunteers open to all residents and families as well as visitors from local villages. It is planned that regular cinema events will be held monthly with other events being live streamed such as the Wimbledon final sports events ballet operatic and orchestral performances any national events involving the royal family or special commemorative occasions via the equipment enhancing and widening the opportunities for the whole community to come together. Our closest commercial cinemas are in Swindon 19 miles away and Newbury 14 Miles away. Trains to Newbury and buses to Swindon are infrequent and don't always link to film times. Consequently, these are not accessible to many Bedwyn residents due to this lack of public transport to and from Bedwyn during the evenings and weekends. Importantly community cinemas provide a social and affordable community activity. Great Bedwyn is fortunate in having a relatively high proportion of social housing for families the elderly and those with disabilities. The scoping exercise undertaken in support of this project indicates that matinee or teatime film screenings would also be welcomed and could be developed into a friendly supportive community activity helping to alleviate loneliness for some residents. The village hall is used every day of the week by affiliated and regular user community groups and covers all ages and sectors These groups will have access to this equipment and will be able to use it for entertainment education or their own fundraising as part of their village hall hire agreements. Great Bedwyn Village Hall gives access to the Pre-School Group Youth Group Beavers Women's Institute Tennis Club Cricket Club Pantomime Society Friendship and Mobility group Zumba Karate History Society and Parish Council.

**14. How will you monitor this?**

There will be a nominal charge attached to the use of the equipment for affiliated and regular user groups within the rental agreements. This will enable usage to be measured. Regular cinema events will be measured by attendance. Engaging specific groups such as children or special interest groups foreign language films will enable development of the new activities

generated by this community investment. Working within the GDPR guidelines we will establish a data base of users and use this data to seek ideas using surveys as we did in seeking to understand the genre of films the community would wish to see.

**15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?**

Individual attendees will pay for seats. The new activities and use of the equipment will cover the ongoing operational costs

**16. Is there anything else you think we should know about the project?**

£0 - £500

**3. Are you applying on behalf of a Parish Council?**

No

**4. If yes, please state why this project cannot be funded from the Parish Precept**

We have tried with immense support from the Police to access funding from the Parish Council and got absolutely nothing in nearly three years. We understand the amount we can apply for is limited to 1000 and will raise the remainder between residents Unless Cllr Wheeler can persuade the pc to help top up

**5. Project title?**

Security lighting

**6. Project summary:**

The community have experienced a number of Distraction burglaries and disturbance problems over many years. The Police recommendation was for cameras. The Pc have yet again failed to support us. We are seeking to install a security scheme where approx. 10 homes have independent security cameras installed and all of the information is fed into a secure server. It would only be accessed where an incident was reported to assist the Police.

**13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?**

10 All of the residents are elderly and or disabled they are all vulnerable and the cameras would help with their safety and security it would give them peace of mind and make us a safer community.

**14. How will you monitor this?**

The DVR unit will be a constant physical monitor but the long-term impact would be a safer community. More confident residents less risk. Less dependency on the Police.

**15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?**

The equipment is guaranteed for two years. As and when repairs or replacement is required we will seek to fund via residents or seek other funding options.

# Area Board Update November 2018

## Key findings from Campervan and Comments Tour 2017

Last summer's Campervan and Comments Tour saw Healthwatch Wiltshire staff and volunteers travel 400 miles around Wiltshire to gather the views and experiences of people of all ages on health and care services.

Taking to the roads in a classic 1969 VW campervan, we parked up at a variety of locations around the county, collecting 2,077 comments during the two-week tour.

Overall, we received more positive comments than negative ones.

A full report with recommendations will be available soon.

This project was conducted under Healthwatch Wiltshire's previous provider, Evolving Communities.

## What people told us...

Most people were happy with the treatment they received from their GP but were unhappy about long waiting times to get appointments.

Hospital maternity, children's and cancer services were highlighted as good, but long waits to see consultants drew negative comments.

Communication between hospitals and other services came in for criticism, and experiences of using social care services appeared to be inconsistent.

Delays in accessing mental health services were the main concern for most people, but many also said staff were helpful and treated them well.

Most people told us they were happy with their dentist and the quality of treatment they received, whether NHS or private.

## The right healthcare, for you, with you, near you

NHS Wiltshire Clinical Commissioning Group (CCG) is responsible for commissioning a broad range of healthcare for the population of Wiltshire. We are led by experienced local GPs drawn from across the county, who provide clear clinical leadership to the big decisions affecting the future of healthcare provision in Wiltshire, carefully tailored to meet the differing needs of people locally.

Our vision is to ensure the provision of a health service which is high quality, effective, clinically-led and local. We are committed to delivering healthcare that meets the needs of Wiltshire people, to consult and engage with our population to enable them to be involved in decisions made about health services and to deliver those services to people in their own homes or as close to home as possible.

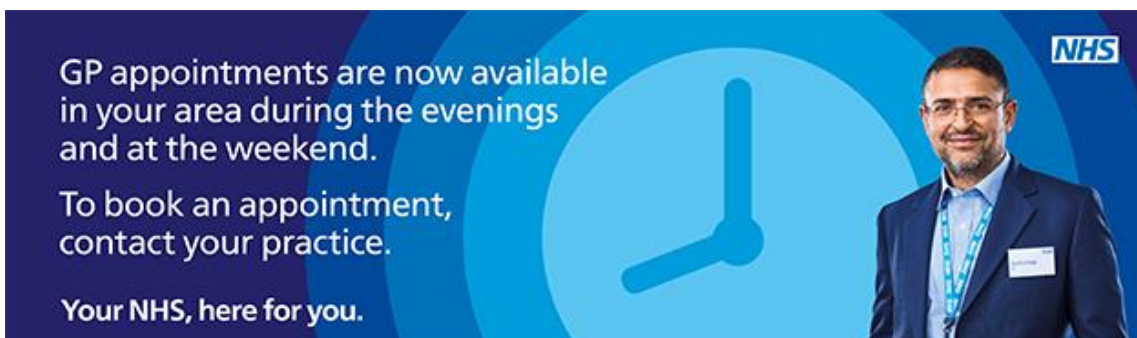

### News

#### Improved access to GPs

From 1 October 2018 people registered with a Wiltshire practice are able to book routine appointments to see a GP, practice nurse or other health professional in the evenings from 6.30pm to 8pm, and at weekends and Bank Holidays.

Across the population of Wiltshire there is an additional 235 hours per week of clinical time in this move to improve access to health services.

You won't always be able to see your registered GP and may need to go to a different practice in your area to take up the after-hours and weekend appointments.

GP appointments are now available in your area during the evenings and at the weekend.

To book an appointment, contact your practice.

Your NHS, here for you.

## GP Alliance

The Wiltshire GP Alliance (WGPA) is a not-for-profit group made up of almost all the GPs across Wiltshire. It aims to help practices work better together to improve GP resilience, and stimulate and share improvements – for instance with availability of GP appointments – across the county.

WGPA are managing the improved access provision in Wiltshire which means surgeries are now working together to provide extra appointments in the evening and at weekends.

The alliance is still in its early days but they aim to provide more services ‘at scale’ by supporting genuine cooperation between practices, and help stabilise the workforce, and facilitate transformation to solve problems in health and care.

## Campaigns

### Help Us Help You

This winter, NHS England and Public Health England are introducing a new overarching brand that brings together all the winter pressures campaign activity - Help Us, Help You. In recent years there has been an increasing emphasis on people taking responsibility for staying healthy and managing their own health and Help Us, Help You is a powerful new way to build on this.

**HELP US  
HELP YOU**

**STAY WELL THIS WINTER**

The first phase of national advertising and promotion is focusing on increasing the number of people who call 111 when they have an urgent but not life-threatening medical need. The aim is reduce the number of people going to A&E departments or calling 999. The NHS 111 campaign runs from 1 October to 25 November 2018.

The next phase is Stay Well This Winter which in October is encouraging people to get a flu vaccination, and then in November includes messaging around early and effective treatment for respiratory ailments. The November campaign will focus on older people and people with long-term health conditions.

Other campaign elements in coming months will focus on extended GP access, NHS 111 online and pharmacy.

### Keep Antibiotics Working

Public Health England's 'Keep Antibiotics Working' campaign returned on Tuesday 23rd October to alert the public to the risks of antibiotic resistance with the aim of reducing patient's expectation for antibiotics.

Whilst antibiotics are vital for treating many infections, there is evidence that antibiotics are often used when they are not needed, for example, for viral infections such as colds or flu where they are not effective or for illnesses that can get better by themselves. Research has shown that this is, at least in part, due to patients expecting antibiotics, without understanding that they may not be effective for their illness.

**Taking ANTIBIOTICS when  
you don't need them puts  
you and your family at risk**

**Pewsey Community Area Partnership (PCAP), Campaign to Protect Rural England (CPRE) and Pewsey Parish Council (PPC) Statement to Pewsey Area Board, 3<sup>rd</sup> December 2018, on the status of Everleigh HRC**

The majority of people will be aware that despite the significant response to the consultation on the proposal to close Everleigh HRC and with 94% of the public response opposed to the closure, on the 9<sup>th</sup> October Wiltshire Council took the decision to close Everleigh. It should be noted that our three Wiltshire Councilors all put in a strong response in favour of keeping Everleigh open and proposed alternative options to satisfy the Councils cost saving measures.

Everleigh HRC finally closed to the public on 6<sup>th</sup> November with the alternative sites being Marlborough, Devizes and Amesbury.

As a direct result of the public concern relating to how WC conduct consultations and then observe the consultation output a task has been raised on the Overview & Management Scrutiny Committee to investigate this issue. Clearly it does not sit well with the public for the Council to conduct a consultation and then totally ignore the public opinion especially when the public opinion is overwhelming with its view.

It is public knowledge that PCAP has had concerns over the way that Wiltshire Council conducted its consultation and was taking legal advice as a result. The legal advice identified that despite a number of unfortunate flaws in the process, the Council's overall handling of the consultation did not sufficiently contravene the principles laid down by the Supreme Court for public consultations, to a point where further legal action would be considered necessary. The legal advice identifying the Councils shortfalls was provided to WC Cabinet on 27<sup>th</sup> November and was published as part of the agenda pack.

A further consideration was identified with respect to the Council's apparent failure to comply with the publicity requirements required in respect of "Key" decisions under the Local Authorities (Executive Arrangements) (Meetings and Access Information) (England) Regulations 2012. This point has already been the subject of a PCAP Question to Cabinet on 27<sup>th</sup> November which was put forward with the support of Pewsey Parish Council and CPRE. Although WC has provided a response on this item further action is being considered.

**Pewsey Vale Rail User Group Update (PVRUG)**

The group has had a very busy period since the last Area Board. On the 6<sup>th</sup> September we attended a GWR & Network Rail Meeting at Westminster supported by Claire Perry's staff to discuss the future timetable. Unfortunately due to issues with other timetable updates the new GWR timetable has been delayed by Network Rail until December 2019. The new timetable had great new additions to our service but some minor changes may filter through before the revised update.

Improved access bids have been submitted for both Bedwyn and Pewsey Stations and we are awaiting the outcome.

PVRUG held its last meeting on 5<sup>th</sup> October and reviewed achievements and future planned events. The group has now received grant funding from GWR.

On 16<sup>th</sup> October representatives attended the GWR Stakeholders Event at Paddington. This was a well planned networking meeting with most of the main groups attending. Both Devon and Cornwall provided strong representation at the forum. We were able to make links supporting Pewsey Tourism.

Other meeting attended during the period was the South West Travel Watch on 6<sup>th</sup> October and the TransWilts Mtg on 26<sup>th</sup> November. The next PVRUG meeting will be held on 18<sup>th</sup> January 2019.
