### Cost of Living

As we prepare for winter, there remain some financial pressures on household budgets, and it is anticipated that there will be continuing demand for support and advice.

Overall inflation is relatively stable at 2.2%<sup>1</sup>, which suggests that some cost pressures for the community have reduced. However, for example, under the new energy price cap, gas and electricity prices will rise by 10% in England, Scotland and Wales from October<sup>2</sup>.

The Council, therefore, is continuing to work with partners to deliver interventions that provide advice and support to our communities, including:

- Wiltshire libraries are continuing as warm spaces and as sources of advice.
- We will contact community providers to update our [interactive guide](#) to help people find key support to combat fuel and food poverty. In addition, we are creating a page on the directory that gives an interactive advent calendar view of provision/opportunities over the Christmas period.
- Wiltshire bus users can continue to travel on most routes in the county for just £2 or less for a single fare until the end of December 2024<sup>3</sup>. The fare price reduction has been funded by the Government and is aimed at getting more people to use buses across the country during the current cost of living challenges.
- Ahead of the Government announcement to extend the Household Support Fund by 6 months from the 1<sup>st</sup> of October<sup>4</sup>, we are analysing the impact of schemes delivered under the programme so can further develop our approach to ensure that

those households most in need are targeted for support. A full report is expected at Cabinet in October.

- Pending confirmation of funding, Foodbanks and Community Food Providers will be invited to apply for funding to support their work.
- [Our website](#) and media channels offer a range of online support and sign-posting information on topics including council tax/benefits, energy advice and mental health support.
- A dedicated Wiltshire Wellbeing support line to provide advice and guidance, and officers are working with to improve processes to ensure people are directed to right support. Contact details on the phone are: 0300 003 4576, and email is: [wellbeinghub@wiltshire.gov.uk](mailto:wellbeinghub@wiltshire.gov.uk)
- With change to the eligibility of Winter Fuel Payments<sup>5</sup>, the DWP has been encouraging the take up of Pension Credit<sup>6</sup>. The Council has also been promoting the take-up of Pension Credit to those who may be missing out.

## FUEL Programme

The Council is pleased to say that, following a successful summer programme that saw more than 1,500 young people make around 2,000 bookings at over 41 locations, Wiltshire Council's Holiday Activity and Food programme (FUEL) will be back during the Christmas school holidays. It is funded by the Department for Education and provides children who are eligible for benefits-related free school meals with free access to activity, food and nutritional education during school holidays. Eligible families will be able to sign up later in the year and details will be promoted through all schools in Wiltshire in due course. More information about FUEL can be found at [www.wiltshire.gov.uk/fuel-programme](http://www.wiltshire.gov.uk/fuel-programme).

# Message from Chief Executive Officer

As CEO of TCF I am SO proud that we are now able to deliver Healthwatch Wiltshire as part of our Healthwatch family, more specifically as part of the Bath and North East Somerset, Swindon and Wiltshire Integrated Care Board (ICB) footprint.

Healthwatch Wiltshire has a wonderful history. Our volunteers, staff and stakeholders have worked incredibly hard over the past 12 months, this document goes some way to share the work and passion that they share for Healthwatch.

This year has been a time for reflection and vision planning. There are many good things about how Healthwatch has been delivered in Wiltshire, but I look forward to establishing new approaches to listening, planning and implementing an effective service. I am keen that during the course of the coming year we involve student placements and embed our new governance approach.

Healthwatch Wiltshire is incredibly well respected and comes with a dedicated group of advocates. Ensuring that the people of Wiltshire are heard and informed is key to our continued success. Our focus will remain on a locally delivered service whilst creating regional intelligence. We seek to create cohesion across our projects at a strategic level ensuring that peoples views are always shared locally and when necessary shared as part of a regional approach.

I'd like to place on record my thanks to all involved in the transition period, volunteers, staff and commissioners, and look forward to working alongside you all in the coming year.

# Message from our Chair

---

**As your health and social care champion, the Healthwatch Wiltshire team continues to ensure that your voice is heard by local services.**

I hope this report finds you well. This year has had a big focus on reaching out to communities we don't often hear from.

Our work with Wiltshire Council's Ethnic Minority and Traveller Achievement Service (EMTAS) and children's charity Spurgeons has helped us to understand more about the experiences of Afghan refugees, Eastern Europeans and Boaters in how they access services.

We've also heard from autistic people and their carers on what they think of mental health services in Wiltshire and we're keen to see how these services can be developed following the recommendations we've made in our report.

Working closely with our partners across the health and care system has been another key theme this year. We're pleased to have been involved in the development of information and resources to help ease the process of leaving hospital, and be at the heart of the new network of Neighbourhood Collaboratives as they launch across Wiltshire.

And I'm particularly proud that our volunteers have played a pivotal role in the design of a new complaints guide for Salisbury District Hospital. The volunteers' meticulous work to ensure the new guide was patient friendly has meant it's the hospital's first publication to carry the coveted 'patient reviewed' stamp.

I would like to extend a huge thanks to our dedicated staff team and our wonderful volunteers whose hard work and commitment enabled us to achieve so much over the year.

Following a procurement exercise undertaken by Wiltshire Council, Healthwatch Wiltshire moved to a new provider in January 2024.

Thank you to everyone who has shared their views and experiences with us. Sharing your feedback really does make a difference.

**Alan Mitchell**  
Healthwatch Wiltshire Chair

**This year has had a big focus on reaching out to communities we don't often hear from.**

# About us

---

## Healthwatch Wiltshire is your local health and social care champion.

We make sure NHS leaders and decision-makers hear your voice and use your feedback to improve care. We can also help you to find reliable and trustworthy information and advice.

### Our vision

A world where we can all get the health and care we need.

### Our mission

To make sure people's experiences help make health and care better.

### Our values are:

- **Listening** to people and making sure their voices are heard.
- **Including** everyone in the conversation – especially those who don't always have their voice heard.
- **Analysing** different people's experiences to learn how to improve care.
- **Acting** on feedback and driving change.
- **Partnering** with care providers, Government, and the voluntary sector – serving as the public's independent advocate.

# Year in review

## Reaching out:

**1,142 comments**

from people who shared their experiences of health and social care services with us, helping to raise awareness of issues and improve care.

**4,397 people**

From these we made

**14 recommendations**

for improvement.

## Health and social care that works for you:

We're lucky to have

**15 volunteers**

who gave up **470 hours** to make care better for our community.

We currently employ

**4 staff**

who help us carry out our work.

We're funded by our local authority. In 2023-24 we received

**£165,496**

# Your voice heard at a wider level

We collaborate with other Healthwatch and the Bath and North East Somerset, Swindon and Wiltshire Integrated Care Board (BSWICB) to help influence decisions made about services across the region.

## Developing resources to support hospital discharge

We have been working with staff across the BSW health and care system to develop new leaflets, videos and information resources that help provide extra support for patients, families and carers during their discharge from hospital.

The resources, which also provide information and support for health and care professionals, support a new programme of work called Caring Steps Together, which has been established to improve people's understanding of what can sometimes be the confusing process of leaving hospital and accessing follow-up care.

The new resources, which launched in December 2023, will help support patients, their families and carers to understand the process of leaving hospital and the other services available to provide support in the community. The resources are available digitally and as printed leaflets to download from the [BSW Together website](#).

**“In late 2022, partly through work led by Healthwatch Wiltshire, BSWICB identified a need to significantly change and improve the way we share information about being discharged from hospital if people need support at home or are going into a care home. It took a year to work with partners to truly understand what our population and colleagues needed, how they wanted to access it and even how they wanted it to look.**

**“Caring Steps Together launched in late 2023 and has reached and helped thousands of people to understand what their pathway looks like, what decisions they might want to make and who they can talk to for more support. Healthwatch Wiltshire was a consistent and supportive partner through that process, always advocating for Wiltshire residents at every opportunity and fundamentally helped to shape and deliver on our shared ambitions to help improve people’s experience of our services.”**

Emma Higgins, Associate Director – Wiltshire Integrated Care Alliance Programme and Delivery Lead, BSW ICB

## We join new neighbourhood initiative

In 2023, we were invited to join the Neighbourhood Collaboratives initiative, which aims to reduce health and wellbeing gaps in our local communities.

The collaboratives, which include partners from health and social care, local authorities, the voluntary and community sector and police and fire services, are currently being set up across the region by the BSW Integrated Care Board.

We have joined the steering group of the Wiltshire Collaborative Network, which oversees these Neighbourhood Collaboratives, and brings them together to share information and learning.

As more Neighbourhood Collaboratives become established, we'll be monitoring how they work together to tackle local health and wellbeing challenges.

**“We’re two years into the [Neighbourhood Collaboratives] work to build broad alliances across Wiltshire and in each Primary Care Network neighbourhood, focusing on prevention and reducing health inequalities. Healthwatch Wiltshire has been an integral part of developing this approach and has walked side by side in promoting and supporting it towards sustainability.**

**“Neighbourhood Collaboratives aim to be led by the voice of residents in each area – Heathwatch Wiltshire continue to be a partner and critical friend in building new relationships and connection with our residents to ensure our work is meaningful and focused on things that matter to the community.”**

Emma Higgins, Associate Director – Wiltshire Integrated Care Alliance Programme and Delivery Lead, BSW ICB

## Survey focuses on eating disorders

Working with our Healthwatch colleagues in Swindon and Bath and North East Somerset, a survey was launched in early 2024 which asked for people's views on eating disorders and disordered eating – and if enough support is available in the region. Volunteer Jasmine Fawcus-Smith presented the project at our Mental Health Open Forum in March 2024 and highlighted that a lack of communication between patients and services, a lack of knowledge among healthcare professionals, and delays in accessing support were coming through as key themes. The survey has since closed and we'll be sharing the findings in due course.

## Listening to your experiences

**Services can't make improvements without hearing your views. That's why, over the last year, we have made listening to feedback from all areas of the community a priority. This allows us to understand the full picture, and feed this back to services and help them improve.**

# Improving mental health services for autistic people

In May 2023 we launched a project to find out what autistic people thought about mental health services in Wiltshire. BSW ICB is now developing an action plan to address the issues we raised in our report.

Working with Wiltshire Service Users Network (WSUN), we developed two surveys – one for autistic people and one for their families and carers. Autistic people told us of their desperation and frustration at not being able to get the support they need for their mental health. They said they felt isolated and misunderstood, falling between the gaps in services which aren't designed to meet their needs and where staff lack training and awareness to support them.

## What did we recommend?

- Deliver autism training for all mental health staff, preferably led by an autistic person or someone with lived experience.
- Provide more staff in Child and Adolescent Mental Health Services (CAMHS) and mental health services who understand autism.
- Create mental health solutions/therapies that are more suited and helpful to autistic people, recognising their neurodivergence.
- Recruit specific professionals to help at times of crisis with respite/practical support/network coordination and support for the carer.
- Recognise that an autistic person may mask their condition – assess them more than once or ask a carer/family member for their input and views.
- Provide options for how people contact a service – offer online/email contact to those who have difficulty making phone calls, and vice versa.
- Provide more face to face contact if it's easier for the autistic person.

**“The findings and outcomes of this report shine a spotlight on the importance of continuing to improve access and service provision for people with autism and their families and carers in Wiltshire.**

**“The views and experiences of people who have accessed services are paramount in guiding service transformation, and this report highlights where people want to see improvement in current service provision.**

**“We will ensure that their recommendations form part of our review of the Wiltshire Autism Strategy as well as the further development and implementation of our BSW ICB Learning Disabilities & Autism, and Mental Health transformation programmes.”**

Gordon Muvuti, Director of Place Swindon and BSW Executive Director for Mental Health, BSW ICB

# Improving a hospital's complaints process

In autumn 2022, we carried out a piece of work to [hear your views on making a complaint at Salisbury District Hospital](#), which made several recommendations to make information about the complaints process easier to understand.

Following on from this work, the hospital has since introduced a new Complaints Handling Policy and created a new Guide to Complaints, Concerns, Comments and Compliments.

The redeveloped leaflet underwent a vigorous review by Healthwatch Wiltshire volunteers and further reviews by the hospital's patient readership groups. See our [You Said, We Did](#) for more.

## What difference did this make?

Our volunteers, as well as the hospital's Patient Experience Steering Group, were involved in the development of a new leaflet to ensure that it's patient friendly. Their suggestions included:

- A clear, Plain English guide to the process with a reassuring, friendly tone
- An emphasis on who the Patient Advice and Liaison Service (PALS) team are and what they do
- Map and photos of where the team is

Digital and printed versions of the guide are now available, as well as an accessible version compatible with screen readers, and an Easy Read version.

**The new-look leaflet was launched in October 2023 and is the first publication to carry the hospital's new 'patient reviewed' stamp.**

**“Healthwatch Wiltshire continue to work in collaboration with the Patient Experience team here at Salisbury Hospital. They are a regular and valued presence within our monthly Patient Experience Steering Group (PESG) and continue to support our service improvement plans related to our Complaints process.**

**“I would like to take this opportunity to extend my thanks to our colleagues at Healthwatch Wiltshire who continue to work with us to improve our services for the benefit of our patients.”**

Victoria Aldridge, Head of Patient Experience at Salisbury District Hospital

# Understanding how people order prescriptions

We worked with Bath and North East Somerset, Swindon and Wiltshire Integrated Care Board (BSW ICB) to find out which prescription ordering service people liked to use, how easy they found the process, and how important the service was to them.

We received 380 responses to our short survey, which ran for two weeks in October 2023. As well as an online survey, we took paper copies to several pharmacies across Wiltshire, where we talked to patients as they collected their prescriptions.

## What did people tell us?

- Most people told us they found ordering prescriptions easy, and used a variety of methods including SystmOnline, the NHS App and Prescription Ordering Direct (POD).
- The majority of respondents said being able to order repeat prescriptions was very important to them, but long waits for medication and shortages of preferred brands were among the concerns they raised.
- Other issues included poor internet availability, or a lack of confidence in using online services, as well as a frustration at not being able to get repeat prescriptions for longer than one month, particularly when someone had a long term condition.

We made a number of recommendations based on our findings, which included:

- Improve awareness of the NHS App among patients, as most people only use the system selected by their GP surgery or Primary Care Network.
- Consider increasing the length of timeframe for repeat prescriptions.
- Improve the reliability of collection or delivery dates for prescriptions.
- Address concerns about availability/shortage of medications.
- Consider how changes to brands of medication could be accommodated without needing to revisit a surgery for a new prescription if the prescribed medication is not available.
- Ensure patients are aware that some pharmacists offer a delivery and a postal service.

The feedback we received was welcomed by BSW ICB. With the current winding down of the POD service in Wiltshire, which is due to close in June 2024, we will continue to monitor feedback on prescriptions.

**“We will be reviewing the feedback and using it to help inform our understanding. We recognise not just the different perspectives reflected in the report, but also the differing needs of our population with some patients potentially very well served by digital solutions and others where alternative access routes are more suitable. Should anything need to be undertaken differently we will be clearly communicating in a planned and considered way.”**

# Ways we're making a difference

Throughout our work we aim to ensure everyone's experiences are heard.

## Key recommendation leads to creation of women's clinic

Our survey asking [which services people would like to see at the Devizes Health Centre](#), which opened in 2022, has led to the creation of a women's health clinic.

More women's services was one of our key recommendations from the survey, which heard from more than 2,500 people. Devizes Primary Care Network (PCN), a collective of four GP surgeries in the town, took this on board:

**“Following a comprehensive survey completed by Healthwatch, we were informed that improved Women's Health Services in our PCN would be welcomed by our patients. We now provide comprehensive women's health services in a dedicated clinic, once a week, between 6.30pm and 8pm. The clinic is staffed by clinicians who are interested and trained in Women's Health, who opt to work in the clinic instead of, or in addition to, their core hours. To date, the clinic has never been short staffed and is proving popular with patients and staff alike.**

**“Patient feedback has been sought after every consultation and has been overwhelmingly positive. Demand is extremely high [and] we have applied for local funding which is aimed at expanding the service. We intend to use the funding to provide some dedicated training to clinicians interested in developing their skills, so we can improve patient access for these appointments, in a sustainable way.”**

Helen Scott, Primary Care Network Manager, Devizes

## School sessions focus on wellbeing

In early December we visited Warminster School to continue to hear the views and experiences of children and young people, particularly around emotional wellbeing.

We shared a wellbeing session with 60 students across Years 10, 11 and Sixth Form followed by a discussion around what wellbeing was to them and what they thought about services.

Key themes that emerged were how aware they are of things that can affect people's wellbeing and also of the warning signs that all is not well. Coping strategies were discussed, both positive and negative, and there was some useful feedback on services in Wiltshire.

## We call on local people to help us set our priorities

In March 2024, we called on local people to tell us [what they thought our priorities should be](#) for 2024-25. We travelled across Wiltshire and hosted an online survey asking people to choose from six potential projects:

- The wellbeing of children and young people
- Pharmacy
- Care at home
- Accessibility of health services
- How the cost of living is affecting our health
- The impact of living in a rural county

We were delighted to receive 211 responses to our short survey, and a wealth of comments and insights. Our work for the year ahead will be driven by what people told us is important to them and we will ensure Wiltshire residents continue to play a key role in helping to shape services.

See [page 23](#) for our new priorities.

## Mental Health Forum helps highlight gaps in services

Our [Mental Health Open Forum](#) is a collaboration between us, services users and mental health provider Avon and Wiltshire Mental Health Partnership NHS Trust (AWP) and provides a unique opportunity for people to speak directly to those who run services.

The online forum has regular guest speakers, which this year covered a wide range of topics including AWP's North Wiltshire Intensive Service, advocacy, domestic abuse, and Survivors of Bereavement by Suicide. It also provided a way for members to hear progress on the Community Mental Health Framework and an update on AWP's Care Quality Commission inspection.

This sharing of information means members are able to get involved in the shaping and development of mental health services in Wiltshire. In 2023–24 members have highlighted where there are gaps in local services for conditions such as Post Traumatic Stress Disorder (PTSD) and that adapting existing services to suit autistic people's needs, such as Talking Therapies, should be considered.

**“As a mental health service provider, the Mental Health Open Forum continues to be an extremely beneficial platform, not just from a client perspective but also from the organisational perspective. The forum provides a great two-way link to the NHS mental health services and strengthens the communication, feedback and learning between the clinical provision (under AWP) and the community provision our charity provides. Most importantly it provides a useful channel for those we are supporting to give their comments on the care they have been receiving, for this to be heard and for actions to be taken – the key element being ‘You Said, We Did’. It also enables great networking and information sharing opportunities, providing the right contacts and an audience where questions can be answered and followed up on efficiently – all aiding our organisations awareness and the cascading of information to those we support.”**

Jonathan Baker, Digital Officer, Rethink

# Hearing from all communities

Over the past year, we have worked hard to make sure we hear from everyone within our local area. We consider it important to reach out to the communities we hear from less frequently to gather their feedback and make sure their voice is heard, and services meet their needs.

**This year we have reached different communities by:**

- Working with Wiltshire Council's Ethnic Minority and Traveller Achievement Service (EMTAS) and children's charity Sprugeons to offer advice and support to minority groups including Eastern Europeans, Afghan refugees and Boaters.
- The project continues in 2024, where we'll be talking to Bangladeshi and Nepali communities, and Travellers.

# Hearing from minority groups

**We're working with Wiltshire Council's Ethnic Minority and Traveller Achievement Service (EMTAS), and children's charity Spurgeons to offer support and advice to minority groups, particularly where English is not their first language.**

This work, funded by NHS Charities Together, aims to signpost key medical services and deliver activities to support families' mental health and wellbeing.

## Supporting the Eastern European community

Sessions in June and July 2023 were held at the Polish Community Centre, Trowbridge, with interpretation provided in Polish, Romanian, and Ukrainian. We were there to provide information and signposting, while Spurgeons ran activities for children and offered practical advice for families. Common themes included:

- Finding support for children with special or additional needs
- Where to get support for domestic abuse
- Dealing with loneliness and isolation
- Accessing GP services.

## Supporting the Boater community

We also held sessions with the Boater community in July 2023, at the Canal Tavern, Bradford on Avon and the Barge Inn, at Honeystreet, near Pewsey. Boaters told us of their difficulty accessing services such as GPs and dentists, and their problems collecting prescriptions, often because they have no fixed address and have to move moorings every two weeks.

Women in the Boater community highlighted their uncertainty around antenatal care and childbirth due to their constant travelling patterns, and were reluctant to engage with health visitors as they didn't seem to understand the Boater lifestyle. A lack of public transport in rural areas also creates difficulties getting to healthcare appointments, as few Boaters have a car. Read more about this work [on our website](#).

## Supporting Afghan refugees

In March 2024, we met around 40 families of Afghan refugees who had helped British forces in Afghanistan and have been settled in army bases across Wiltshire. We visited military bases at Perham Down, Larkhill and Lyneham to find out how these families were accessing health and care, education and early years support, and to hear their experiences of getting the help they needed. Key themes included:

- Lack of ability to speak English makes accessing health and care very difficult particularly as Dari and Pashto interpreters are not always available
- Difficulty/unavailability of accessing public transport and cost of getting to appointments
- Lack of social integration and isolation
- Not knowing where to go to get help or access sports and social activities.

### What happens next?

The final phase of this project, in summer 2024, will see us reach out to Bangladeshi and Nepali communities and Travellers.

# Advice and information

**If you feel lost and don't know where to turn, Healthwatch is here for you. In times of worry or stress, we can provide confidential support and free information to help you understand your options and get the help you need.**

**This year we've helped people by:**

- Providing up to date information people can trust
- Helping people access the services they need
- Supporting people to look after their health

## Explaining GP access rights to a Boater

James\*, a single older man, had suffered a brain injury after being attacked. He has ongoing medical issues and needs daily medication. He uses the NHS App but, as a Boater, finds it difficult to collect prescriptions as he uses his sister's address and does not have a fixed address. He explained he was not getting the correct dosage of one of his medications and had tried to speak to the GP receptionist to have this corrected. They insisted he needs to see a doctor but that is not possible given his travelling pattern.

We were able to give the man [a card that outlines his rights to access GP services](#) despite having no fixed address. We directed him to a surgery that is accessible given his current cruising pattern and where we know the needs of the Boater community are well understood. The man was grateful for being listened to and thanked us for our support.

## Helping to find an NHS dentist

Cynthia\* was pregnant and moved around a lot as her husband was in the military. She needed her teeth looked at as they were sensitive and bled often due to pregnancy. Her midwife advised her that she is entitled to free dental checks as she is pregnant. Cynthia told us she had already contacted NHS England who advised there was nothing they could do to help at the time and advised her to continue to look around.

We suggested she visited the NHS website to find a dentist and organisations who can provide advice online, such as the Oral Health Foundation and eLearning for Healthcare. We also advised her to contact NHS 111 if she experienced any pain or discomfort.

### Advice on registering with your GP is most visited page

An article which helps people [understand their rights when registering with a GP](#) has been the most visited page in the advice and information section of our website.

The page provides answers to frequently asked questions such as how do I register? and advice on what to do if you have problems registering. There are links to further information, particularly if you are an asylum seeker, refugee, a homeless patient or an overseas visitor, as well as to the My Right to Healthcare card to help people register.

The page has been visited 619 times this year.

# Volunteering

**We're supported by a team of amazing volunteers who are at the heart of what we do. Thanks to their efforts in the community, we're able to understand what is working and what needs improving.**

**This year our volunteers:**

- Attended events to promote Healthwatch Wiltshire and what we have to offer
- Collected experiences and supported local people to share their views
- Passed on advice and information

**“I decided I’d like to do some volunteering and was introduced to Healthwatch by a friend. With my background as an Occupational Therapist, I have always been interested in health issues. I am particularly interested in improving health care for older people, as after being a carer for my parents for over 10 years, I realised there are often gaps in the care provided. Also, after working in a primary school, I developed an interest in the emotional wellbeing of children and young people. I feel this is an area that needs more research and resources. I have only joined Healthwatch recently and I am planning to help with a Mental Health Awareness Week at local colleges. I have also offered to help with a project looking at how the health and support needs of military personnel and their families are being met in Wiltshire. I look forward to being part of Healthwatch Wiltshire.”**

Alison

**“My background is in care and education working for Social Services in Berkshire and then across the South of England inspecting for Ofsted. I moved to Wiltshire in 2005 and on early retirement I wanted to continue to support families. I firstly volunteered for Homestart before transferring to Healthwatch on its formation in Wiltshire. I have undertaken a range of activities with Healthwatch giving talks, conducting surveys, helping at events, and developing materials, to support our work in Enter and View visits to publicly funded health and care providers. I help to train other volunteers in our role as visitors to the providers and particularly enjoy supporting others in this way. Volunteering is a great way of meeting new people and giving your spare time to supporting improvements for Wiltshire residents.”**

# Finance and future priorities

To help us carry out our work we receive funding from our local authority under the Health and Social Care Act 2012.

## Our income and expenditure - Help and Care (April-December 2023)

Income		Expenditure	
Funding received from local authority	£119,746	Staff cost	£80,042
Additional income - NHS Charities Together EMTAS project	£600	Operational costs and administration	£16,424
		Support and administration	£45,835
<b>Total income</b>	<b>£120,346</b>	<b>Total expenditure</b>	<b>£142,301</b>

## Our income and expenditure – The Care Forum (January-March 2024)

Income		Expenditure	
Funding received from local authority	£44,250	Staff cost	£32,842
Additional income – NHS Charities Together EMTAS project	£900	Operational costs	£11,938
		Support and administration	£2337
<b>Total income</b>	<b>£45,150</b>	<b>Total expenditure</b>	<b>£47,117</b>
<b>Overall income 2023-24</b>	<b>£165,496</b>	<b>Overall expenditure 2023-24</b>	<b>£187,451</b>

## Next steps

**Over the next year, we will keep reaching out to every part of society, especially people in the most deprived areas, so that those in power hear their views and experiences.**

We will also work together with partners and our local Integrated Care System to help develop an NHS culture where, at every level, staff strive to listen and learn from patients to make care better.

**Our top three priorities for the next year are:**

- **Pharmacy** – a review of the Pharmacy First scheme.
- **Living in a rural county** – focusing on the issues people face living in isolated areas and how they access services.
- **Care at home** – hearing the views of people who have an NHS@Home (virtual ward) package to provide care at home and how this is working for them.

New projects for 2023–24 include talking to military personnel and their families about how they access health and care. We'll also be continuing our work with Wiltshire EMTAS to engage with Bangladeshi and Nepali communities, and Travellers.

And we'll follow up on our recommendations from our previous reports to see what impact changes to services have had for local people.

# Statutory statements

**Healthwatch Wiltshire, The Independent Living Centre, St George's Road, Semington, Wiltshire BA14 6JQ.**

**Healthwatch Wiltshire uses the Healthwatch Trademark when undertaking our statutory activities as covered by the licence agreement.**

The Healthwatch Wiltshire service was transferred to a new provider on 1 January 2024, following a procurement exercise by Wiltshire Council.

For the period 1 April 2023 to 31 December 2023, the Healthwatch Wiltshire contract was provided by **Help & Care**, A49, Aerodrome Studios, Airfield Way, Christchurch, Dorset, BH23 3TS. Registered Company No. 03187574. Registered Charity No. 1055056.

On 1 January 2024, the Healthwatch Wiltshire contract was awarded to **The Care Forum**, The Vassall Centre, Gill Avenue, Fishponds, Bristol BS16 2QQ. Registered Charity No. 1053817 and a Company Limited by Guarantee in England No. 3170666.

**Most of the work featured in this report was carried out under Help and Care, apart from the priority survey and engaging with Afghan refugees, which were between January-March 2024.**

# The way we work

## Involvement of volunteers and lay people in our governance and decision-making

Our Healthwatch Board consists of 4 members who work on a voluntary basis to provide direction, oversight and scrutiny of our activities. Our Board ensures that decisions about priority areas of work reflect the concerns and interests of our diverse local community.

Throughout 2023/24, the Board met 6 times and made decisions on matters such as partnerships with stakeholders and our contributions to their strategies.

Our wider group of volunteers were involved in a priority setting workshop to decide our projects for the forthcoming year. We ensure wider public involvement in deciding our work priorities.

We are committed to taking additional steps to ensure we obtain the views of people from diverse backgrounds who are often not heard from. This year we have done this by talking to Eastern European, Fijian and Afghan communities and Boaters.

Our work priorities are driven by what people have told us is important to them, through our surveys and feedback forms, information and signposting enquiries, web page views, and our mental health forum. Our survey to hear Wiltshire people's views on possible projects for next year gathered 211 responses.

## Methods and systems used to obtain people's experiences

We use a wide range of approaches to ensure that as many people as possible can provide us with insight into their experience of using services. During 2023/24, we have been available by phone, and email, provided a web form on our website and through social media, as well as attending libraries and community campuses, community groups and forums. We've also heard people's experiences at health and wellbeing fairs, Armed Forces events, Freshers Fairs and at WI meetings.

We ensure that this annual report is made available to as many members of the public and partner organisations as possible. We will publish it on our website and share it with our mailing list subscribers and on our social media channels.

## Responses to recommendations

All providers responded to our requests for information and recommendations. There were no issues or recommendations escalated by us to Healthwatch England Committee, so no resulting reviews or investigations.

## Enter and View and PLACE visits

Healthwatch Wiltshire has a statutory right to carry out Enter and View visits in health and social care premises to observe the nature and quality of services, as set out in the Local Government and Public Involvement in Health Act 2007.

Enter and View visits could be to NHS organisations, GPs, dentists, opticians and community pharmacists. Visits are not inspections but aim to offer a layperson's perspective.

Patient-Led Assessments of the Care Environment (PLACE) assessments look at the care environment of services such as hospitals and day care centres.

We did not carry out any Enter and View or PLACE visits this year but are planning more for 2024/25.

---

## Taking people's experiences to decision-makers

We ensure that people who can make decisions about services hear about the insight and experiences that have been shared with us. In our local authority area we take information to a number of committees and forums, including:

- Wiltshire Council's Health and Wellbeing Board and Health Select Committee
- BSW VCSE Alliance (Voluntary Community and Social Enterprise)
- Children and Families Voluntary Sector Forum
- Neighbourhood Collaboratives
- Health and Wellbeing Forums
- Patient experience groups (run by the hospital trusts)
- Wiltshire Integrated Care Alliance Partnership Meeting (NHS, council, VCSE, care homes)
- Wiltshire Youth Partnership

This year we've also shared feedback to inform the Integrated Care Board's work to improve prescription ordering services.

We also take insight and experiences to decision makers in Bath and North East Somerset, Swindon and Wiltshire Integrated Care System, in meetings that include the BSW System Quality Group (NHS providers and local authorities).

We also share our data with Healthwatch England to help address health and care issues at a national level.

## Health and Wellbeing Board

Healthwatch Wiltshire is represented on the Wiltshire Council's Health and Wellbeing Board by Alan Mitchell, Chair of Healthwatch Wiltshire, where we have voting rights.

During 2023/24 our representative has effectively carried out this role by regularly attending meetings and workshops and reminding partner agencies about the importance of involving local people.

## Integrated Care Board

Alan also represents Healthwatch Wiltshire on the Bath and North East Somerset, Swindon and Wiltshire (BSW) Integrated Care Partnership (ICP), and the Wiltshire Integrated Care Alliance (WICA) Partnership Committee.

## New Alternative Provision Offer for Wiltshire Schools - Limited Places Available

We are now accepting pupil referrals for our Alternative Provision offer at Oxenwood Outdoor Education Centre and Linkenholt Countryside Adventure Centre. The provision has been inspected and approved by Wiltshire Council and schools can find out more via the Alternative Provision Portal on the Right Choice website or via our website: [www.oxenwood.org.uk/alternative-provision](http://www.oxenwood.org.uk/alternative-provision). There are currently a limited number of places available. Schools who are interested in the Alternative Provision offer should arrange a place as soon as possible to take advantage of this fantastic opportunity for young people to experience the many benefits of adventure and outdoor learning.

## Community Transport Services - Directory

If your organisation works with people in rural areas, you may already be aware of the service provided by Link Schemes and Community Minibus Groups. Community transport services offer a vital lifeline to local facilities and medical care for people across the county. Community First offers support to local transport groups and provides a directory of contact details for individual Link Schemes and Community Minibus Groups. This directory can be filtered by approximate location e.g. nearest town and by keyword search for specific local areas.

Demand for access to transport services has increased in recent years. We have also seen an increased volume of requests for help with transport which are being sent directly to Community First. Whilst we offer support to local transport services, we cannot make transport arrangements for individuals directly. If you work with people who need help with transport e.g. for medical appointments, please share the link to the Community Transport Directory with them so they can contact their local service:

## Voice It, Hear It

We have previously included information about the Voice It, Hear It project in updates for Area Boards. Voice It, Hear It, is a co-production and engagement project that unifies the collective strength of its partners to support the voice and engagement of people in Wiltshire. The project is funded by Wiltshire Council and BSW ICB and delivered by Community First, Wessex Community Action, Wiltshire Service Users Network, Age UK Wiltshire, Alzheimer's Support and Celebrating Age Wiltshire.

The Voice It, Hear It team is continuing to support Wiltshire Council, BSW ICB and other partners to deliver engagement projects on a variety of topics. Topics for Autumn 2024 include technology, health screening, dental care and accommodation. As mentioned in our September briefing, there is also an opportunity for extended partners to join our Voice It, Hear It Engagement Network.

In addition to direct engagement through face to face groups and meetings, the project also offers opportunities to participate online through surveys. A list of current surveys and other opportunities to be involved can be found on the Voice It, Hear It landing page on the Wiltshire Together website:

<https://wiltshiretogether.org.uk/voice-it-hear-it>

Scroll down to the section called 'Voice It, Hear It activities' for a list of current surveys.

Please share this link with your contacts and service users (if appropriate) so that we gather as much useful feedback as we can about local services. This will help to inform the creation of new services or change the way services are delivered locally to make them better for the future.

## ICB updates for Wiltshire Area Board – August 2024

### **New primary care centre in Hindon**

The ICB has approved the funding to enable a new primary care premises to be built in Hindon.

There are still several hurdles to cross before final confirmation that the scheme will be able to proceed including, such as the securing of planning permission.

The fact remains that this is positive news for both the GP partners and the residents of Hindon and the surrounding areas.

This scheme represents the first of several priority estates projects which the ICB is looking to secure certainty on as part of its wider Primary Care Estates Plan.

Further details on this will be shared by Gordon Muvuti, Executive Lead for Primary Care, the coming months.

### **Ongoing work to tackle inequalities in Wiltshire**

Core20PLUS5 is a national NHS England approach to inform action to reduce healthcare inequalities at both national and system level.

The approach defines a target population – the ‘Core20PLUS’ – and identifies five focus clinical areas requiring accelerated improvement.

All ICBs are encouraged to have a focus on the most deprived 20 per cent of the national population (Core2) as identified by the national Index of Multiple Deprivation (IMD).

ICBs can also choose additional population groups (PLUS) which experience poorer than average access, experience and/or outcomes.

PLUS populations have been identified for Bath and North East Somerset, Swindon and Wiltshire respectively, with the specific Wiltshire populations listed below:

- Routine and manual workers
- Gypsy, Roma and Traveler communities, including children
- Rural communities

In Wiltshire, there are several projects already under way which are helping to improve the health and wellbeing of people which make up the groups listed above.

These initiatives, such as tailored support for tobacco dependency, help with managing and reducing levels of obesity and dedicated clinics for proactive hypertension checks, are being led through a collaborative arrangement between colleagues at the ICB and counterparts at Wiltshire Council.

## **Pharmacy provision in Wiltshire**

The Pharmaceutical Needs Assessment (PNA) for Wiltshire is due to be refreshed for September 2025.

The PNA maps current provision, assesses local need and identifies any gaps in provision.

It also is used as a key tool for identifying what is needed at a local level to support the commissioning intentions for pharmaceutical services and other services that could be delivered by community pharmacies and other providers.

Developing a PNA is a significant process, and the ICB has chosen to establish a steering group, made up of key partners, including Wiltshire Council, Healthwatch Wiltshire and Wessex Local Medical Committee, to help ensure its production fully represents the needs of the local communities, especially those that have called for more pharmaceutical services, such as Warminster.

A draft version of the PNA will be brought to the Wiltshire Health and Wellbeing Board ahead of its deadline of March 2025, with the finished article also due to go through the committee for sign off.

## **Bringing health and care services to Wiltshire's farming community**

Through the accelerator vaccine programme and Health Inequalities Funding, the ICB has brought together more than 10 partners to pilot essential health and wellbeing services that are tailored specifically for those in the farming and rural community.

By engaging with farmers and listening to their experiences, the ICB has been able to gain a better understanding of the challenges they face when accessing health and care, such as not being able to attend GP appointments due to surgery car parks being unsuitable for tractors.

This unique insight spearheaded a unique initiative which has seen teams from multiple health and care organisations spend time at Salisbury livestock market to offer attendants a variety of on-the-spot services, such as health checks, including blood pressure and cholesterol monitoring, and mental health advice.

While teams at the market are not yet able to offer clinical interventions, it is hoped this kind of outreach work will continue to grow and develop in a way that ensures those from more isolated communities have the support they need to live healthy, happy lives.

## **Collaborative work to improve children's oral health in Wiltshire**

The ICB and Wiltshire Public Health team have been working collaboratively on three priorities linked to oral health. These priorities can be seen below:

- Improve access of dental care services to the Wiltshire population, considering vulnerable populations who are at risk of poorer oral health outcomes and face barriers in access to dental care and treatment
- Increase the dental workforce within Wiltshire
- Improve oral health outcomes focused on Core20PLUS5 populations, including engagement, and further understanding population needs

In addition, there has been an allocation of £300,000 to fund oral health activities in Wiltshire for 2024/25.

This has been allocated from the dental care underspend, and the Public Health team and ICB are undertaking scoping work to plan how this funding can be used to deliver dental outreach services in Wiltshire for the most vulnerable populations.

Elsewhere, a number of oral health promotion programmes, which aims to prevent tooth decay and the subsequent need for dental treatment, have been under way across Wiltshire.

One such programme is First Dental Steps, which involves all health visitors receiving oral health champion training, and then using their new skills to provide families with expert advice and guidance.

The health visitors also give their families age appropriate oral hygiene packs, which contain toothpaste, a toothbrush and a sippy cup for children.

As part of the programme, children who meet a specific criteria, such as those whose siblings have undergone dental extraction, will have a direct referral to an NHS dentist.

## Area Board Briefing Note Update on the FACT Family Help Project

<b>Direct contact:</b>	<b><i>Simon.thomas@wiltshire.gov.uk</i></b>

### Background

In early 2023, the Wiltshire Families and Children's Transformation (FACT) Partnership launched its Family Help project to enhance the local arrangements for the delivery of early intervention and prevention services for children, young people and families.

### What do we mean by 'Family Help'?

Wiltshire's multi-agency Family Help arrangements enable children, young people and families to access the right help at the right time through a co-ordinated approach to prevention and early intervention through:

- a co-ordinated approach at a whole population/universal level to prevent needs from arising and to build resilience across all residents
- a robust multi-agency approach to identifying any additional needs at the earliest point and providing effective joined-up support that prevents the needs from escalating further

We use the term 'Family Help' to stress that the focus is on working with families and to avoid historical confusion associated with the term 'Early Help'.

### Summer '24 Update

The project is now focussed on understanding the learning from the various strands of work and particularly the locality-based pilot activity in Warminster and Westbury with a view to embedding the successful features into the County-wide model for Family Help.

### The Warminster and Westbury Pilot

#### What we set out to achieve and what we have achieved?

We wanted to develop and test some specific ways of working:

- Wrapping services/groups around local cluster(s) & communities.
- Creating a local case consultation system – Family Help Co-ordinator being local contact for support on case discussions.
- Applying a more flexible/responsive practice model – Localised team that built professional working relationships within the community.
- Creating a local community of practice – Warm hand overs and introductions for families rather than referrals
- Working with sibling groups across phases – bringing schools together to work across the whole family.
- Offering local training & sharing – Offering Peer supervision to the local pastoral care and parenting support staff in local schools, offering coaching and resources to support direct interventions
- Developing local 'voice' activity- Learning from the feedback of families

Over the last 15 months the pilot has been able to work with partners in the Westbury and Warminster area to provide a more individual response to Family Help. We have supported 53 families who under previous models would not have had received direct intervention within the home. We have been using

the Outcomes Star tool to understand impact and progress in families; analysis shows every family worked with has reported and shown positive progress.

In terms of other insights regarding impact of the project, early data analysis suggests specific positive impact in school attendance and school exclusion. There is also evidence that the provision of local advice to schools and other partners reduces unnecessary demand on the Council's 'front door' in terms of queries about support for individual children, young people and families. Work is ongoing to explore both quantitative and qualitative data and Oxford-Brookes University are currently undertaking the final stage of the pilot project evaluation to inform discussions about the future model for Family Help across Wiltshire.

Evaluation will also be completed on the Early Help Mental Health Pilot that has been integrated within the Warminster and Westbury activity; this project is due its national evaluation in September which will inform the future model of early help mental health support across the County.

### **What's next For Westbury and Warminster?**

#### **Family Help Pilot:**

The specific activity of the Family Help Pilot Team ceased at the end of the Summer Term and has been transferred as 'business as usual' activity led by Spurgeons as the new delivery organisation for Family Hubs across Wiltshire (see below). All families that the pilot team are currently working have been introduced to staff from Spurgeons for any ongoing support needs.

#### **Family Hubs:**

The learning from the pilot has already fed into the delivery specification for the Family Hubs. These are the new Wiltshire wide service for families with children aged 0-19 (25 with SEND) delivered by Spurgeons since April 2024.

Family Hubs provide information, advice and support for all families with a mixture of evidence based interventions based on the local need. There are three flagship hubs in County Hall Trowbridge, Monkton Park Chippenham and Five Rivers Salisbury. Alongside this there are Community and Family Navigators based in community buildings such as libraries, leisure centres and community projects to offer support and guidance to families.

Further information can be found here [Family hubs - Wiltshire Together](#)

### **What's next for Wiltshire?**

The county-wide aspects of the FACT Family Help project will continue as planned until April 25:

- Continued promotion of the All Together brand for Family Help

- Maintenance and development of the All Together web platform for families

- [All Together - Wiltshire Together](#)

- Ongoing roll-out of the whole system Family Help Workforce Development offer

- Further development and implementation of the Family Help outcomes framework

During this period the multi-agency partnership group will be reflecting on the learning and feedback from the pilot activity to inform a long-term county wide model.

Please contact [fact@wiltshire.gov.uk](mailto:fact@wiltshire.gov.uk) if you'd like to find out more or get involved.

Area Board Briefing Note  
FACT Transitional Safeguarding Project

<b>Service:</b>	<b>Families and Children’s Transformation (FACT)</b>
<b>Date prepared:</b>	<b>August 2024</b>
<b>Further enquiries to:</b>	<b>Simon Thomas</b>
<b>Direct contact:</b>	<a href="mailto:Simon.thomas@wiltshire.gov.uk">Simon.thomas@wiltshire.gov.uk</a>

**PROJECT OVERVIEW**

Transitional Safeguarding is an “*approach to safeguarding adolescents and young adults fluidly across developmental stages which builds on the best available evidence, learns from both children’s and adult safeguarding practice and which prepares young people for their adult lives*” (Chief Social Workers Knowledge Briefing June (2021)).

In response to multiple partners identifying opportunities for improvement in how we support young people who are vulnerable in the context of criminal and/or sexual exploitation as they move between services at age 18, the Families and Children’s Transformation (FACT) Partnership is undertaking a specific project to explore how strategic and operational systems and practice can be developed. The project is specifically exploring the concept of achieving better outcomes for this cohort of young people through a programme of culture, practice and system change rather than a structural change model. National evidence tells us that failure to effectively support young people in this transition to adulthood impacts significantly upon their future outcomes as well as increasing the cost of interventions later in life that are felt across a wide range of system partners including Adult Social Care, Housing, Police, Justice System, Health partners and the welfare benefits system.

The multi-agency project has been running for 20 months with an initial focus on seeking to understand the lived experience of the young people and how the whole system works in the context of young people’s support arrangements before, at and after the point they turn 18.

**SUMMER 2024 UPDATE**

As the project now moves towards closure in April 2025, the focus has shifted to identifying and implementing opportunities for improvement. This phase of activity is informed by case reviews, learning from cases that have been explored at the Creative Solutions Board during the period to date as well as the learning from cases considered within the Early Planning for Transitions activity. There has also been significant insight gained from engagement activity with young people, review of the Transitional Safeguarding mentoring programme and wider dialogue with a range of system partners about their experiences of working with young people in Wiltshire. We are also involved in a number of national networks exploring this issue and seeking to enhance approaches across the country.

The multi-agency activity has identified four key themes going forward.

**Theme 1 - How the system can provide effective post-18 support for young people who have received intensive support prior to their 18<sup>th</sup> birthday**

The project is working closely with Adult Social Care to enhance the existing post-18 support arrangements and to ensure that young people who require support from Adult Social Care experience a well-planned and smooth transition that leads to them being able to access appropriate support whilst also ensuring robust safeguarding oversight.

The project is also exploring the commissioning of housing provision with support specifically informed by the needs and vulnerabilities identified within the project.

Implementation of these developments will not just involve Adults Social but will require wider partner engagement and will need to be flexible and responsive to take account of the fluidity in young people's lives.

### **Intended impact**

Success in this theme will mean that more young people are able to access effective post-18 support that enables them to achieve positive outcomes such as engagement in work and learning and reduced homelessness. The need for crisis-related support from across the system will also be reduced.

### **Theme 2 – How the system can best support young people with Special Education Needs/Disability (SEND) who are also vulnerable to exploitation**

The project is facilitating conversation with colleagues from the Council's SEND Services, Social Care and pre/post-16 education providers to explore opportunities to ensure the support for these young people is as joined up and robust as possible taking account of the additional vulnerability and risks.

### **Intended impact**

The key outcomes related to this theme are that fewer young people will drop out of post-16 work and learning and those that do will be picked up and supported to re-engage at an earlier stage.

### **Theme 3 – How the system partners can best work together to share information related to risk and vulnerability so that a shared assessment of risk is in place for each young person**

This strand of work is in its exploratory phase with focussed conversations taking place with Police and Social Care colleagues, utilising case reviews to inform future recommendations and developments.

### **Intended impact**

Improved sharing of information and consistency of assessment of risk will mean that partners will have a shared understanding of our most vulnerable young people and be able to respond more effectively when intervention is required. This will also enable consistency of support and response when young people move across and between services and parts of the system.

### **Theme 4 – How we can ensure that planning for transition from pre-18 to post-18 services is well-planned and effective**

Informed by feedback from professionals and young people as well as case review activity, the project is working closely with Children's Social Care to embed best practice regarding planning for transition where contextual risks are present.

### **Intended impact**

This theme is seeking to ensure that individual young people's needs, risks and vulnerabilities are well understood by relevant pre-18 and post-18 services so that transfer of support is as smooth as possible and that the risk of young people either disengaging from support or 'slipping through the net' are reduced.

## Area Board Briefing Note Overview of Wiltshire Youth Council

<b>Service:</b>	<b><i>Voice and Participation Team – Families and Children Services</i></b>
<b>Date prepared:</b>	<b><i>July 2024</i></b>
<b>Further enquiries to:</b>	<b><i>Gary Norton-Sanders, Service Manager - Quality Outcomes</i></b>
<b>Direct contact:</b>	<b><i>gary.norton-sanders@wiltshire.gov.uk</i></b>

### **Introduction**

This briefing note provides an overview of the Youth Council's role and outlines what Councillors can expect from this body. The Youth Council is a crucial initiative aimed at fostering youth engagement in local governance and community development.

This year 13 Youth Council members were elected, and they meet together on a monthly basis; facilitated by the Voice & Participation Team, within Families and Children Services. The council is made up of young people aged 11 to 19 from across Wiltshire.

### **Role of the Youth Council**

Our Youth Council serves as an advisory body, providing valuable insights and recommendations on issues affecting young people in our county. Their unique perspectives can help shape policies and programs that better address youth needs.

The Youth Council ensures that the voices of young people are heard in decision-making processes. It acts as a bridge between the youth community and Wiltshire Council, representing the interests and concerns of young residents.

Through participation in the Youth Council, members gain leadership and advocacy skills. This experience prepares them for future roles in civic and community life.

The Youth Council plans and executes 3 community projects, contributing to local development and addressing specific community needs. These projects can range from environmental initiatives to social programs.

The Youth Council engages with the broader youth population through forums, surveys, and social media. This helps ensure that the council's activities and recommendations are reflective of the wider youth community.

Members participate in national and regional initiatives, such as the British Youth Council and the United Kingdom Youth Parliament.

### **Expectations from the Youth Council**

Councillors can expect termly updates from the Youth Council on their activities, projects, and key issues. This will be in the form of termly newsletter and presentations at council meetings where considered appropriate.

The Youth Council will provide informed recommendations on policies impacting young people. Councillors can expect well-researched and practical suggestions that address the specific needs of the youth demographic.

Youth Council Members will have the opportunity to attend a Council meeting to observe.

The Youth Council may seek to collaborate with councillors on initiatives and projects. This will include co-hosting events or supporting council-led programs aimed at youth development.

Councillors will often seek feedback from the Youth Council; this is most effectively achieved through engagement with the collective Youth Council and not through engagement with individual representatives. Similarly, the Youth Council will seek feedback from councillors on their initiatives and proposals. This two-way communication helps ensure that their activities align with broader county objectives and benefit from the experience of elected officials.

Councillors can expect the Youth Council to actively advocate for youth-related issues within the community. This includes raising awareness about challenges facing young people and promoting positive initiatives.

### **Conclusion**

The Youth Council is a vital asset to our county, bringing fresh perspectives and innovative ideas to the table. As county councillors, your support and engagement with the Youth Council will be instrumental in maximizing its impact. By working together, we can ensure that the voices of our young residents are heard and that their contributions lead to meaningful improvements in our community.

Thank you for your attention and support.

## Engineering

Wiltshire Council & National Highways carry out investigations to decide if an engineering solution is required in response to the causes of RTC's on Wiltshire Roads.

To do this, they use data provided by STATS 19 which is the means by which the Police report RTC's. (This is soon to be replaced by a new system called STATS 21)

“Cluster analysis” is undertaken (in accordance with national standards) to identify if there are any sites which require a collision reduction program which MIGHT prevent collisions taking place. They look to see if there have either been 3 incidents in 3 years or 10 in 10 years.

# The Wiltshire and Swindon Road Safety Partnership

## Engineering

The RTC's analysed are injury collisions only. Damage only collisions are not analysed but historically stats suggest there are roughly 12 damage only collisions per injury collision.

Collision rate along a specific routes are also analysed (in accordance with national standards).

Wiltshire Council do not analyse national Highways roads, they do their own

Wiltshire Council have currently identified 80 sites across the county and most issues are relate to single carriageway roads.

# The Wiltshire and Swindon Road Safety Partnership

## Traffic Survey's

Traffic surveys can be requested by Parish Councils via the Local Highways & Footway Improvement Group (LHFIG). Applications made this way are almost always accepted.

These surveys provide detailed and calibrated data which can include traffic volume, times, speeds and even vehicle types.

They provide the necessary evidence to confirm if there is a speeding issue for CSW.

Parish Councils can be charged (between £120 & £200) for this (although they are often provided free to the requestor) and take approximately 6 – 12 weeks to complete once requested.

## Community Speed Watch

Huge and sincere thanks for such a fantastic effort and amazing on-going achievements. This really works and we know what a strong and significant contribution to safety in the community these teams make.

Its important to remember this is the Community working on behalf of the Community – and worth noting that often those receiving letters are local!

# The Wiltshire and Swindon Road Safety Partnership

## Community Speed Watch

Community speed watch is not a “War on motorists” as the popular saying goes.

It is an evidenced based, highly visible, community led educational initiative. It doesn't result in speed awareness courses, fines, points on licenses or court appearances, *but can influence separate future police enforcement activity.*

Those identified as speeding by a Community Speed Watch will receive a letter – and can receive up to 3, each increasing in severity in terms of tone, but all purely advisory.

The tone of the 1<sup>st</sup> letter is set by the severity of the speeding.

# The Wiltshire and Swindon Road Safety Partnership

## Community Speed Watch

There has to have been a traffic survey carried out to provide data to evidence there is a speeding issue, before a CSW can be established or re-established.

Data analysis of CSW activity and outcomes shows that although there has been no reduction in the number of watches being carried out, the number of letters being sent out are reducing.

Community speed watch works.

## Emerging Issues

The Group carries out continuous analysis of what's happening in Wiltshire and Swindon and one thing we're starting to notice is pedestrian distraction, often due to use of their mobile phones.

People are walking into the road without properly looking, having been completely distracted by their phones.

It would be helpful if you could perhaps mention this to family and friends and just ask them to be particularly vigilant.

**THANK YOU**

## Update for Tidworth Area Board

<b>Name of Parish/Town Council</b>	<b>Everleigh Parish Council</b>
<b>Date of Area Board Meeting</b>	7 <sup>th</sup> October 2024

### Headlines/Key Successes

- Our village Summer Party took place on Saturday 13<sup>th</sup> July in Jubilee Field opposite the playground. Although the turnout was low, villagers enjoyed an excellent evening despite the inclement weather, with some light hearted games and utilising our new BBQ stand which proved to be extremely effective.
- The St Andrew's Church Fete took place on Saturday 7<sup>th</sup> September on the Ducis Recreation Field. Team Everleigh put in a great effort, particularly in the Tug of War competition. The event was well organised and was a great way to develop community spirit with our neighbours from Kingston and Ducis.

### Projects

- **Everleigh Enhancement Project.** This year we are focused on three main initiatives: a new all weather park bench by the Crown bus shelter; maintenance of our eight village planters, with Spring and Autumn plants; and replacement of batteries and pads on our village defibrillator at the end of their 5 year lifespan.

### Forthcoming events/Diary dates

- **Harvest Festival Service** Saturday 5<sup>th</sup> October: St Peter's Church; 3pm.
- **Autumn Litter Pick** Saturday 19<sup>th</sup> October: The Crown & All areas Everleigh; 11am.
- **Bonfire Night** Saturday 2<sup>nd</sup> November: Jubilee Field; 6pm
- **Christmas Carol Service** Saturday 14<sup>th</sup> December: St Peter's Church; 5pm.

Signed: **DENIS BOTTOMLEY, Chairman Everleigh Parish Council**

Date: 24<sup>th</sup> September 2024

<a href="#">ABG1988</a>	Community Area Grant	St James Bellringers	Ludgershall St James Church bells	£32865.00	£5000.00

**Project Summary:**

**Repair and improvement to the bells situated in the tower of St James Church Ludgershall. Church bells are a traditional British sound and form the background to both secular and non-secular national and local events. In recent times, these bells have been rung to celebrate the platinum jubilee of Queen Elizabeth the 2nd and then in her memory at the death. Then again to celebrate the coronation of King Charles 3rd. They are also rung for remembrance services. In previous years they have also been rung at the start of Ludgershall town council street events. Bellringing is multi cultural, multi faith, and welcomes people of all ages, genders,cultures and belief. The bells in St James Tower have had no work done to them since the early 1900's , some or the bells date back to the 1600's. They are now in need of some essential repair and renovation to both the bells and the bell frame to ensure that they continue to be able to be rung for the people and parish of Ludgershall. If not done it is likely that the bells will become unringable in the future**

<a href="#">ABG1916</a>	Older and Vulnerable Adults Funding	The Castle Practice	Dollys Carers Cafe	£4200.00	£2100.00
<p><b>Project Summary:</b>  <b>We have set up a carers café in an existing café, (all health and safety/food preparation standards and governance are in place) this enables us to look after carers. Carers are part of our vulnerable groups in our population, this project helps tackle the health inequalities they encounter. The aim of the cafe is for the carers to feel valued and to intergrate them within the community where they often feel socially isolated, as they have specific needs. Carers often have higher incidences of long term conditions and experience deprivation, unable to finance or access activities for their own well-being.</b></p>

## Background

3. Area Boards have authority to approve funding under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the Area Board Funding and Grants Criteria. This document is available on the council's website.
4. Three funding streams are available to the Area Board, each with an annually awarded amount. These funding streams are as follows:
  - Community Area Grants (capital)
  - Youth Grants (revenue)
  - Older and Vulnerable People Grants (revenue)
5. The Area Board will be advised of the funding available prior to their first meeting of each financial year.

## Main Considerations

6. Councillors need to be satisfied that the applications meet the requirements as set out in the Area Board Funding and Grants Criteria and that the health and wellbeing and young persons funding guidelines have been adhered to.
7. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.
8. Councillors need to consider any recommendations made by sub groups of the Area Boards.

## Safeguarding Implications

9. The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

## Public Health Implications

10. The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

## **Environmental & Climate Change Implications**

11. Grant funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

## **Financial Implications**

12. Councillors must ensure that the Area Board has sufficient funding available to cover the grants awarded.

## **Legal Implications**

13. There are no specific legal implications related to this report.

## **Workforce Implications**

14. There are no specific human resources implications related to this report.

## **Equalities Implications**

15. Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.
16. Community Area Grants will give local community and voluntary groups, Town and Parish Councils equal opportunity to receive funding towards community based projects and schemes where they meet the funding criteria.

## **Proposals**

17. To consider and determine the applications for grant funding.
