Wiltshire Council

Council

17 October 2017

Update on Syrian Vulnerable Persons Relocation Scheme

- It is now two years since full council passed a motion to participate in the Government's Syrian Vulnerable Persons Relocation (VPR) Scheme and any other such schemes introduced to support other vulnerable persons seeking refugee status.
- 2. The VPR scheme prioritises the most vulnerable refugees that are living in countries neighbouring Syria typically survivors of violence, torture, women and girls at risk and those with urgent medical needs.
- 3. The first Syrian refugees arrived in Wiltshire in December 2015. Wiltshire was one of the first local authorities to welcome refugees under the scheme and is now home to 87 Syrian refugees (27 family/ or individual group referrals).
- 4. We are grateful to volunteers, faith and community groups from a number of towns across Wiltshire who have been critical to the successful functioning of the scheme. They have worked with us and our partner agencies to ensure the refugees have everything they need to settle here quickly. The volunteers have been part of the approach to ensure the individuals and families have all they need. Our families are based all over Wiltshire with each family or person having volunteers on hand to support them as they become accustomed to the British way of life or provide informal English lessons.
- 5. Wiltshire Council is continuing to work closely with public sector partners and the community to ensure homes, school places and all necessary support is in place for when refugees arrive in the county. We continue to coordinate support for arrivals with the NHS, DWP and other partners (such as Wiltshire College for English lessons) as well as council services for education, housing, skills and social care.
- 6. Some of the Syrian refugees in the county have been reunited with other members of their family. We have worked closely with the Home Office to achieve this. Each of the families that have been reunited with relatives in Wiltshire has been eligible in their own right for the Vulnerable Persons Relocation scheme (that is, they fall into the most vulnerable category of refugees).
- 7. Our families who have been here for some time are already integrating with their communities and volunteering (including with the fire and rescue service) and gaining work experience and employment. Some already have a professional background or qualification and those who have arrived in Wiltshire already have shown a strong desire to integrate and have been incredibly grateful for the

- opportunity for a safe new home. Several have gained their UK driving licence and purchased cars and other families have had children during their time here.
- 8. The numbers of Syrian refugees we can accommodate in future will be determined by the availability of suitable accommodation. If you know of someone willing to explore renting their house or flat to a Syrian refugee, please contact the housing options team on 01225 718005 or homeless@wiltshire.gov.uk. We are looking for self contained properties, with their own entrance, that are available to rent for a minimum of 12 months at Local Housing Allowance rate. The team are happy to talk about wider support that can be given to enable properties to be rented. The properties will be for families or individuals living on their own. We work with Wiltshire Community Foundation and volunteers who can help with cleaning and overseeing the properties, including furnishing and decorating properties and providing welcome packs.
- 9. Support is in place for each family, including interpreters and an appointed support worker to help the families settle in and become integrated. We also check capacity at local GP surgeries and schools to ensure they are able to meet local needs. All refugees are able to work in the UK and are supported to learn English (when not already fluent).
- 10. Funding for the refugee programme comes through the UK Government's International Aid budget and this covers all the costs including furnishing the homes and ensuring refugees have the key essentials to help them start their life here.
- 11. The Government have said they are on target to meet their ambition of resettling 20,000 refugees by 2020 but this relies on the pledges that councils have made being realised and current progress being maintained.
- 12. The number of refugees settled by local authority so far (as at June 2017) under the VPR scheme is shown in Appendix 1. Wiltshire compares well with councils elsewhere those above the council in the table tend to be urban areas with experience of other migration schemes or areas with greater availability of low cost accommodation.
- 13. We are very grateful to public sector partners, the voluntary and community sector, our staff, individual volunteers and for the support of councillors for this scheme over the past two years.

Carolyn Godfrey Corporate Director
