**Subject:** RE: Premises Licence Consultation - The George (narrowboat), Devizes Wharf, Devizes, Wiltshire.

Good morning Jemma

At a Town Council's planning committee earlier this week, the application for a premises licence for The George (narrowboat), Devizes Wharf.

After carefully considering the matter, the committee objects to the application for a premises licence to sell alcohol and provide late night refreshments from the George narrowboat at Devizes Wharf, Devizes as it believes that proposed location on the canal tow path is not appropriate for a licences premises both in terms of safety due to the lack of light and proximity to deep water and narrowness which would result in an unacceptable impact on other users of the tow path. The committee were also concerned that should the licence be granted, it would be to the detriment of other boat users in the area. Furthermore the lack of toilet facility in the area would lead acts of antisocial behaviour.

In additions to the objections set out above, the committee also felt that there was a conflict between the issuing of a licence which gives a specific location and the requirement of narrow boats to continually move during the summer months.

Regards,
