

**Wiltshire Council**

**Council**

**25 February 2020**

---

**From Jo Ripley**

**To Councillor Ian Blair-Pilling- Cabinet Member for IT, Digitalisation and Operational Assets**

**Question (20-06)**

Will Wiltshire Council ensure that, when they make the change to a green energy provider, that it is truly green? I.e. not such as Haven Power, whose energy comes from Drax Power Station, the world's biggest burner of wood for electricity (with much of the wood coming from clear-felling of biodiverse wetland forests in the US) and the UK's single largest carbon emitter.

**A verbal response will be provided at the meeting.**
