## Background

2. Adoption West (AW) started operating on 1 March 2019, as a Regional Adoption Agency (RAA) created by Bath and North East Somerset Council, Bristol City Council, Gloucestershire County Council, North Somerset Council, South Gloucestershire Council and Wiltshire Council as a response to the government’s plans, published in June 2015, to regionalise adoption services across England and Wales.
3. Adoption West is a local authority trading company which is owned by the six local authorities and commissioned by them to provide adoption services. Adoption West is registered with Ofsted as a Voluntary Adoption Agency. Further information can be found on its [website](#).
4. The primary aim of this regionalisation was to deliver an adoption service which offer improved outcomes for both children and those who want to adopt.
5. The scrutiny panel (Adoption West Joint Scrutiny Panel) has been created to act as a critical friend, providing independent scrutiny of the work of AW and making constructive recommendations to ensure that AW meets its performance targets and expectations. The terms of reference for the scrutiny panel are included as Appendix 1.

6. The scrutiny panel is an essential element of assuring democratic accountability for the use of public funds; although it does not fall under the banner of 'Overview and Scrutiny' as defined by the Local Government Act 2000 in that it is not a body jointly formed by the six participating councils.
7. The scrutiny panel reports directly to the AW Board. The AW board will monitor the efficiency of the scrutiny panel, including through this annual report.

### Work undertaken

8. Between May 2020 and January 2021, the scrutiny panel held four meetings (virtual meetings to comply with Covid-19 regulations).
9. From the time the scrutiny panel was created, it was accepted that its first year would be a steep learning curve for its members as the world of adoption is often shrouded in mystery or media and movie-led misconceptions for anyone but those either working in that field or personally touched by adoption.
10. It was therefore also accepted that a significant portion of its work, in the first year, would be gathering knowledge and developing an understanding of both adoption and the implementation of the RAAs (regional adoption agencies).

#### *May 2020 meeting - Understanding "Adoption West"*

11. At its first meeting the scrutiny panel reviewed the process that led to the establishment of AW, AW's purpose, structure and current governance.
12. The scrutiny panel also established which elements of the adoption process were within its remit, as each Local Authority retains responsibility for the permanence planning for looked after children and continues to report to Government on performance in that area. Appendix 2 illustrates the split of responsibility between AW and the local authorities.
13. Finally, the scrutiny panel focused on performance monitoring by considering the October 2019 to March 2020 6-months performance report for AW, as well as the Scorecard data for 2015-2018.
14. The scrutiny panel resolved that some of the priorities identified by AW would also be areas of focus for its work:

- Adopter sufficiency (also a national focus) – having the right number of adopters, but also adopters matching the children awaiting adoption (e.g., sibling groups, older children, BAMES (black, Asian, and minority ethnic), etc.);
- Adoption support - developing clearer adoption support that engages with families as early as possible (rather than at crisis point) and with a focus on preventative actions.

*July 2020 – performance monitoring*

15. The scrutiny panel considered both the AW annual report (2019-20) and development plan (January-March 2020).
16. The scrutiny panel suggested a number of additions to the AW annual report to enable easier and more robust comparison of data (either against national figures, with statistical neighbours or for “year on year” comparison).

*November 2020 – performance monitoring and reporting*

17. The scrutiny panel focused its third meeting on understanding the performance monitoring process followed by AW. This included finding out what data is collected, how it is collected, who it is reported to, and how AW compares nationally (RAA scorecards).
18. The scrutiny panel also reviewed performance monitoring reports previously taken to each of the local authorities forming AW, to consider how this can best be undertaken to develop consistency across AW members.
19. The scrutiny panel resolved to consult with officers in each of the local authority to develop a common “core” report template, which each authority could then expand upon to include information that may be specific to that authority, for processes within adoption that remain the responsibility of the local authorities (Appendix 2 refers).
20. Developing a common template as described in the above paragraph remains an area of work for the scrutiny panel; it is also hoped that the pattern / timing of reporting to each authority could be aligned to ensure that all information on adoption is presented in / around May to all local authorities forming AW, including:
  - Local authority’s performance report with regards to adoption;
  - AW’s annual report;
  - This scrutiny panel’s annual report.
21. This would ensure consistency across AW members, which in turn would enable robust year on year performance monitoring and more robust scrutiny of adoption performance by having all relevant information available at the same time (enabling triangulation of evidence).

*27 January 2021*

22. At its January 2021 meeting, the scrutiny panel considered the April to September 2020 AW's report and made recommendations on content to be included to ensure that effective scrutiny could be carried out (e.g., identifying trends, including comparator data, etc.); although it was recognised, and appreciated, that earlier recommendations made by the scrutiny panel on the format and contents of the AW's reports had been integrated in this report.
23. The scrutiny panel also considered the Adoption UK Adoption Barometer (2020) which offered an insight into the issues faced by adoptive families and how they were feeling with regards to processes and support offered to them.
24. The scrutiny panel noted that adoptive families reported increasing difficulties in adolescence and early adulthood and resolved to focus some of its work on this area (support for adolescent and young adults) in 2021-22. Adoption UK would focus some of its 2021 Adoption Barometer survey on the same topic.
25. The panel then considered this annual report and funding arrangements and resolved to develop its working relationship with AW Board in 2021-22.

#### *Covid-19 impact*

26. At each meeting throughout the year the scrutiny panel monitored the measures put in place to comply with government's guidelines with regards to Covid-19, whilst enabling delivery of services.
27. The scrutiny panel would like to express its recognition of the work undertaken by AW officers to ensure that after an initial (and understandable) short period of delays (March to May 2020), services have carried on being delivered at a high standard and with minimum delays.
28. It was also noted that AW had made the decision to maintain its quoracy for its adoption panels, wherever possible, which the scrutiny panel felt demonstrated a commitment to quality, and AW quickly implemented and supported online meetings to avoid delays in the adoption panels work.

#### **Ambitions for 2021-2022**

29. There were a number of membership changes before the third meeting of the scrutiny panel, and with three of the local authorities within AW holding elections in May 2021, there could be a further significant change in membership.
30. This reinforces the scrutiny panel's commitment to developing its membership to include up to five stakeholders within the "adoption triangle", such as (but not limited to) adoptive parent, adopted young person, adopted adult, birth family member. This would have the dual benefit of deepening the scrutiny panel's understanding of adoption and, hopefully, enable continuity of work through continuity of membership.

31. Having developed an understanding of both adoption and Adoption West over its first year, the scrutiny panel has set its work for 2021-2022 (Appendix 3 – forward work programme). Significant changes of membership could make it difficult for the scrutiny panel to complete its forward work programme (as new members would likely need time to develop their understanding of adoption and Adoption West).
32. A key area of work for the panel in 2021-22 will be to work with all six local authorities to develop a process to ensure that reporting on adoption is co-ordinated as best as possible to enable robust scrutiny (paragraphs 21 to 25 refer).

## **Conclusion**

33. The establishment of the joint scrutiny panel itself is an achievement for 2020-21 and reflects the commitment from the AW Board and from each local authority within AW to independent, and democratically led, scrutiny of the use of public funds.

## **Proposal**

For the scrutiny committees (as listed in paragraph 1.a. above) and the AW board to:

34. Note the annual report 2020-21 of the scrutiny panel and make suggestion on contents to be included for future annual reports and formatting / presentation of the annual report to ensure ease of reading;
35. Note the forward work programme for the scrutiny panel for 2021-22 (Appendix 3) and suggest any amendments or additional areas of focus for the scrutiny panel in 2021-22;

For the scrutiny committees (as listed in paragraph 1.a. above) to note that:

36. The scrutiny panel would like to invite all councillors to read the Adoption Barometer 2020 to gain some understanding of the difficulties and issues faced by adoptive families, as this is likely to inform the support offered, and financed, by adoption agencies (including AW). The Adoption Barometer 2020 can be accessed [here](#), alongside information on the 2019 and 2021 surveys: [Adoption Barometer](#).
