Local Priorities & Updates - Pewsey

Priority	Update
Op Sceptre	Plans are in motion for the annual Op Sceptre – an operation focusing of reducing the harm caused by weapons within our communities, especially focused around knife crime prevention. This will include a range of tactics from amnesty bins located at key locations in the community, to multi-agency enforcement activity against those believed to be carrying or distributing weapons. There is a significant social media strategy in play in order to spread the message as far as possible.
Crime Spike - Harassment	Over the past quarter there has been a significant increase in the reporting of Harassment in Pewsey which on the face of it can be worrying. This is actually due to a very small geographical area where neighbours are currently in dispute with each other and leading to very frequent reporting of offences. There is no wider risk to the community and the parties involved are being spoken to by the police on an almost daily occurrence. This is an example of where context and statistics need to go hand in hand and the wider public should not be concerned. We are working with all parties and partners to resolve the situation as swiftly as possible.
Officer Verification Checks	Following the tragic events of the Sarah Everard murder in London, some of the public have understandably been concerned about the legitimacy of police officers when they are stopped and spoken to. We are working hard to try and rebuild the trust that has been damaged by the actions of one evil individual and have set up a process whereby a member of the public can ask for the officer to verify their business is genuine and lawful. These will be done through the police radio on loudspeaker so that the member of the public can feel reassured. If you have any concerns please ask the officer to do this.
Rural Crime	Hare Coursing and poaching offences increase at this point every year. Our dedicated Rural Crime Team are working hard with partners and the public to catch the offenders. In and around Pewsey specifically although there was an increase in line with the season, we saw a 32% reduction compared to this time last year. It is crucially important that the public report incidents of these nature so that we can effectively tackle and prevent the issue through intelligence profiling.
