Children in Care Council CICC

There are currently over 20 children in care involved.

We have relaunched CICC as an activity club, to maximise participation- our first session was on 12th March climbing wall/ CLA/CL promise consultation

Cooperate parenting is everyone's responsibility, this is why we are now working across directorates to make the offer for our children in care the best out there.

We are working towards the directorates to get the best offer.

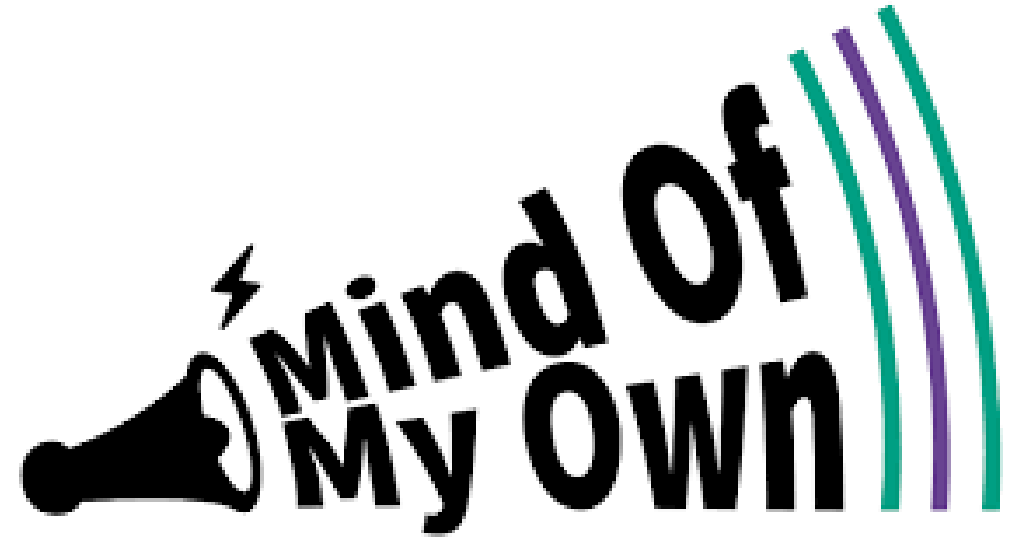

Mind of My Own

The CYV Team has relaunched the award winning Mind of My Own App in Wiltshire which enables us to get the views of young people that are accessing Families and Children's Services.

Within the last 2 quarter periods- Wiltshire improved to become the apps best users out of 450 services across the UK .

We now have Mind of My Own Mondays where staff can take part in an inspirational 2 hour training session which informs them about how to use the app.

Mind Of My Own @MindOfMyOwnApp · 20h

Next up we look at #LocalAuthorities in England where we have a new #DigitalParticipation champion for Q2. Well done to 🏆 place @thurrockcouncil and 🏆 place @tfc Sunderland for your hard work! But our new champions for England ... Wiltshire! @wiltscouncil 🏆+ (3/5)

Star Awards/ Fashion show

Star Awards celebration- 8th April 2022

To highlight the synergy between our children here in England and those in Africa.

All the children in both countries face difficult mental and sometimes physical hurdles, but through it all, they want to give back, to the love and gratification they have received.

Rewarding for all of those taking part.

Including Music performance by Children in Care and their siblings.

Promotes self-esteem

Brings awareness to Fostering and the Tumaini Children's Charity.

To CELEBRATE the children through the awards and through recognition.
