Grant Funding Application Summary

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
ABG955	Community Area Grant	Chippenham Pride CIC	Chippenham Pride CIC	£17800.00	£1400.00
<p>Project Summary: The main purpose and mission statement of our event is to reach out to the small villages surrounding our town to let people of all ages, genders, races & sexualities know that they are not alone. To do this we need to advertise. This will come in the form of door-to-door flyers, radio and newspaper adverts, street banners and posters. All of this comes at cost even with the providing companies giving us discounted rates. This is the main purpose of our funding application. We are set up to provide Chippenham and the 18 surrounding villages with not only a pride event that brings the fun and vibrancy into the town centre but to also celebrate, support, educate and represent all members of the LGBTQIA+ community. Pride events welcome anyone who feels like their sexual identity falls outside the mainstream -- although many straight people join in, too. LGBTQ is an acronym meaning lesbian, gay, bisexual, transgender and queer. The term sometimes is extended to LGBTQIA, to include intersex and asexual groups. Queer is an umbrella term for non-straight people; intersex refers to those whose sex is not clearly defined because of genetic, hormonal or biological differences; and asexual describes those who don't experience sexual attraction. These terms may also include gender-fluid people, or those whose gender identity shifts over time or depending on the situation.</p>					

ABG1097	Community Area Grant	Chippenham Sea Cadets	Tigers Den Appeal	£62562.00	£5000.00
<p>Project Summary: We are needing to replace a very old wooden building with a new set of modular classrooms. The existing building dates from the 1950s and is no longer watertight and therefore cannot be used. This means we cannot offer our young adults a full range of life skills that will help them to become well rounded members of their local community and help them to find work when they enter the workplace.</p>					
ABG1013	Older and Vulnerable Adults Funding	Chippenham Town Council	Over 60s events at the Neeld	£3012.00	£1506.00
<p>Project Summary: We would like to continue to provide an opportunity for older people to experience arts and culture. We provide varying forms of entertainment, along with refreshments (often an afternoon tea) and an activity. The afternoons give people the opportunity to socialise, combatting loneliness. The events are for 40-50 people per session, and we aim to have 4 sessions per year.</p>					

ABG941	Youth Grant	The Stay Safe Initiative CIC	The 2023 Digital Empowerment Programme	£4350.00	£2175.00
------------------------	-------------	---------------------------------	-------------------------------------------	----------	----------

Project Summary:

To help address the ever-growing issue of online harm / abuse and the impact social media is having on young people, for Example.. 1: Online grooming cases in the UK have risen by 80% since the pandemic (NSPCC). 2: The impact social media is having on young people's mental health by being exposed to content promoting self-harm and suicide is increasing every day. Highlighted by the death of Molly Russell 2022. 3: 68% of local young people have told us they know someone who has been a victim of online hate, bullying or sexual harassment. 4: Almost half (48%) of young people we have worked with over the last year have told us that social media and online interactions can have a negative impact on their mental health. Today more than ever, young people and their families need as much direction, advice and support as possible. The Digital Empowerment Programme has been designed to be delivered in secondary schools to enable us to reach hundreds of our communities young people and families and will not only help them to stay safer online, but will also allow them to have a bright and positive digital future. This project has four main elements: ELEMENT 1 - Preparation Prior to us working with anyone all young people are given a voice! Allowing young people to share their own personal thoughts on living in the Digital World and giving them the opportunity to be heard is what shapes all of our work. It's for this reason that before we visit a school, we invite all pupils to take part in an anonymous online student digital life survey. This not only gives us a great insight into our audience, but also allows us to reference lots of the group's thoughts and concerns during our live face-2-face sessions. ELEMENT 2 – Working with the whole family Parenting in the Digital Word 'Virtual sessions' Before we work with young people, we want to bring parents and carers up to speed, to allow them to have a greater understanding of their young people's digital lives. Exploring what they are doing online, understanding the risks, and providing straightforward help and advice to keep everyone at home safer. Knowing that many feel overwhelmed trying to keep up with the constant evolution of games, app's and social media platforms, they are quite understandably worried about online bullying, grooming and what their children are sharing online. This session will allow them to be well informed and NOT scared ELEMENT 3 – 'In school' sessions for young people. These sessions are 100% about them. We will work with every Yr7 and Yr9 student in school. Yr7's 'Keeping up with my growing digital life' Yr9's 'Building a positive digital future' It's by reaching these audiences individually, that we are able to provide age-appropriate advice, direction and support throughout their secondary school journey. All of these sessions are delivered in a professional, relaxed and engaging way and involve audience participation / involvement throughout. It's important to us that our audiences always have the opportunity to be heard and are able share their thoughts and ideas. This allows for open and honest discussions to help promote critical thinking in young people when considering future online activity and behaviour. We don't want to talk AT THEM but instead WITH THEM. We address and discuss issues such as... Social Media Pro's and Con's Online Hate (bullying and hate speech) Online Sexual Harassment (child on child abuse) Online Grooming and interacting with strangers Sexting (sharing indecent images online) Digital Resilience Self-Image and Identity Digital tattoo / footprint (my online future) Getting help and support and more... ELEMENT 4 – Follow on support and evaluation Ongoing Support: Due all live sessions we highlight and signpost a wide range of places both young people and parents can get instant, free, and non judgemental (and in some cases anonymous) advice and support after our visits. To back this up, every student and family at school will be provided this an extensive resource pack with lots of additional information, help and support they can use moving forward. This pack will sign post them to a wide range of charities and support networks should they need them in the future. Evaluation: Following all sessions students and parents will be invited to evaluate what they have learnt and have the opportunity to feedback how useful they found the project. To enable this to be as transparent as possible this follow on evaluation survey will be 100% anonymous to everyone wishing to share their open and honest views. This will allow us to continue to evolve both content and delivery of this project moving forward.
