Community Engagements

Our Engagement Vision

Community Engagement impacts on everything we do

- We use a range of techniques and channels to best connect with our communities to obtain their views on policing in the county
- We work collaboratively with a variety of partners to engage with communities
- We actively encourage and enable people to be part of our policing conversations to help shape our approach, response, policy, and delivery
- We ensure our diverse and under-represented communities have a voice and are represented in conversations
- We demonstrate where we have listened and where we have changed our service because of what our communities are telling us
- We evaluate the success of our engagement activity and learn lessons to improve future engagement

We are inviting you to get to know your Community Policing Team even better. Over the past few months, the communications team and your local officers have been working hard to create new areas on the Force website entitled 'Your Area.' If you've not discovered them yet, the Your Area pages will give you a considerable amount of information about the area in which you live including who your neighbourhood officers and PCSOs are, how to contact them, crime statistics for your area including the top reported crimes and a crime map showing hot spots. If you are interested to know what the local police priorities are you will find them on the pages along with an up-to-date list of meetings and events the team will be attending. You can even find out if there will be speed checks in your area.
