

Wiltshire Council

Health and Wellbeing Board

23 May 2024

Subject: Neighbourhood Collaboratives

Executive Summary

Neighbourhood collaboratives aim to improve health outcomes in communities by bringing together services, partners and residents in a new way. There is the intention to establish twelve or thirteen across Wiltshire within areas loosely defined by each of the Primary Care Network footprints. An update on progress is attached as **Appendix 1**.

Proposal(s)

It is recommended that the Board notes the update.

Reason for Proposal

Neighbourhood Collaboratives are an important priority identified in the [Joint Local Health and Wellbeing Strategy](#) for Wiltshire.

Cabinet recently received an update on a complementary strand of activity ([Community Conversations](#)) taking place at a very local neighbourhood level.

Emma Higgins

**Associate Director – Wiltshire Integrated Care Alliance Delivery Lead
