### **3 Key Principles**

- 3.1 The principles of ‘natural justice’, and Article 6 ‘Right to a Fair Trial’, which is one of the Convention Rights in the Human Rights Act 1998, require that there is a fair Hearing of Applications.
- 3.2 Natural justice is an umbrella term for the legal standards of basic fairness. This will include that:
  - 3.2.1 the Applicant has an opportunity to make representations before a decision is made;
  - 3.2.2 those making representations have an opportunity to voice their representations before a decision is made;
  - 3.2.3 the Applicant has an adequate opportunity to consider and respond to any submissions made by a Responsible Authority/Authorities and/or any person/s who have made a Relevant Representation;

- 3.2.4 the Committee does not exclude an Applicant from a Hearing in order to consider submissions from a Responsible Authority/Authorities and/or any person/s who have made a Relevant Representation.
- 3.3 It is also fundamental that there is an orderly presentation of submissions at a Hearing so that the relevant issues are properly understood, evidence is tested and that oral statements made at the Hearing are accurately recorded.
- 3.4 Ultimately the Chairperson determines the application of these rules, having regard to any submissions being made by those present and in particular the Committee Lawyer.

## **4 The Hearing**

- 4.1 The Hearing shall take place in public.
- 4.1.1 The Committee may exclude the public from all or part of the Hearing where it considers it to be in the public interest to do so and, in accordance with the Local Government (Access to Information) Act 1985, as amended. Public includes a party and any person assisting or representing a party.
- 4.1.2 The Committee may require any person attending the Hearing who, in its opinion, is behaving in a disruptive manner, to leave the Hearing and may:
- A refuse to permit them to return;
  - B permit them to return only on such conditions as the Committee may specify;
  - C in the event that a person is required to leave a Hearing that person may, before the end of the Hearing, submit to the Committee in writing any information which they would have given orally.
- 4.2 Prior to the Hearing commencing, the Chairperson shall advise the parties of the procedure it proposes to follow at the Hearing.
- 4.3 Where a party has previously requested permission for a person(s), other than their representative, to appear at the Hearing then the Committee shall consider whether to permit that request.
- 4.4 The Committee will allow the parties an equal maximum period of time in which to exercise their rights.
- 4.5 This equal maximum time may have been notified in advance of the Hearing;
- 4.6 Where there are a number of people who have attended the Hearing to make the same representation then the Committee would normally require that a spokesperson be appointed by them to make the representations on behalf of all of those who have made Relevant Representations .

## **5 Presentation of Submissions**

- 5.1 The Chairperson will introduce the Application.
- 5.2 In the event that the Licensing Authority has given notice to a party requiring clarification on a point(s) then that party shall respond to the points raised by the Licensing Authority.
- 5.3 Submissions shall be made in the following order unless the Chairperson directs otherwise:
  - 5.3.1 The Licensing Officer will orally present the Committee Report and will in particular advise the Committee as to:
    - A the options available to it;
    - B the considerations that are relevant in reaching its decision.
  - 5.3.2 The Applicant (or the Applicant's Representative) will orally present its submission which may include:
    - A presenting their case in accordance with the papers, which will have been circulated with Agenda papers;
    - B confirming key information and answer pertinent questions; and
    - C calling witnesses in support of the Application (see paragraph 4.3).
  - 5.3.3 A Responsible Authority/Authorities and/or any person/s who have made a Relevant Representation will orally present their representations in turn which shall include:
    - A the grounds of the representation to the Application; and
    - B any condition(s) that the Responsible Authority/Authorities and/or any person/s who have made a Relevant Representation would be happy to have the Application granted subject to which would cause the representation to be withdrawn.

## **6 Questioning of Submissions**

- 6.1 The Chairperson will regulate the order in which questions are asked by Members.
- 6.2 The Chairperson and Members, voiced through the Chairperson, may question any party following the completion of their submission.
- 6.3 The Chairperson will normally permit the Applicant, a Responsible Authority/Authorities or any person/s who have made a Relevant Representation to ask questions through them of the other parties.
- 6.4 The Chairperson may direct that questions which are not relevant to the Application or one of the four Licensing Objectives are not formally put or answered.

## **7 Documentation**

- 7.1 No party shall present new documentation to the Committee at the Hearing other than with the consent of all of the other parties. This does not preclude the Licensing Officer from correcting errors, providing updated information or an extract from a local map showing the Applicant's Premises in the context of the surrounding premises and any person/s who have made a Relevant Representation . If any party is granted permission to present supplementary papers at the Hearing they shall provide at least 10 copies at the start of their submission.

## **8 Intervention**

The Chairperson shall permit the following interventions at any point in the Hearing:

- 8.1 The Committee Lawyer to advise the Committee on issues of law, procedure and relevant considerations on decision making. If necessary, the Chairperson may require the Committee, the Committee Lawyer and the Committee Manager to leave the Hearing so that advice can be given.
- 8.2 The Committee Manager to advise the Committee on procedure generally, or to request that statements made are repeated for reasons of clarity and so that they can be properly recorded.
- 8.3 The Licensing Officer to seek to clarify statements that have been made in light of information held on their file.

## **9 Failure of Parties to Attend Hearing**

- 9.1 If a party has informed the Licensing Authority that it does not intend to attend or be represented at a Hearing, the Hearing may proceed in its absence.
- 9.2 If a party has not indicated that it does not intend to attend or be represented at a Hearing and fails to attend or be represented at the Hearing then the Licensing Authority may:
- 9.2.1 where it considers it be necessary in the public interest, adjourn the Hearing to a specified date; or
- 9.2.2 hold the Hearing in the party's absence.
- 9.3 Where the Licensing Authority holds a Hearing in the absence of a party, it shall consider at the Hearing the application, representations or notice made by that party.

## **10 Closing Submissions**

- 10.1 The Chairperson shall allow first, the Responsible Authority/Authorities and any person/s who have made a Relevant Representation to make a closing oral submission(s) and secondly invite the Applicant or the Applicant's Representative an opportunity to make an oral closing submission in support of the Application.

## **11 Decision**

- 11.1 The Committee, the Committee Lawyer and the Committee Manager, shall retire so that the decision may be considered in private, and to consider any legal issues raised by the Members.
- 11.2 The decision, and reasons for the decision, of the Committee shall be communicated orally by the Chairperson to the parties after the Committee has deliberated in private on the Application.

## **7. Update to Licensing Officer's Report – 21 October 2015**

- 7.1 The hearing on 6 August 2015 commenced with the usual Election of Chair for the hearing and at the point when the Chair asked all those present to introduce themselves, I (Public Protection Officer – Licensing) raised a concern that over the identity of the applicant. The Sub Committee took legal advice and it was agreed by them to adjourn the hearing until such time that the Applicant and his associates could provide adequate identification to Wiltshire Council. Once the Applicant had satisfied the Council of his identification, the hearing was re scheduled for 1 September 2015.
- 7.2 At the reconvened hearing on 1 September 2015, Proactive Learning on behalf of the Applicant - Mr Ibisi gave an account of the works that had been carried out at 1 Bratton Road in a bid to address the representations that had been made.
- 7.3 Mr Loudoun (a neighbour who was present at the hearing) disputed the works that had been carried out and stated the noise from the extractor fan was still excessive and the applicant had also not done anything about the oil and waste from the premises that is on the pavement outside.
- 7.4 The Wiltshire Council Environmental Protection and Control Officers commented that the latest noise monitoring still resulted in the noise from premises being audible from the nearby car park over general daytime noise. It was also stated that the certificate provided in regards of the work carried out did not provide sufficient detail to explain what standard the work were carried out to.
- 7.5 Proactive Learning on behalf of the Applicant requested a further adjournment to allow the Applicant additional time to satisfy the requirements of the abatement notices issued by Environmental Protection and Control.
- 7.6 Following deliberations, the Licensing Sub Committee agreed to a further adjournment.

To whom it may concern

**Ref: Provision of late night refreshment at 1 Bratton Road, Westbury**

I want to complain and reject the application for an extension of licence in the strongest possible terms. The presence of a fast food outlet has caused a deleterious effect to all surrounding residential properties. There are three areas of concern, the smell, the noise and the impact on environmental health. Since opening, the impact has been sustained and unrelenting. The impact can be categorised into those that have a direct impact on the health and well being of the local community. The shop currently opens from 1400 daily with a roar from the fan at the rear of the property which sits directly over my property and provides a sustained source of noise and disgusting smells. On no occasion has the owner of the shop made any attempt to reduce the noise or the exhaust fumes.

The smell now permeates my house and severely restricts my ability to air dry washing during the day. In affect, the fumes have halved our ability to use our garden for drying purposes. I vehemently object to the shop in the first instance, but to increase the hours will add to the smell through the night and cause a persistent smell in our house. We need an opportunity to fumigate.

Since opening the noise has been unbearable. It starts at 1330 Monday-Saturday and 1530 on Sundays and does not stop until at least midnight. The shop appears to be open until midnight currently and I am perplexed as to why they are applying for an extended licence as they appear to be open beyond 2300 anyway. The noise impact is broken into three areas; the fan impact at the rear of the building, the noise and vibration in my home and the late night noise from the shop.

The fan operates from 1330 and persists until at least 2359. There is a constant noise in our back garden that has gotten worse as the fan has been used. It is loud enough to prevent a conversation in the garden and forces us to be louder in an effort to overcome the noise. This creates an upward spiral of noise that impacts both our family and no doubt our neighbours. I would like to petition for the shop to close preferably, or failing that, I would like to petition for the fan to be rebuilt so that the smell and noise is severely abated - the fan should eject into the lane and not over my property.

The second issue is the noise within my house. The fan creates a low level 'hum' that can be heard in my home as soon as the fan operates. It is most acute upstairs in our bedroom. This has forced us to wear ear plugs and re-arrange our bedroom to mitigate the impact. We are already suffering sleep loss due to the noise and to increase their hours and therefore the noise further will have a serious affect on my family's mental health through lack of sleep. In addition, there is a vibration that can be felt in the master bedroom as the fan vibrates through our floorboards which adds to the noise intrusion.

Finally, the late night noise has become an issue. The owners park across the street on a neighbouring property and regularly leave the car running, shout and smoke outside. They have no consideration for the residents that live near by.

We feel trapped in our own home with the operation of the shop. We are unable to avoid the impact of the shop in our house or in our garden. It is incredibly intrusive. We are now unable to open the windows to fumigate the house or cool it down during the day, and unable to open them at night due to the noise at the front. We are trapped.

In an environmental sense I am deeply concerned that the shop is allowed to continue. Since living in my property we have never had an issue with rats. Since the shop has opened we now regularly have rats in our garden (evidence is contained in the attached picture). The shops waste management is very poor and has attracted the rats. We have to regularly clear them from our garden as cats have killed them. I wish to formally complain and report the shop about its waste management. In addition, I would like to report the dangerous material they are leaving in the street. To the rear of the shop they have left containers marked "corrosive", a large metal oil can with an exposed sharp lid that has been cut open and a plastic bottle which they pour their oil into daily. I would like to report illegal dumping of commercial waste. Please see the attached date stamped photos as evidence. To increase their hours will only exacerbate the issue, increase the rubbish and cause a greater environmental impact. I would also add that they have dumped commercial waste in the communal parking area to the rear of 47A and 49A which may also be an environmental health hazard. On one occasion, they used our (and others) domestic waste bin to remove their commercial waste though I can not substantiate this and have no evidence to corroborate it.

The shop's sphere of deleterious influence is far reaching. Its location is inappropriate and its operation has a far-reaching impact in terms of our mental health, the local environmental health and the air and noise pollution. I would argue that rather than allowing the shop to increase its hours, it should be closed for the communal good.

Yours faithfully

Mr and Mrs Loudoun

Carla Adkins, Environmental Health Licensing Section,

Dear Carla Adkins.

We are writing with reference to the application by Mr Refki Ibisi for the grant of a premises licence for 1 Bratton Road, Westbury, Wilts, BA13 3EN.

We would like to voice objection to this proposed provision of late night refreshment.

Our property lies directly opposite this food takeaway, and since its opening a few weeks ago, we have been troubled by the unpleasant cooking smells from this premises which pervade our garden, and house, when our windows are open. This is seriously spoiling our enjoyment of being in the garden, and is intruding on our home.

The takeaway lies at the busy junction of Bratton Road and Edward Street, so any cars drawing up and waiting outside the takeaway not only cause a traffic hazard on this bend, but are also illegally parked.

We understand that Mr Ibisi proposes to extend his trading hours to 2am on three nights of the week, and to midnight on three other nights. We feel this would be unacceptable to us, as we believe that this provision for late night trading will potentially cause an increase in noise, anti social behaviour, litter, and smells, all of which will negatively impact on our lives, especially at such a late hour.

We have had experience of this being the case when the property was previously a takeaway some years ago.

Yours sincerely,

Mr & Mrs N. Dixon.

Dear Ms. Adkins,

We are writing in reference to the application by Mr Refki Ibsi for the grant of premises license for 1 Bratton Road, Westbury, Wilts, BA13 3EN. We would like to voice our objection to this proposed provision of late night refreshment.

Our property is located around the corner of the takeaway and our garden is overlooked by the rear of their property. The primary concerns are:

1. The takeaway extractor fan creates noise pollution in the garden and can be heard through our rear windows even when closed.
2. Cars waiting at the takeaway on Edward Street park illegally and block access to our rear drive.
3. There has been an increase in litter on our property.

The proposed request to extend the opening hours of the takeaway would only succeed in increasing what is already a considerable nuisance. It is also feared that as nothing else would be open in Westbury at those late hours the takeaway would be a magnet for anti-social behaviour.

Best Regards,

Mr and Mrs Craig Ardrey

I am writing with reference to the application by Mr Refki Ibisi for the grant of a premises Licence for 1 Bratton road , Westbury, Wilts BA133EN.

I would like to voice objection to this proposed provision of late night refreshment.

I understand that Mr Ibisi proposes to extend his trading hours to 2am on three nights of the week, this is much to late and not fair for the families who live near by. There will be more noise and antisocial behaviour as we have experienced before when the property was a takeaway a few years ago.

**Subject: Premises License Application for the Corner Food Shop, 1a Bratton Road, Westbury**

---

I would like to make a representation against application for the above mentioned premises license in respect of the level noise of emanating from the kitchen extraction system.

1a Bratton Road is a semi-detached property; the paired property being in residential use. The enclosed garden to the attached residential property includes the area behind the takeaway, so that the takeaway premises and flat above it are positioned right next to the residential garden. The flue is situated on the roof to the back of the takeaway, and sits above the residential garden. The enclosed garden of the residential property is overlooked by other residential properties, so the extract system is very close to people's homes and gardens. (appendix1)

On visiting to assess the noise following a complaint, when stood in the public car park at Westfield House (to the rear of the properties on Bratton Road, with Oddfellows Hall in between) which is approximately 33 meters, the extraction system could be heard. Although the noise was only witnessed inside of one property, due to the extraction's location amongst residential properties and the noise level produced, and representations raised by residents in my professional opinion it is a public nuisance.

Noise from the kitchen extraction has been assessed as the cause of a statutory noise nuisance as defined by section 79(g) of the Environmental Protection Act 1990. To be a statutory nuisance, noise must interfere with a person's enjoyment of their property and occur on a frequent basis. The level of the noise is taken into consideration and whether the 'average person' would find the situation unreasonable. Once a statutory nuisance is established, Environmental Health Officers are obliged by the legislation to serve an abatement notice that requires the person responsible to abate the nuisance. Reasonable time has to be given for compliance with an abatement notice, in this case 12 weeks is being considered for a reasonable timescale for compliance.

Due to noise from the extraction system being a statutory nuisance, and a public nuisance, I would request that the license be refused until the abatement notice is complied with, and the request for a late license reconsidered once the noise has been suitably reduced.

Dear Ms Adkins,

**Re: Complaint of alleged noise nuisance from kitchen extraction**

In reply to your letter dated 22<sup>nd</sup> June, regarding the kitchen extraction at the above premises. I disagree with the noise complaints, but I have called in an extraction engineer to hopefully remedy the noise issue. During this visit I will examine the extending of the flu above roof level so that any fumes will be dispersed of in a much greater area. Also making sure the noise issue is also diminished.

I find the complaints vindictive as the site had been a burger bar for almost 20 years before I bought it, and the business had been operating until 3am. No complaints were ever received to my knowledge and belief during their time of operation.

I do not know any details of the type of extraction or the company that carried out the original installation.

I have tried to contact you via telephone on several occasions but have not managed to get through.

I hope this answers your concerns relating to the noise.

Yours sincerely

Dear Ms Adkins

**Re: Representation received, objecting to my application, for a premises licence.**

The picture of the rat could have been taken anywhere! I have looked around and cannot find any area to match the photo!

I have spoken to my staff, and told them to keep the area tidy at all times.

With reference to the photo taken of my car near bins and a pile of rubbish, I would like to clarify that other than parking my car in this area, for which I have permission, I have no connection with this area what so ever.

The owners of 1 Westbury Road, (opposite) have given me permission to park by the side of their house.

Re; breach of licensing act. When I had posted my application I presumed that I could trade as per the previous owner. He had been trading at this site for some 20 years and who had remained open until the early hours of the morning every day.

I have ceased trading on Sundays and close at 11pm every day!

I will be contacting the people who have made representation to explain to them measures I am taking to address their concerns.

I am bemused by the vitriolic attacks that have been made against me.

Yours sincerely

Dear Sir or Madam

**The Environmental Protection Act 1990**

**Re: Statutory Nuisance from Kitchen Extraction Unit at Corner Food Shop Ltd.**

Following my letter dated the 22<sup>nd</sup> June 2015, to Mr Refki Ibizi, I have visited the complainant to assess noise and odour from the extraction unit at the Corner Food Shop. The noise from the extraction is a statutory nuisance.

I therefore enclose Abatement Notice, which requires that the nuisance be abated within 12 weeks of the date of the notice.

In order to abate the nuisance, it is necessary to make sure the noise level is reduced. The notice requires that as a minimum noise from the unit achieves LAeq<sub>15mins</sub> 35dB and NR30 when measured from mid court yard within the Castle (Please see schedule 2). You should consider achieving this by noise attenuation means, or replacement.

I strongly recommend that you engage the services of a Building and Engineering Services Association (B&ES) registered company that specialise in commercial kitchen extraction systems, and attenuating noise from such systems. Although I cannot recommend any such companies, I enclose a list without prejudice (Appendix 1). It may also be necessary to seek the advice of a noise consultant. The Association of Noise Consultants (ANC) has a website which allows individuals to search for a locally based noise consultancy that is ANC registered. The web address is: [www.association-of-noise-consultants.co.uk](http://www.association-of-noise-consultants.co.uk).

On my visit, wafts of odour from the extract could be detected in the courtyard of The Castle, and was a statutory nuisance. You are advised to consult with a B&ES registered company, and ensure that there is an extraction system in place that does not cause an odour nuisance. The extraction system should conform to advice within 'Guidance on the Control of Odour and Noise from Commercial Kitchen Extracts' (Defra, 2005)

Dear Tony,

<b>Reference No:</b>	<b>15/00509/ENF</b>
<b>Alleged breach:</b>	<b>Breach of condition 01 of planning permission reference W92/1137 dated 8<sup>th</sup> December 1992</b>
<b>Location:</b>	<b>Corner Food takeaway, 1 Bratton Road, Westbury, Wiltshire BA13 3EN</b>

I refer to the above, my recent site visit and our subsequent telephone conversations.

As you know the Council has received representations regarding breaches of planning control at this site, which includes the above matter. I explained the permitted hours of operation over the telephone and sent you a copy of the planning permission. To remind you, condition 01 states:

*"In order to safeguard the amenities of local residents, the premises shall be used for the purposes hereby permitted only between the hours of 0900 and 2300 on each day Mondays to Fridays and between the hours of 0900 to 2330 on Saturdays and no trade shall take place on Sundays."*

The Council continues to receive representations that the premises are routinely open outside of the above hours. If this is correct, it is in breach of planning control and is not acceptable. The condition is liable to be monitored by officers to establish whether any breach is occurring.

In order to remedy this you should:

- a) Cease any trading outside of the permitted hours, or;
- b) apply for planning permission to vary the above condition.

The relevant forms, together with guidance on how to complete them and other information required to support your application, can be found on the Council's website at:

<http://www.wiltshire.gov.uk/planninganddevelopment/planningapplicationformsandfees.htm>

Planning officers are happy to discuss matters and give you advice on preparing your application by appointment, or you may have a planning consultant or architect that you propose to use. Please contact the planning office if you require any help and assistance in completing the forms etc. **However, please note that there is a fee for planning advice or pre-application advice provided by officers.**

Alternatively, further guidance is available on the Council's website at:

<http://www.wiltshire.gov.uk/environmentandplanning/planninganddevelopment.htm>

You are advised to pay close attention to the forms and guidance notes and do your best to submit an application which meets all the requirements to enable it to be registered, including submitting the correct numbers of copies of: the application forms -with the correct ownership certificate completed; accurate scaled plans; correctly coloured location plans; a design and access statement (where necessary) together with the relevant fee. Officers are also happy to check your application prior to submission to address any obvious omissions.

However, you should note that, if your submitted application is not considered capable of being registered and is invalid, it is liable to be returned to you immediately and formal enforcement action is then liable to commence without further notice being given.

Please note that the invitation to submit a planning and listed building application should not be taken as an indication that permission will be forthcoming. That is something for the Council to consider in the light of all the circumstances. However in the event of a refusal you would have the right of appeal to The Planning Inspectorate.

I must also inform you that in the event that the action required by a) or b) above is not carried out within twenty eight days from the date of this letter consideration will be given to formal enforcement action. Please could you advise me on your intended course of action, within the next 14 days.

In the event that enforcement action is taken by the Council, any notice served would be registered against the property and disclosed to prospective purchasers. The absence of planning permission/listed building consent is likely to delay the sale of the property or discourage prospective purchasers in future.

I also advised removal of the A board displayed on the highway. If further representations are received in this respect I will arrange for the board to be removed as an obstruction under highways legislation.

The views expressed in this letter represent an officer's opinion only and are not binding on any future decisions made by elected members of the Council or under powers delegated to officers.

If you wish to discuss the contents of this letter further, please feel free to contact me.

To whom it may concern

My constituent Kate Loudoun of The Castle Inn, Bratton Road, Westbury, BA13 3EN has been in touch about licensing for the neighbouring establishment The Corner Food Takeaway 1 Bratton Road Westbury which I understand is operated by Mr Ibsi. I understand his application is to be determined tomorrow and Ms Loudoun has asked me to write to you.

Ms Loudoun tells me that she and other residents have suffered from the effects of the extractor fan and smell from The Corner Food Takeaway and that the business has been served with a noise abatement order. My constituent attributes litter and illegal parking to it and would consequently be concerned if you found in favour of the applicant.

Yours sincerely,

DR ANDREW MURRISON MP
